London Secrets And Celebrations:

London Michael Robinson, 2012 Take a virtual tour of London with this book Divided into sections covering historical London parks and gardens landmarks transport and much more from Trafalgar Square to Charles Dickens house the stunning photography and informative text make this the ideal gift or souvenir for Londonophiles **London's Secret Square Mile** David Long, William Russell, Nicholas Lyons, 2011-11-30 The streetscape of London's historic square mile has been evolving for centuries but the City's busy commercial heart still boasts an extensive network of narrow passages and alleyways secret squares and half hidden courtyards Using his wealth of local knowledge historian David Long guides you through these ancient rights of passage many dating back to medieval times or earlier their evocative names recalling old taverns notable individuals and City traditions Hidden behind the glass steel and stone of London's banks and big business these survivors of modern development bear witness to nearly 2 000 years of British history The Secret Lore of London Nigel Pennick, John Matthews, Caroline Wise, 2016-03-24 With a foreword by Iain Sinclair London is an ancient city whose foundation dates back literally thousands of years into the legendary prehistory of these islands Not surprisingly it has accumulated a large number of stories both historic and mythical during this period many of which though faithfully recorded at the time have lain almost forgotten in dusty libraries throughout the city The Secret Lore of London is a guide to the legends including a discussion of their importance as part of the oral tradition of Britain combining Prehistoric Celtic Arthurian Roman Saxon and Norman levels each of which has contributed to the many layered life of the city The first part contains a unique selection of essays some printed here for the first time by experts in their fields each of whom possesses a unique interest in the legends of these islands and who have written widely on associated themes The second part of the book will consist of a Gazetteer of the sites mentioned which are still in existence together with various other sites of associated interest compiled by the Editor the contributors and members of the London Earth Mysteries Group This part will be fully updated and extended to include many more sites The result is a wide ranging and wholly fascinating book with wide sales application possible A series of appendixes will include William Stukeley's extraordinary document The Brill which relates to the ancient prehistoric sites around the area of present day St Pancras and excerpts from some of the best known 19th and early 20th century works on Legendary London by Lewis Spence and Harold Bayley Contributors to the book are Nigel Pennick John Matthews Caroline Wise Caitlin Matthews Carol Clancy R J Stewart Bernard Nesfield Cookson Gareth Knight Robert Stephenson Geraldine Beskin Chesca Potter William Stukeley Lewis Spence Harold Bayley Alan V Insole Ross Nichols **Celebration Capitalism and the Olympic Games** Jules Boykoff, 2013-08-15 The Olympic Games have become the world's greatest media and marketing event a global celebration of exceptional athletics gilded with corporate cash Huge corporations vie for association with the Olympic Image in the hope of gaining a worldwide marketing audience of billions In this provocative critical study of the contemporary Olympics Jules Boykoff argues that the Games have become a massive

planned economy designed to shield the rich from risk while providing them with a spectacle to treasure Placing political economy at the center of the analysis and drawing on interdisciplinary research in sociology politics geography history and economics Boykoff develops an innovative theory of celebration capitalism the manipulation of state actors as partners that drives us towards public private partnerships in which the public pays and the private profits He argues that the Athens Games in 2004 marked the full emergence of celebration capitalism with London 2012 representing its quintessential expression characterized by a state of exception unfettered commercialism repression of dissent questionable sustainability claims and the complicity of the mainstream media Controversial challenging and forthright this book opens up a fascinating new avenue for understanding the contemporary Olympics in the context of global capitalist society It is essential reading for anybody with an interest in the Olympic Games the relationship between sport and society or global politics and culture
