Facing the Abyss George Hutchinson, 2018-01-23 Mythologized as the era of the good war and the Greatest Generation the 1940s are frequently understood as a more heroic uncomplicated time in American history Yet just below the surface a sense of dread alienation and the haunting specter of radical evil permeated American art and literature Writers returned home from World War II and gave form to their disorienting experiences of violence and cruelty They probed the darkness that the war opened up and confronted bigotry existential guilt ecological concerns and fear about the nature and survival of the human race In Facing the Abyss George Hutchinson offers readings of individual works and the larger intellectual and cultural scene to reveal the 1940s as a period of profound and influential accomplishment Facing the Abyss examines the relation of aesthetics to politics the idea of universalism and the connections among authors across racial ethnic and gender divisions Modernist and avant garde styles were absorbed into popular

culture as writers and artists turned away from social realism to emphasize the process of artistic creation Hutchinson explores a range of important writers from Saul Bellow and Mary McCarthy to Richard Wright and James Baldwin African American and Jewish novelists critiqued racism and anti-Semitism women writers pushed back on the misogyny unleashed during the war and authors such as Gore Vidal and Tennessee Williams reflected a new openness in the depiction of homosexuality The decade also witnessed an awakening of American environmental and ecological consciousness Hutchinson argues that despite the individualized experiences depicted in these works a common belief in art's ability to communicate the universal in particulars united the most important works of literature and art during the 1940s Hutchinson's capacious view of American literary and cultural history masterfully weaves together a wide range of creative and intellectual expression into a sweeping new narrative of this pivotal decade
