Kuccps Cut Off Points In Kenya:

Higher Education Leadership and Governance in the Development of the Creative and Cultural Industries in Kenya Emily Akuno, Otoyondieki, 2017-05-05 The role of higher education in establishing structures and procedures in society and industry is clearly articulated in scholarly discussions. The narrative has recently taken a new momentum in Kenya with acknowledgement of the creative industry involves many youth as an area that impacts on the economy. In unravelling the link between higher education and industry, the authors focus on leadership and governance in higher education and its expected and perceived contribution to the shaping of the creative industry. Through analysis of cases, the authors interrogate the processes and structures that govern the teaching and practice of the creative subjects, noting how these affect the creative industry in Kenya. This document approaches the creative disciplines from the perspectives of the students, lecturers, and university administrators. The three voices provide a balanced view of what higher creative arts education in Kenya is. The multiple authorship of the book further provides a balanced account of the development of these disciplines in higher education and their growth in industry. The key concepts here are the development of the creative industry and how higher education should contribute to the same.

Equality in Kenya's 2010 Constitution Victoria Miyandazi, 2021-02-25 This book makes a significant contribution to the ongoing global conversations on the various understandings of equality. It illuminates the many ways in which diverse equality guarantees clash or are interrelated. It also sets out principled approaches on how they can be coherently interpreted to address the myriad inequalities in Kenya. Taking a comparative approach, the book considers how other jurisdictions including the United States, United Kingdom, Canada, South Africa, India, and Botswana have approached the conceptualisation, interpretation, and application of various equality concepts. The book focuses on important issues such as transformative constitutionalism in relation to the interpretation of Kenya's 2010 Constitution, expanding the list of enumerated grounds for non-discrimination, affirmative action, accommodating religious and cultural diversity, versus gender equality, the interrelation between socio-economic rights and status-based equality.

Negotiating Identities in Contemporary Africa Toyin Falola, Emmanuel M. Mbah, 2023-08-29 *Negotiating Identities in Contemporary Africa: Gender, Religion, and Ethno-cultural Identities* explores the changing dynamics of identities in Africa with a focus on gender, ethno-cultural, and religious identity. Toyin Falola and Emmanuel M. Mbah argue that because identity defines who we are as individuals or groups, studies on African identities must focus on understanding the changing dynamics in the socio-economic and political spheres in the continent. These chapters cover subjects such as women's career identity, gender roles, and knowledge, childlessness, ethnocentrism, and democracy, cultural identity through theater, Black identity in the diaspora, and diasporic consciousness. Using existing scholarship, the chapters in this edited volume challenge our understanding of what identity entails and provide new discussions on the hitherto politicized historiography of some identities in Africa.
