*Still Learning to Read* Franki Sibberson, Karen Szymusiak, 2016 Foreword by Colby Sharp In the decade since the first edition of *Still Learning to Read* was published the prevalence of testing and the Common Core State Standards have changed what is expected of both teachers and students The new edition of *Still Learning to Read* focuses on the needs of students in grades 3-6 in all aspects of reading workshop including reading workshop read aloud classroom design digital tools fiction nonfiction and close reading The book stays true to its original beliefs of slowing down and knowing our readers but it also takes into account the sense of urgency that changing times and standards impose on classrooms This edition examines current trends in literacy includes a new section on intentional instructional planning and provides expanded examples of mini lessons and routines that promote deeper thinking about learning It also includes a brand new chapter on scaffolding for reading nonfiction and showcases the authors latest thinking on close reading and text complexity Online videos provide glimpses into classrooms as students make book choices work in small groups and discuss their reading notebooks Expanded and updated book lists recommendations for digital tools lesson cycles and sections specifically written for school leaders round out this foundational resource

**Teens Choosing to Read** Gay Ivey, Peter Johnston, 2023 In a sea of troubling reporting about education teaching reading and the wellbeing of teens Ivey and Johnston bring some good news that shows what happens when we stop underestimating young people This accessible book offers an engaging account of a 4 year study of adolescents who went from reluctant to enthusiastic readers These youth reported that reading not only helped them manage their stress but also helped them negotiate happier more

meaningful lives This amazing transformation occurred when their teachers simply allowed them to select their own books invited them to read with no strings attached and provided time for them to do so These students nearly all of whom reported a previously negative relationship with reading began to read voraciously inside and outside of school performed better on state tests and transformed their personal relational emotional and moral lives in the process This illuminating book leads readers on a tour of adolescents reading lives in their own words offering a long overdue analysis of students deep engagement with literature The text also includes research to inform arguments about what students should and should not read and the consequences of limiting students access to the books that interest them through censorship Book Features Links young adults reading engagement with socio emotional and intellectual development Provides nuanced descriptions of teaching practices that facilitate student agency in learning Features student voices that have been absent in debates about what is appropriate for young people to read and under what circumstances Connects student perspectives on reading with positive outcomes of reading to research from other disciplines Illuminates the breadth and depth of the responsibilities of teaching English language arts
