Lobbying And Policy Change Who Wins Who Loses And Why:

Lobbying and Policy Change Frank R. Baumgartner, Jeffrey M. Berry, Marie Hojnacki, Beth L. Leech, David C.

Kimball, 2009-08-01 During the 2008 election season politicians from both sides of the aisle promised to rid government of lobbyists undue influence For the authors of *Lobbying and Policy Change* the most extensive study ever done on the topic these promises ring hollow not because politicians fail to keep them but because lobbies are far less influential than political rhetoric suggests Based on a comprehensive examination of ninety eight issues this volume demonstrates that sixty percent of recent lobbying campaigns failed to change policy despite millions of dollars spent trying Why The authors find that resources explain less than five percent of the difference between successful and unsuccessful efforts Moreover they show these attempts must overcome an entrenched Washington system with a tremendous bias in favor of the status quo Though elected officials and existing policies carry more weight lobbies have an impact too and when advocates for a given issue finally succeed policy tends to change significantly The authors argue however that the lobbying community so strongly reflects elite interests that it will not fundamentally alter the balance of power unless its makeup shifts dramatically in favor of average Americans concerns

Lobbying and Policy Change Frank R. Baumgartner, 2009

Lobbying and

Policymaking Ken Godwin, Scott H. Ainsworth, Erik Godwin, 2013 Built on interviews with over 100 lobbyists Kenneth Godwin Scott Ainsworth and Erik Godwin show that much of the research on organized interests overlooks the lobbying of regulatory agencies even though it accounts for almost half of all lobbying even though bureaucratic agencies have considerable leeway in the how they choose to implement law This groundbreaking new book argues that lobbying activity is not mainly a struggle among competing interests over highly collective goods rather it s the public provision of private goods Through a series of highly readable case studies the authors employ both neopluralist and exchange perspectives to explore the lobbying activity that occurs in the later stages of the policymaking process which are typically less partisan involve little conflict and receive scant public attention *Lobbying and Policymaking The Public Pursuit of Private Interests* is an ideal way to expose students to cutting edge research in an accessible fascinating package

Handbook on Lobbying and

Public Policy David Coen, Alexander Katsaitis, 2024-08-06 This uniquely comprehensive *Handbook* examines the complex relationship between lobbyists and public policy through an innovative multi analytic lens Emphasising the profound impact of the topic on modern government and contemporary societal issues David Coen and Alexander Katsaitis bring together a wide range of experts to illuminate the contexts and processes involved in public policy and how this interacts with the practice of lobbying

Insiders Versus Outsiders Andreas Dür, Gemma Mateo, 2016 What explains differences in the lobbying behaviour of interest groups And what consequences do these differences have for the access that interest groups can gain to decision makers and the influence that they can exert on policy outcomes Building on an unprecedented amount of empirical evidence on lobbying in Europe this book puts forward a distinction between lobbying insiders and lobbying

outsiders Lobbying insiders most prominently business interests try to establish direct contacts with decision makers enjoy good access to executive institutions and manage to shape policy outcomes when mobilizing the public on an issue is difficult Lobbying outsiders in particular citizen groups such as consumer environmental or health non governmental organizations put greater emphasis on mobilizing the public or changing public attitudes find it easier to gain access to legislative decision makers and have the greatest impact on outcomes on issues that are amenable to an outside lobbying campaign The book shows that a single argument building on group type as the main variable can explain variation across interest groups in their choice of strategy their access to decision makers and the conditions under which they can exert influence The existence of lobbying insiders and lobbying outsiders has important implications for both our understanding of political decision making and the normative appraisal of contemporary democracy

