go about their daily housekeeping their adorable food storing tactics or cute exercising on their wheel They are friendly by nature and often have a tamed disposition and relatively clean practices Best of all they can be tamed similar to dogs or cats hamsters will acknowledge their owners presence in return for treats But if they are not handled properly then they may resent being held and possibly will bite If you want to avoid that you need to have a few tricks up your sleeve and that s precisely what this book is going to show you This book will serve as your complete guide to learning how to take care of your hamster as a pet From conditioning it s behavior and proper diet to keeping it in excellent health If you want to provide the best care for your pet hamster everything you need to know to do that can be found in this book So what are you waiting for

Hamster Care : a Comprehensive Hamster Care Guide on Habitat, Training and How to Care for Your Pet

Connor Murphy,2012-06-01 Hamsters make absolutely wonderful pets both for children and for adults They are easy to take care of and very active little creatures that will give their owners joy in taking care of them However when you do decide to take on a hamster as a pet you will need to be ready to take on the responsibility of cleaning their cages at least once a week and expending both the resources and the time in getting the right cage and the appropriate toys and accessories in order to keep them healthy and happy at all times Having a wheel inside a hamster s cage is almost as important to the hamster s wellbeing as the cage itself is This is so due to the fact that hamsters love to run and the wheel gives them the opportunity to do so since you in essence do have them in captivity In addition to a hamster s wheel you can also include other toys in their cage to keep them active and happy By nature rodents love to chew and as such a chew toy should definitely be included in the number of toys you decide to play in your hamster s cage It is also the responsibility of the hamster owner to carry out daily checks in their hamsters to ensure that they are maintaining good health and if not to take them to the vet so that they can get the care they need Hamster owners should equip themselves with all the information they possibly can before actually acquiring one so that when they do they will be able to properly take care of them

About The Author

Connor Murphy simply love hamsters and have been fascinated with all types of rodents even as a young child The antics of these nocturnal animals are what have made him a pet hamster owner from as young as 12 years old In fact Murphy is so taken with hamsters that he will sit and watch them run on their wheels for hours and is continuously surprised at their ability to keep at it for so many hours In his way of thinking if human

beings were even half as dedicated to engaging in physical activities as hamsters are then there would presently not be so many obsess persons in the world He is very passionate about the care and health of hamsters and therefore works tirelessly in trying to ensure their safety and to see to it that they do not have to endure any form of animal cruelty An owner of more than a dozen hamsters himself he is an advocate for them as pets for anyone who is willing to do what is necessary to keep these lovable animals contented and healthy His purpose for writing the book therefore is to allow prospective hamster owners to have a comprehensive look at what it takes to take care of a hamsters the different types of pet hamsters that are available to them and what it takes to be a hamster owner
