Inclusive Education in a Strengths-Based Era Michael L. Wehmeyer, Jennifer Kurth, 2021-08-03 It's time to focus on what students can do rather than what they can't In this inaugural book in their Inclusive Education for Students with Disabilities series Michael L Wehmeyer and Jennifer A Kurth explore central defining questions for the field of special and inclusive education who what and where do we teach what works in inclusive education and where does inclusive education go now Arguing that the concept of disability for the past fifty years has emphasized students as incapable and incompetent the authors propose instead to build on a growing understanding that students with disabilities can be successful and meet high expectations and that educators have the knowledge and skills to achieve this From this strength based perspective the presumption is that disability is part of and not apart from typical human functioning Using this lens Wehmeyer and Kurth describe effective practices to guide instruction in inclusive settings practices that begin with a consideration of each student's strengths and capacities rather than with a diagnosis

Disability as Diversity in Higher Education Eunyoung Kim, Katherine C. Aquino, 2017-02-03 Addressing disability not as a form of student impairment as it is typically perceived at the postsecondary level but rather as an important dimension of student diversity and identity this book explores how disability can be more effectively incorporated into college environments Chapters propose new perspectives empirical research and case studies to provide the necessary foundation for understanding the role of disability within campus climate and integrating students with disabilities into academic and social settings Contextualizing disability through the lens of intersectionality Disability as Diversity in Higher Education illustrates how higher education institutions can use policies and practices to enhance inclusion and student success
