Happiness Is Unexpected Answers To Practical Questions In Curious Times:

Happiness Is. Shawn Christopher Shea, 2004-10-01 In this highly entertaining and literate book Shawn Christopher Shea takes us on a provocative journey into the world of practical philosophy applied spirituality and everyday psychology Calling upon more than twenty years of clinical experience fifty years of navigating life's ups and downs and an array of thinkers and pop icons from Alan Watts to Albert Einstein Billy Graham to Bob Dylan the Dalai Lama to the English mystic Julian of Norwich he weaves a gentle compassion and a tart wit into this compelling look at human nature and our never ending quest for happiness Not content with traditional stereotypes of happiness Shea is on a search for a tougher happiness that is present and revitalizing even during times of stress loss and pain He begins with the intriguing twist that happiness is not so much a feeling as it is both an attitude and a feeling He shows how to distinguish between success and happiness emphasizing the importance of embracing life as a series of moments to savor as opposed to a series of goals to achieve For Shea happiness is determined within each moment by five interacting processes our biologies our perspectives our relationships our environments and our spiritual quests These five interacting constantly shifting processes give happiness its fluid nature change one factor and you change them all This matrix effect explains why happiness is often elusive and fleeting It need not be so Using the human matrix Shea shows what it is that limits our ability to find happiness and what it is that allows us to transcend those very same limits Shea demonstrates how an understanding of this human matrix can be used to forge a resilient and enduring attitude of trust and a resulting feeling of confidence and compassion a combination we call happiness Written with elegance wit and a disarming playfulness Shea's surprising answers to difficult questions are not so much things to do as they are creative ways of thinking fresh manners of conceptualizing and innovative approaches to understanding human nature all of which are invaluable tools for finding our own unique answers to the puzzle of happiness A bold dazzling and wonderfully fresh antidote to the simplistic platitudes so common in the self help books of today Shawn Christopher Shea pulls on everything from his clinical practice to arcane philosophy to pop culture as he poignantly answers a most modern question If we're so successful why aren't we happier The end result is deeply affecting often funny and always instructive Destined to inspire an entire generation with the excitement and happiness to be found in the nurturance of compassion and the quest for meaning Paul Farmer M D Ph D Harvard Medical School Following in the groundbreaking footsteps of M Scott Peck's *The Road Less Traveled* Shawn Shea guides us down the road to happiness in his insightful and engaging book I found it very compelling Jack Canfield Co creator of *Chicken Soup for the Soul* This book is in a very special group of works that springing from clinical experience and wisdom moves to expand with wondrous insights the life of all those it touches Juan E Mezzich M D Ph D President Elect World Psychiatric Association A remarkable achievement that is a wonderful blend of science philosophy clinical wisdom and personal anecdote Using a writing style that is enjoyable engaging and incredibly effective Shea has crafted a book that will have an impact and make a difference in many many lives It will
