healthcare Leadership and Nursing Contemporary Perspectives 2e presents a global perspective of leadership issues within the Australian context. It builds on the premise that nursing leadership is for all nurses, not just those who are authorised to hold a position within an organisation. In addition, this book explores how leadership is not possible until one has an understanding of self and what motivates others. The text is aimed at senior undergraduate and postgraduate nursing students making the transition to practice, as well as professional nurses seeking to strengthen their clinical practice and governance. Nine entirely new chapters exploring the most up-to-date leadership issues and themes including Leadership and its influence on patient outcomes, Leadership: Developing and sustaining self, Indigenous leadership in nursing, speaking life into each other's spirits, Leadership and empowerment in nursing, Leadership in the era of Interprofessional education in healthcare, Leading development of health policy, Leadership and the role of Professional Organisations, Leading nursing in the Academy, Avoiding derailment, Leadership strategies for identity, reputation and legacy management.

Economics and Financial Management for Nurses and Nurse Leaders, Third Edition Susan J. Penner, 2016-08-28. Written by and for nurses, this key foundational text helps to build the fundamental economics and financial management skills nurses and nurse leaders need for daily use. This third edition delivers several new features adding to its value as the only timely and relevant text written for the full spectrum of RN to BSN, BSN and MSN students. It has been significantly revised to simplify content to address the vast changes in and increasing complexity of U.S. health care financing and to be useful in both traditional in-class format and hybrid and online programs. Two new and refocused chapters address assessing financial health and nurse entrepreneurship and practice management and new material illuminates recent research findings and statistics. Chapters feature worksheets such as business plan checklists and text boxes expanding on key chapter content. The book is distinguished by its provision of case examples based on nurse-run clinic and inpatient nursing unit financial issues. It provides multiple opportunities for experiential learning such as writing business plans and health program grant proposals. It delivers cost-benefit and cost-effectiveness analyses, discusses budget preparation, offers strategies for controlling budget costs, and updates relevant health policies and statistics. The text's engaging format promotes the synthesis of economics and finance across the nursing curriculum through the use of end-of-chapter exercises, discussion questions, and games based on concepts within the text. Additionally, tips throughout the book alert students about the need to apply concepts from other aspects of their education to economic and financial situations. Also included are online supplemental materials for teachers and students, including Excel spreadsheets, grant proposals, a test bank, and PowerPoint slides.

New to the Third Edition: Updates health reform, health care spending, and other relevant policies and statistics. Includes two new and refocused chapters that address assessing the financial health of a business and nurse entrepreneurship and practice management. Highlights recent research findings and key concepts in text boxes.