The Handbook of Public Sector Communication
 Vilma Luoma-aho, María José Canel, 2020-02-07 A multidisciplinary collection on global public entity strategic communication Research into public sector communication investigates the interaction between public and governmental entities and citizens within their sphere of influence Today s public sector organizations are operating in environments where people receive their information from multiple sources Although modern research demonstrates the immense impact public entities have on democracy and societal welfare communication in this context is often overlooked Public sector organizations need to develop communicative intelligence in balancing their institutional agendas and aims of public engagement The Handbook of Public Sector Communication is the first comprehensive volume to explore the field This timely innovative volume examines the societal role environment goals practices and development of public sector strategic communication International in scope this handbook describes and analyzes the contexts policies issues and questions that shape public sector communication An interdisciplinary team of leading experts discusses diverse subjects of rising importance to public sector government and political communication Topics include social exchange relationships crisis communication citizen expectations measuring and evaluating media diversity and inclusion and more Providing current research and global perspectives this important resource Addresses the questions public sector communicators face today Summarizes the current state of public sector communication worldwide Clarifies contemporary trends and practices including mediatization citizen engagement and change and expectation management Addresses global challenges and crises such as corruption and bureaucratic roadblocks Provides a framework for measuring communication effectiveness Requiring minimal prior knowledge of the field The Handbook of Public Sector Communication is a valuable tool for academics students and practitioners in areas of public administration public management political communication strategic and organizational communication and related fields such as political science sociology marketing journalism and globalization studies

Corporate Political Behavior Robert Healy, 2014-07-11 Corporate Political Behavior centers on why corporations do what they do in politics The text draws upon insights from the author s forty years of government and political experience

insights placed within an operating framework grounded in the political science and strategic issue management disciplines Robert Healy argues that corporate political behavior results from the interplay of behavioral drivers commercial objectives competitive political advantage corporate political culture and leadership and behavioral enablers political capital corporate political reputation corporate campaign financing and corporate political clout This interplay all functions within a three world environment market non market and internal corporate The book examines how these factors structure a firm s political positioning its business political strategies and its political behavior as it seeks to attain its marketplace goals The text features in chapter side bars events or circumstances or political happenings of which the author either knew or participated along with longer mini cases in which the author also participated or was consulted Each chapter concludes with a summary and takeaway points Corporate Political Behavior will be applicable to courses in political science and in business school courses on strategic issue management policy construction corporate agency and corporate strategy as well as of interest to corporations and practitioners

The Organization Ecology of Interest Communities Darren Halpin, David Lowery, Virginia Gray, 2016-04-29 This volume summarizes the origins and development of the organization ecology approach to the study of interest representation and lobbying and outlines an agenda for future research Multiple authors from different countries and from different perspectives contribute their analysis of this research program

Interest Groups in American Politics Anthony J. Nownes, 2013 Americans rail against so called special interests but at the same time many members of society are themselves represented in one form or another by organized groups trying to affect the policymaking progress This concise but thorough text demonstrates that interest groups are involved in the political system at all levels of government e federal state and local e and in all aspects of political activity from election campaigns to agenda setting to lawmaking to policy implementation Rather than an anomaly or distortion of the political system it is a normal and healthy function of a pluralist society and democratic governance Nonetheless Nownes warns of the dangers of unwatched interest group activity especially in the realms of the electoral process and issue advocacy Interest Groups in American Politics Second Edition is grounded by the role of information in interest group activity a theme that runs through the entire book This much anticipated revision of Nownes tm s text retains a student friendly tone and thoroughly updates the references to interest group research as well as adds a new chapter on the connections between interest groups and political parties Numerous figures and tables throughout the book help students visualize important trends and information

Can America Govern Itself? Frances E. Lee, Nolan McCarty, 2019-06-20 Can America Govern Itself brings together a diverse group of distinguished scholars to analyze how rising party polarization and economic inequality have affected the performance of American governing institutions It is organized around two themes the changing nature of representation in the United States and how changes in the political environment have affected the internal processes of institutions overall government performance and policy outcomes The chapters in this volume analyze concerns about power influence and

representation in American politics the quality of deliberation and political communications the management and implementation of public policy and the performance of an eighteenth century constitution in today s polarized political environment These renowned scholars provide a deeper and more systematic grasp of what is new and what is perennial in challenges to democracy at a fraught moment

Interest Group Design Marcie L. Reynolds, 2019-06-07 In *Interest Group Design* Marcie L. Reynolds examines the evolution of Common Cause the first national government reform lobby Founded in 1970 by John W. Gardner the organization gained influence with Congress and established an organizational culture that lasted several decades External and internal environmental changes led to mounting crises and by 2000 Common Cause s survival was in question Yet fifteen years later Common Cause is a renewed organization with evidence of revival across the U.S. Empirical evidence suggests how Common Cause changed its interest group design but kept its identity in order to survive Utilizing a mixed methods approach to frame and analyze the history of Common Cause Reynolds provides a lens for studying how key aspects of the U.S. political system interest groups collective action lobbying and representation work as environments change She extends work by previous scholars Andrew S. McFarland 1984 and Lawrence Rothenberg 1992 creating a sequence of analytical research about one interest group spanning almost fifty years a unique contribution to political science This thoroughly researched and comprehensive book will be of great interest to those who study political participation and organizational change

