Grounded More Confessions Of An Angel In Training:

Grounded! Shel Delisle, 2013-07-24 Angel In Training Grace Lightbourne is on cloud nine after receiving her halo only to learn she won't be returning to Earth anytime soon because of a Guardian downsizing. She'd hoped that her apprenticeship meant she was done with Angel School but now she's forced to return to her classes. So it comes as no surprise when she's called to Archangel Michael's office for speaking her mind. It simply means another detention to be served. Instead, she's blessed with a miracle: an opportunity to take a new Assignment in New York City. With only one Mission behind her, can Grace resist the temptations of The Big Apple? **Grounded** the second book in the lighthearted Angel in Training series features your favorite characters from *Winging It*: Mercy, Faith, Aisha, and of course Victor, all supporting Grace as she continues her quest for wings.

Jews and Jewish Life in Russia and the Soviet Union Yaacov Ro'i, 2016-02-11 The main focus of this book is Jewish life under the Soviet regime. The themes of the book include the attitude of the government to Jews, the fate of the Jewish religion, and life in Post World War II Russia. The volume also contains an assessment of the prospects for future emigration.

Soundscapes of the Early Modern Hispanophone and Lusophone Worlds Víctor Sierra Matute, 2025-01-30 This book is an interdisciplinary edited collection that seeks to recognize the radical importance of sound and center it in discussions in the field of early modern studies. Bringing together a collection of case studies related spatially and temporally to specific places or events, the volume explores a gallery of soundscapes mapping the early modern Iberian empires. This transnational and comparative style takes a twofold approach: on the one hand, each study works as a snapshot of the soundscape of a given place and time; on the other, the different entries offer a series of paradigms to systematically approach the tensions and developments related to sound in the early modern period. Ultimately, this volume collects soundscapes from multiple territories and geographies from the kingdoms of the Iberian Peninsula and their expansion throughout the Mediterranean, the Atlantic, and the Pacific. **Soundscapes of the Early Modern Hispanophone and Lusophone Worlds** will be of great value to students and scholars interested in the history of senses, emotions, and theatre, social and cultural history, and early modern history.
