Kukai And His Major Works:

Major Works Kūkai, 1984-04-23 Kukai more commonly known by the honorific Kobo Daishi was one of the great characters in the development of Japanese culture. He was active in literature, engineering, calligraphy, and architecture and is represented in this work in terms of his major effort: the introduction of esoteric Buddhism from China, which resulted in the formation of the Shingon sect still active in Japan. Eight of his works are presented here. **Kukai** Kūkai, 1972 Kukai more commonly known by the honorific Kobo Daishi was one of the great characters in the development of Japanese culture. He was active in literature, engineering, calligraphy, and architecture and is represented in this work in terms of his major effort: the introduction of esoteric Buddhism from China, which resulted in the formation of the Shingon sect still active in Japan. Eight of his works are presented here. The Weaving of Mantra Ryūichi Abé, 1999-06-28 The great Buddhist priest Kūkai 774-835 is credited with the introduction and establishment of tantric or esoteric Buddhism in early ninth century Japan. In Ryūichi Abé examines this important religious figure neglected in modern academic literature. Sacred Mountains of the World Edwin Bernbaum, 2022-03-10 A fascinating exploration of the symbolism of mountains in the mythologies, religions, literature, and art of cultures around the world. **Icons and Iconoclasm in Japanese Buddhism** Pamela D. Winfield, 2013-02-20 Winner of the Association of Asian Studies Southeast Conference Book Prize 2014. Does imagery help or hinder the enlightenment experience? Does awakening involve the imagination or not? Can art ever fully represent the realization of buddhahood? In this study Pamela D. Winfield offers a fascinating comparison of two pre-modern Japanese Buddhist masters and their views on the role of imagery in the enlightenment experience. Kūkai 774-835 believed that real and imagined forms were indispensable to his new esoteric Mikkyō method for becoming a Buddha in this very body (sokushin jōbutsu); yet he also deconstructed the significance of such imagery in his poetic and doctrinal works. Conversely, Dōgen 1200-1253 believed that just sitting in Zen meditation without any visual props or mental elaborations could lead one to realize that this very mind is Buddha (sokushin jōbutsu), but he also privileged select Zen icons as worthy of veneration. In considering the nuanced views of both Kūkai and Dōgen anew, Winfield updates previous comparisons of their oeuvres and engages their texts and images together for the first time. In so doing, she liberates them from past sectarian scholarship that has pigeonholed them into iconographic ritual vs. philological/philosophical categories. She also restores the historical symbiosis between religious thought and artistic expression that was lost in the nineteenth-century disciplinary distinction between religious studies and art history. Finally, Winfield breaks new methodological ground by proposing space and time as organizing principles for analyzing both meditative experience and visual material culture. As a result, this study presents a wider and deeper vision of how Japanese Buddhists themselves understood the role of imagery before, during, and after awakening. *The Princeton Companion to Classical Japanese Literature* Earl Miner, Robert E. Keane, 2016-11-07 In Cultural and Theological Reflections on the Japanese Quest for Divinity John J Keane offers an explanation of Japanese divinity kami using sociology anthropology linguistics literature and history He presents an overview of how the Japanese have sought to love and serve their kami a quest that rivals the interest that the West gives to God The principles of interreligious dialogue are applied to the meaning of kami and a plea is made for a dialogue that respectfully accepts differences between the cultures and the theologies of Eastern and Western thought Important cultural themes are discussed as a part of this quest such as the emperors of Japan and the Japanese Tea Ceremony The work also challenges the understanding of kami as highlighted by Akutagawa Ryunosuke and Endo Shusaku Nature in Asian Traditions of Thought J. Baird Callicott, Roger T. Ames, 1989-04-21 Here Western environmental philosophers and some of our most distinguished representatives of Asian and comparative philosophy critically consider what Asia has to offer The first section provides an ecological world view as a basis for comparison Subsequent sections include chapters by leading contemporary scholars in Chinese Japanese Indian and Buddhist thought that explore the Western perception of Asian traditions the perception that Asian philosophy is a rich conceptual resource for contemporary environmental thinkers *Holy People of the World* Phyllis G. Buddhism in Japan Yashpal, 2008

The Symbolism of the Stupa Adrian Snodgrass, 1992-01-01 In his preface to The Symbolism of the Stupa Prof Craig Reynolds writes The stupa is a symbolic form that pullulates throughout South Southeast and East Asia In its Indian manifestations it is an extreme case in terms of architectural function it has no usable has a basic simplicity In this state of the art study Adrian Snodgrass reads the stupa as a cultural artifact The monument concretizes metaphysical principles and generates multivalent meanings in ways that can be articulated with literary texts and other architectural forms This study analyses a pattern of interrelated meanings generated by the form of the stupa It does so by reference to myth to ritual and to doctrine viewing the architectural form from within the conceptual framework of the tradition to which it belongs This approach involves questions of aim and methodology A deeper understanding of a symbol is gained by studying the grid or net formed by its symbolic homologues The pattern of meaning that emerges from the juxtaposition of cognate symbols does not exhaust the significance of the symbol which is ultimately beyond worlds but it reinforces its intimations indicating a logical cohesion and integrity which in itself is an intimation of the all pervasiveness of Principle It is precisely this pattern of inter reflection or symbols that this study attempts to delineate By bringing together cognate symbols in apposition it attempts to mark out the field of symbolic interactions which the stupa generates

Tantra in Practice David Gordon White, 2000 Tantra in

Practice is the eight volume of Princeton Readings in Religions and the first substantial anthology of Tantric works ever to appear in English. The thirty nine contributors drawn from around the world are leading scholars of Tantra. Each contributor has provided a translation of a key work in most cases translated here for the first time. Each chapter in the volume begins with an introduction in which the translator discusses the history and influence of the work identifying points of particular difficulty or interest. David White has provided a general introduction to the volume that serves as an ideal guide to the riches contained between the covers of this book. He has organized the volume thematically providing fascinating juxtapositions of works from different regions, periods and traditions. Two additional tables of contents are provided organizing the works by tradition and by country of origin. The range of works represented here is remarkable spanning the continent of Asia and the traditions of Hinduism, Buddhism, Jainism and Islam over more than a millennium. With the publication of this volume the long disparaged and neglected Tantric traditions of Asia receive the attention they so rightly deserve. This is a groundbreaking work.