Interest Group Politics Allan J. Cigler, Burdett A. Loomis, Anthony J. Nownes, 2019-11-12 *Interest Group Politics* is the only comprehensive collection of articles on interest groups and lobbying written for undergraduates The tenth edition offers 15 new contributions on a variety of topics including classic analyses of how groups organize and seek to affect public policy emerging trends such as the growth of transgender groups and fresh studies that examine how lobbying has evolved in the Trump era No other text or reader provides the breath of coverage or the strength of detail in exploring the world of organized interests from their internal structure to their electoral politics to their lobbying activities The talented scholars in this edition like those in previous volumes continue to seek answers to a host of questions as to how groups evolve how they compete with similar groups how they influence elections and how they lobby across a wide range of issues

The SAGE Encyclopedia of Political Behavior Fathali M. Moghaddam, 2017-05-03 *The SAGE Encyclopedia of Political Behavior* explores the intersection of psychology political science sociology and human behavior This encyclopedia integrates theories research and case studies from a variety of disciplines that inform this established area of study

Interfaith Advocacy Katherine E. Knutson, 2014-02-05 Using the historic Minnesota state government shutdown of 2011 as a backdrop *Interfaith Advocacy* describes the work of the Joint Religious Legislative Coalition an interfaith advocacy group that brings together leaders from Catholic Protestant Jewish and Muslim traditions to advocate on behalf of a range of policies As the nation s first statewide interfaith lobbying group the story of the JRLC facilitates an examination of the role of political advocacy groups in state level American politics what they are how and why

they form how they mobilize citizens to participate in the political process how they work to influence government and what their impact is on American democracy With research based on two years of in depth interviews participant observation and analysis of archival records this volume offers proof that it is possible to build successful long term political coalitions among improbable allies The book investigates both the strengths and weaknesses of this model of advocacy and concludes that the presence of religious advocacy groups in the political process offers substantial benefits of representation concern for underrepresented issues and groups and the development of networks of social capital Interfaith Advocacy is grounded in the theoretical literature of political science but also accessible to all readers who have an interest in political advocacy state politics or religion and politics

How to Do Public Policy Anke Hassel,Kai Wegrich,2022-03-15 How to Do Public Policy offers a guide to students and practitioners on how to improve problem solving with policies in a political world It integrates insights from applied policy analysis and studies of the policy process to develop a framework that conceives policy making as structured by two spheres of action the engine room of specialists and experts in government agencies NGOs research organizations etc on the one hand and the political superstructure of politicians key public stakeholders and the public on the other hand Understanding the different logics of the engine room and the superstructure is key for successful policy making The dual structure of policy making provides a perspective on policy analysis interactive policy analysis and policy making actor centred policy making that moves from the focus on individual and specific measures towards understanding and shaping the relation and interaction between policy interventions the institutional context and the stakeholders involved or affected Part I of the book presents the basic analytical concepts needed to understand the policy process and the structures and dynamics involved in it as well as to understand how and why actors behave the way they do and how to engage with different types of actors Part II moves further into the nuts and bolts of policy making including policy design implementation and evaluation Part III introduces and explores three key aspects of the capacity to make good policies engagement with stakeholders the process of policy coordination in a context of interdependence and the role of institutions

Nonprofits and Advocacy Robert J. Pekkanen,Steven Rathgeb Smith,Yutaka Tsujinaka,2014-07 Does nonprofit mean nonpolitical When the Susan G Komen foundation pulled funding for Planned Parenthood s breast exam program the public uproar brought new focus to the high political and economic stakes faced by nonprofit organizations The missions of 501 c 3 and 501 c 4 organizations political action committees and now Super PACs have become blurred as issues of advocacy and political influence have become increasingly entangled Questions abound Should a nonprofit advocate for its mission and its constituents with a goal of affecting public policy What are the limits of such advocacy work Will such efforts fundamentally jeopardize nonprofit work What can studies of nonprofit advocacy efforts reveal Editors Robert J Pekkanen Steven Rathgeb Smith and Yutaka Tsujinaka recognize the urgent need for relevant research and insight into these issues as direct and indirect government services are squeezed by federal cutbacks Nonprofits and Advocacy defines advocacy and clarifies the

