

# HOW TO WRITE A THESIS STATEMENT?

## 1. Brainstorm

Begin by brainstorming ideas related to your topic. This is a crucial step that helps in defining your precise opinion and blueprint of reasons.

## 2. Narrowdown:

Based on your brainstorming, narrow down your focus to a specific aspect of your topic.

## 3. Write a working thesis statement:

Craft a working thesis statement based on your narrowed-down focus. This statement doesn't need to be perfect yet, but it should serve as a guide for your research or writing process.

## 4. Refine

As your research progresses, refine your thesis statement. Make sure it clearly communicates your argument and the main points that support it.

## 5. Review and Revise:

Once your essay or research paper is complete, revisit your thesis statement. Ensure it still aligns with the arguments you presented in your paper.
