Ethics: Cases Spanning the Globe Drue H. Barrett,Leonard W. Ortmann,Angus Dawson,Carla Saenz,Andreas Reis,Gail Bolan,2016-04-12 This Open Access book highlights the ethical issues and dilemmas that arise in the practice of public health It is also a tool to support instruction debate and dialogue regarding public health ethics Although the practice of public health has always included consideration of ethical issues the field of public health ethics as a discipline is a relatively new

and emerging area There are few practical training resources for public health practitioners especially resources which include discussion of realistic cases which are likely to arise in the practice of public health This work discusses these issues on a case to case basis and helps create awareness and understanding of the ethics of public health care The main audience for the casebook is public health practitioners including front line workers field epidemiology trainers and trainees managers planners and decision makers who have an interest in learning about how to integrate ethical analysis into their day to day public health practice The casebook is also useful to schools of public health and public health students as well as to academic ethicists who can use the book to teach public health ethics and distinguish it from clinical and research ethics