differences among advocacy lobbying political activity and education as well as advocacy measurements Providing original empirical data and innovative theoretical arguments this comparative study is organized into two parts The first part focuses on local and national dimensions of nonprofit advocacy and the second part looks at organizational politics and strategies The conclusion considers basic questions about nonprofit advocacy and seeks to draw lessons from research efforts and practice Providing a critical look at the multidimensional roles and advocacy efforts of nonprofits this volume will be valued by scholars students leaders and activists many of whom advocate for the interests of their organizations while delivering services to their organizations constituents The research is also relevant for policymakers involved in cross sector public policy initiatives as they strive to provide more efficient public private solutions to challenging governance issues

The Oxford Handbook of American Political Parties and Interest Groups L. Sandy Maisel, Jeffrey M. Berry, 2012-01-12 The Oxford Handbooks of American Politics are the essential guide to the study of American political life in the 21st Century With engaging new contributions from the major figures in the field of political parties and interest groups this Handbook is a key point of reference for anyone working in American Politics today

Lobbyists at Work Beth L. Leech, 2014-07-08 Lobbyists at Work is a must read for anyone interested in the serious business of government Leech's probing questions reflect her years of research tracking the real impact of money and influence on policy Thomas Hale Boggs Jr Chairman Patton Boggs LLP Received wisdom has it that lobbyists run the American government on behalf of moneyed interests But what makes lobbyists run and how do they induce legislators and bureaucrats to do their bidding These are questions for which even the harshest critics lack satisfying answers Lobbyists at Work explores what lobbyists really do and why It goes behind the scenes and brings back in depth interviews with fifteen political advocates chosen to represent the breadth and diversity of the lobbying profession The interviewees profiled in this book range from the top lobbyists for hire at the most powerful K Street firms to pro bono lobbyists for the disenfranchised and powerless The roster spans all types of lobbyists working for all types of clients and seeking to influence all levels and branches of government The permutations include business lobbying government government lobbying government government to business revolving door regulatory lobbying state and local lobbying citizen advocacy lobbying single issue lobbying and multiple issue lobbying In colorful and sometimes hilarious detail the interviewees take the reader through their arsenals of traditional and next generation lobbying techniques including face to face persuasion of elected officials and their staffs educational campaigns and coalition building ghost drafting complex legislation and regulation for government committees and agencies contributions and social media campaigns In Lobbyists at Work the normally self effacing subjects open up about themselves and their profession why they chose to become lobbyists what motivates them to keep lobbying how they cultivate their lobbying influence how they adjust to changes in the rules affecting their lobbying methods and what they actually do at work each day and night As an authority on lobbying respected in Washington for her impartiality Professor Beth Leech elicits frank disclosures career tips

and riveting stories about the good the bad and the ambivalent on both sides of the symbiotic relationship between government officials and lobbyists The Economics of Creative Destruction Ufuk Akcigit, John Van Reenen, 2023-08-22

Leading social scientists explore pressing issues monopoly and inequality growth and innovation climate change and fraying social safety nets through the lens of creative destruction Far more than a theory of capitalist dynamics creative destruction proves an important idea for illuminating a wide range of social and political challenges *The Politics of United States Foreign Policy* James M. Scott, Jerel A. Rosati, 2023-06-22

What are the factors that shape and determine the foreign policy choices of the United States The Politics of United States Foreign Policy helps students consider the players processes and politics that drive US decisions and involvement in foreign policy Blending substance theory and stimulating analysis James Scott and Jerel Rosati emphasize that society government and global forces play a role in the struggle over competing values when it comes to foreign policymaking The book discusses historical patterns the president's ability to influence both at home and abroad and the tension between democracy and national security The Eighth Edition has been updated to cover developments since the end of the Trump administration the transition to the Biden administration the challenges of changing international and domestic contexts and the increasingly partisan political environment It also incorporates key recent national and international developments including the global pandemic the Russian invasion of Ukraine US global reengagement and competition between the US and key rivals like China and Russia
