## **Lochaber A Historical Guide:**

*Lochaber* Paula Martin, 2005 A unique combination of illustrated guidebook and engrossing narrative this is a chronological history of Lochaber from prehistoric times to the present day including maps of the region site plans and illustrations of the major buildings and ruins Lochaber is a sparsely populated area remote but romantic centered on Fort William It contains no mediaeval burgh no major monastic site and for its size not even many castles However it does include the highest mountain in Great Britain Ben Nevis 4406 ft the deepest lake in Western Europe Loch Morar and the most westerly point of the British mainland Ardnamurchan Point Daniel Defoe described it as a mountainous barren and frightful country full of hideous desert mountains Much of the land surface is mountain or bog and its coastline is indented by long sea lochs while the interior contains some very large fresh water lochs the longest of which are Loch Shiel at 17 1 2 miles and Loch Arkaig at 12 miles Only a few intrepid travelers came here before the nineteenth century when roads steam boats and then the railway rapidly opened up the area to tourism It remains to this day a popular destination for all those who are inspired by rugged beauty and romantic scenery *Publications of the Scottish History Society* Scottish History Society, 1917 *A Contribution to the Bibliography of Scottish Topography* Sir Arthur Mitchell, Caleb George Cash, 1917

**Twelve Great Scots and Their Roots** Walter Stephen, 2024-03-01 Twelve Great Scots and their Roots brings together People the Great Scots Place where they were shaped and flourished and Fame their legacy None of the Great Scots was born great There is no Robert the Bruce here no Mary Queen of Scots Although Robert III and James I get a mention There are four knights in the list but they all came from modest beginnings and made their way up the greasy pole by native genius and hard work Two of the Great Scots are still alive and it is particularly satisfying that Dr Jim Swire and Lockerbie are given close attention The Great Scots selected may be celebrated in their own fields and internationally but some may be new to some All are interesting in their own way but one or two pose a puzzle Who turned geology upside down What has number 38 in the Periodic Table of Elements to do with a little Highland village What is a thrum What do a great Canadian city and an obscure hamlet in Mull have in common Familiar or not we have twelve interesting places with twelve interesting and sometimes unlikely stories behind them A feature of the book is its emphasis on first hand observation and thinking for oneself based on evidence Consequently each chapter has a trail so that the reader can check the veracity of the author's stories and even be inspired to cover the ground **A Concise Bibliography of the Printed & Ms. Material on the History , Topography & Institutions of the Burgh, Parish and Shire of Inverness** Peter John Anderson, 1917

*Bulletin* University of Aberdeen. Library, 1918 **Fasti Ecclesiae Scoticanæ** Hew Scott, 1923 *On the Parallel Roads of Lochaber* David Milne-Home, 1876 *Library Bulletin* University of Aberdeen, 1918 *Punishment* Mark Tunick, 1915 What actions should be punished Should plea bargaining be allowed How should sentencing be determined In this original penetrating study Mark Tunick explores not only why society punishes wrongdoing but also how it implements punishment

Contending that the theory and practice of punishment are inherently linked Tunick draws on a broad range of thinkers from the radical criticisms of Nietzsche Foucault and some Marxist theorists through the sociological theories of Durkheim and Girard to various philosophical traditions and the law and economics movement He defends punishment against its radical critics and offers a version of retribution distinct from revenge that holds that we punish not to deter or reform but to mete out just deserts vindicate right and express society's righteous anger Demonstrating first how this theory best accounts for how punishment is carried out he then provides immanent criticism of certain features of our practice that don't accord with the retributive principle Thought provoking and deftly argued Punishment will garner attention and spark debate among political theorists philosophers legal scholars sociologists and criminologists What actions should be punished Should plea bargaining be allowed How should sentencing be determined In this original penetrating study Mark Tunick explores not only why society punishes wrongdoing but also how it implements punishment **The Gentleman's Magazine, and**
