Maths Literacy Grade 11 Exam Paper 2:

International Perspectives on Teaching and Learning for Mathematical Literacy, 2024-10-02 Mathematics plays an important role in today's world and is used in daily life more than is often appreciated. Mathematical literacy denotes the competence to deal with the mathematical issues of life in modern society. The underlying purpose of this book is to support the development of rich understandings and practices of how an education for mathematical literacy can be realised. The collected works emerging from several educational systems offer a fresh perspective on mathematical literacy and the chapters include practical examples that teachers, pre-service teachers and teacher educators might adapt to their own needs.

The Times Index, 2008. Indexes the Times and its supplements. The Antiracist Educator Pranav Patel, 2022-01-12. In a society that privileges whiteness, racist ideas have become normalised throughout our educational institutions and curriculum. We are not born racist or antiracist; these result from the choices we make. Choosing this book means making a conscious choice to learn about how racism is embedded within the UK education system and deciding to fight against it. Choosing this book starts you on your antiracist journey as a teacher. As a teacher, you are in a position of power. It is the school system which is the starting point for how children learn to view the world and accept knowledge, and you have the power to impact change to create a more inclusive and diverse society. Written by Pran Patel who has nearly 2 decades of teaching experience and is a TEDx speaker, campaigner and blogger, this book is your call to action. Covering a range of important topics such as unconscious bias, stereotyping, assessment and discrimination, and racialised trauma in childhood, this book shows you how to identify and challenge the racist structures in which we are brought up. How to acknowledge the impact and roles you play in upholding racism. What actions can you take as an ally in your everyday life. Becoming antiracist is not a quick fix; it is a lifelong education for you and the children you teach. Let's begin the journey today.
