Media Warfare Melvin J. Lasky, 2017-09-04 Media Warfare is the concluding volume of Melvin Lasky's monumental The Language of Journalism a series that has been praised as a brilliant and original study in communications and contemporary language. Lasky also relates this interaction of high and low style to the spread of American urban slang, often with Yiddish roots, and sometimes the occasion of anti-Semitic reaction into the common parlance of British, no less than American, journalists. Media Warfare concludes with prescriptive thoughts on how journalism might still be revitalized in a post-profane culture. Witty, timely, and deeply learned, the three volumes of The Language of Journalism are a c
