La mortalidad infantil en México durante los años de crisis Héctor Hernández Bringas, 2001 **Los indios de México en el siglo XXI** Héctor Hernández Bringas, 2007 *Población, crisis y perspectivas demográficas en México* Catherine Menkes, Héctor Hernández Bringas, 2005 **Low Income, Social Growth, and Good Health** James C. Riley, 2007-10-09

This book studies the experience of twelve countries that have broken through the limits that low incomes so often impose on human survival China Costa Rica Cuba Jamaica Japan Korea Mexico Oman Panama the former Soviet Union Sri Lanka and Venezuela Most made impressive gains in life expectancy in the decades after 1920 and by 1960 nearly matched the rich countries in survival James C Riley finds that all of these countries enjoyed significant social growth all invested in public health and all gained the people's participation in the effort to improve their own lives and health This innovative analysis suggests an alternative model of growth in which the measure of a nation's success is not its per capita income but the life expectancy of its population **Indigenous Cosmolectics** Gloria Elizabeth Chacón, 2018-09-28 Latin America's Indigenous writers have long labored under the limits of colonialism but in the late twentieth and twenty first centuries they have constructed a literary corpus that moves them beyond those parameters Gloria E Chacón considers the growing number of contemporary Indigenous writers who turn to Maya and Zapotec languages alongside Spanish translations of their work to challenge the tyranny of monolingualism and cultural homogeneity Chacón argues that these Maya and Zapotec authors reconstruct an Indigenous literary tradition rooted in an Indigenous cosmolectics a philosophy originally grounded in pre Columbian sacred conceptions of the cosmos time and place and now expressed in creative writings More specifically she attends to Maya and Zapotec literary and cultural forms by theorizing *kab awil* as an Indigenous philosophy Tackling the political and literary implications of this work Chacón argues that Indigenous writers use of familiar genres alongside Indigenous language use of oral traditions and new representations of selfhood and nation all create space for expressions of cultural and political autonomy Chacón recognizes that Indigenous writers draw from universal literary strategies but nevertheless argues that this literature is a vital center for reflecting on Indigenous ways of knowing and is a key artistic expression of decolonization **Un panorama de la mortalidad infantil en México** Héctor Hernández Bringas, 1991

Cuerpo y transgresión en la modernidad Antonio García de León,2025-02-06 Si bien los cinco textos que constituyen este cuaderno están hechos desde distintas perspectivas y se ocupan de temáticas diversas todos ellos convergen en discutir por un lado y criticar por el otro la concepción moderna del cuerpo que puede trazarse como un gran abanico que va de la condena de su placer posible hasta las acusaciones de su corrupción pasando por mecanismos de represión que pueden llegar a ser tan despiadados como la persecución y el genocidio Asimismo ayudan a entender que lo que por momentos se percibe como transgresión en realidad es un mecanismo de resistencia que invariablemente apela al Eros como expresión misma de la vida Reflexionar sobre el tema y recordar los excesos en que incurre cierta práctica moderna ayuda no sólo a entender y resistir sino también y ante todo incita a cambiar el rumbo por el que el mundo y el país caminan un rumbo que según se mira en cualquier dirección lleva directo al desastre **La industria cañero-azucarera en México** Lucero Jiménez
