Guarino Guarini's Theatine Architecture Susan Elizabeth Klaiber, 1993 *Historical Dictionary of Francesco Borromini* Lilian H. Zirpolo, 2025-07-10 Francesco Borromini was one of the most notable architects of the 17th century and though he fell into disfavor by the end of the following century today he is classified as one of the most innovative architects in history Although Borromini enjoyed a highly successful career he was already subjected to intense criticism during his lifetime Criticism continued well after Borromini s death when the most often used word to assess his work was bizarre Critics begrudged the fact that in their view Borromini ignored the traditional rules of architecture that had been established by the ancients and revived during the Renaissance era They did not recognize that Borromini was indeed an avid student of both ancient and Renaissance architecture and that he often borrowed elements from these two eras but then applied them to his structures in new and inventive ways It was not until art historians began assessing Borromini s architecture in a sober and nonjudgmental manner in the late 19th century that he was finally given his proper place in the history of architecture This book assesses Borromini s individual commissions following the proper scholarly methodology as well as his biographical details artistic development relationship with his protectors and patrons and external circumstances that might have

determined his artistic output This book emphasizes the innovations Borromini introduced to the field of architecture and how these influenced later artists The Oxford Illustrated History of Italy George Holmes,1997 Traces the history of Italy from the Roman Empire to the present and examines the connections between Italian society politics and culture *The Oxford Dictionary of Architecture* James Stevens Curl,Susan Wilson,2015-02-26 Containing over 6 000 entries from Aalto to Zwinger and written in a clear and concise style this authoritative dictionary covers architectural history in detail from ancient times to the present day It also includes concise biographies of hundreds of architects from history excluding living persons from Sir Francis Bacon and Imhotep to Liang Su ch eng and Francis Inigo Thomas The text is complemented by over 260 beautiful and meticulous line drawings labelled cross sections and diagrams These include precise drawings of typical building features making it easy for readers to identify particular period styles This third edition of The Oxford Dictionary of Architecture has been extensively revised and expanded with over 900 new entries including hundreds of definitions of garden and landscape terms such as Baroque garden floral clock hortus conclusus and Zen garden design Each entry is followed by a mini bibliography with suggestions for further reading The full bibliography to the first edition previously only available online has also been fully updated and expanded and incorporated into this new edition This is an essential work of reference for anyone with an interest in architectural and garden history With clear descriptions providing in depth analysis it is invaluable for students professional architects art historians and anyone interested in architecture and garden design and provides a fascinating wealth of information for the general reader **Historical Dictionary of Baroque Art and Architecture** Lilian H. Zirpolo,2018-03-13 The baroque period deals with the art created roughly between the end of the 16th and the early years of the 18th centuries The masters of the era include Caravaggio Gianlorenzo Bernini Rembrandt Vermeer Diego Velazquez and Nicolas Poussin The Historical Dictionary of Baroque Art and Architecture Second Edition covers the most salient works of baroque artists the most common themes depicted historical events and key figures responsible for shaping the artistic vocabulary of the era and definitions of terms pertaining to the topic at hand This second edition of Historical Dictionary of Baroque Art and Architecture contains a chronology an introduction and an extensive bibliography The dictionary section has over 600 cross referenced entries on famous artists sculptors architects patrons and other historical figures and events This book is an excellent resource for students researchers and anyone wanting to know more about Baroque art Queenship in Europe 1660-1815 Clarissa Campbell Orr,2004-08-12 Publisher Description

The Emergence of Modern Architecture Liane Lefaivre,Alexander Tzonis,2004 In this book Liane Lefaivre and Alexander Tzonis bring together 140 documents spanning a period from the year 1000 to the end of the eighteenth century They argue that Modern Architectural thinking was created during this period a wholly new forma mentis for conceiving buildings landscapes and cities The material includes in addition to the more predictable texts key extracts from architectural treatises handbooks and textbooks material from letters articles from the press of the times scientific memoirs

maxims poems plays and novels Their authors are equally varied architects patrons politicians artists poets scientists priests philosophers and journalists Some describe and systematize some argue and criticize and a large number are eager to present new findings and new ways to construe and construct the world **The 17th and 18th Centuries** Frank N. Magill,2013-09-13 Each volume of the Dictionary of World Biography contains 250 entries on the lives of the individuals who shaped their times and left their mark on world history This is not a who s who Instead each entry provides an in depth essay on the life and career of the individual concerned Essays commence with a quick reference section that provides basic facts on the individual s life and achievements The extended biography places the life and works of the individual within an historical context and the summary at the end of each essay provides a synopsis of the individual s place in history All entries conclude with a fully annotated bibliography
