The Play Behind the Play Maxwell E. Foster, 1998 When Shakespeare wrote Hamlet there was no need to explain complex characterizations he and his cast knew how the play should be performed So now nearly four hundred years later when theatre companies produce Hamlet more and more of them are looking to the First Quarto the original version for inspiration The Play Behind the Play is essential reading for anyone interested in producing or understanding Hamlet as it was first presented Foster takes up in detail the First Quarto which is reproduced in its entirety while discussing the early stories that furnished the play's basic plot He analyzes the First Quarto as a drama then discussed the complications introduced most of them unintentionally by Shakespeare's later revisions In the process readers gain new insight into the play itself observing the play's evolution as it took shape in Shakespeare's mind
