Home Ice Reflections On Backyard Rinks And Frozen Ponds:

Home Ice Jack Falla, 2000-09 There is no shortage of books that describe how participating in a particular sporting activity strengthens bonds between people Falla's book accomplishes this feat through a collection of essays on backyard skating rinks and frozen ponds and how these local skating venues allow their participants to get in touch with the game of hockey in addition to building relationships with family and friends The author a sportswriter and author of *Sports Illustrated Hockey* is the architect and CEO of his full scale backyard rink the Bacon Street Omni around which neighborhood life seems to revolve during the long cold months Each essay is short and provides for excellent recreational reading for people interested in skating in general and hockey in particular Throughout the author's love for winter sports is clear especially as a link between his New England childhood and his current life but readers who have never put on a pair of skates may have trouble connecting with this well written book *Library Journal* [The Catholic Homeschool Companion](#) Maureen Wittmann, Rachel Mackson, 2005 Your one stop resource for information insight and inspiration More than forty veteran homeschooling parents help you foster your children's moral and spiritual development teach kids in special circumstances and handle other common problems homeschoolers face [Wayne Gretzky's Ghost](#) Roy MacGregor, 2012-11-06 Roy MacGregor has been called the best hockey writer in the country and we finally have a collection of his very best hockey writing revised and updated For nearly 40 years Roy MacGregor has brought hockey our national sport alive on the page From tales of the game's greats Guy Lafleur Jean Beliveau Marcel Dionne to today's stars Sidney Crosby Alex Ovechkin Daniel and Henrik Sedin his magazine and newspaper coverage has revealed so much about these and so many other personalities in moments of promise victory and defeat While many of these stories play out on the ice some of the most compelling take place on the home front Mario Lemieux's battle against cancer the many tribulations of Bob Gainey and MacGregor's prose shines especially when focused on the human side of a sport defined by superhuman feats of speed aggression and power Wayne Gretzky's *Ghost* is a personal book and also a book of challenging ideas that Wayne Gretzky through no fault of his own was the worst thing to happen to hockey that CBC's *Hockey Night in Canada* has lost sight of what it is that goaltending has become a position out of all proportion to what was intended And who could offer a better perspective on the game than a writer who playing as a youngster had to face an onrushing phenom from Parry Sound named Bobby Orr or who spent a year ghostwriting a national newspaper column for the Great One himself When it comes to hockey Roy MacGregor has seen and in some cases done it all **Canadian Hockey Literature** Jason Blake, 2010-03-06 Hockey occupies a prominent place in the Canadian cultural lexicon as evidenced by the wealth of hockey centred stories and novels published within Canada In this exciting new work Jason Blake takes readers on a thematic journey through Canadian hockey literature examining five common themes nationhood the hockey dream violence national identity and family as they appear in hockey fiction Blake examines the work of such authors as Mordecai Richler David Adams Richards Paul Quarrington and

Richard B Wright arguing that a study of contemporary hockey fiction exposes a troubled relationship with the national sport. Rather than the storybook happy ending common in sports literature of previous generations, Blake finds that today's fiction portrays hockey as an often glorified sport that in fact leads to broken lives and ironic outlooks. The first book to focus exclusively on hockey in print, *Canadian Hockey Literature* is an accessible work that challenges popular perceptions of a much beloved national pastime.

Nostalgia and Sport Sean Gammon, 2013-05-31 This case study is part of the Contemporary Cases Online series. The series provides critical case studies that are original, flexible, challenging, controversial, and research informed, driven by the needs of teaching and learning.

Going Top Shelf Michael P. J. Kennedy, 2005 *Going Top Shelf* brings together for the first time in one collection some of Canada's best hockey poems and song lyrics. Included are works by such outstanding Canadian poets as Michael Ondaatje, Al Purdy, Margaret Avison, Don Gutteridge, and Lorna Crozier. And for music lovers with a taste for contemporary Canadian music, this entertaining collection includes lyrics by The Tragically Hip, The Rheostatics, Kathleen Edwards, Stompin' Tom Connors, and others. *Going Top Shelf* represents a cross section of Canada's poets and composers ranging from 19th-century romantic poet Sir Charles G. C. Roberts to contemporary pop songstress Jane Siberry. Altogether more than 30 authors and songwriters from across Canada reflect an intriguing diversity of forms and literary expression. Yet in all the poems, ice or the sport played so extensively in Canada, upon it is used to express the ideas, beliefs, and attitudes of this diverse group of Canadian authors. For the poetry scholar, for the lover of good music, for the hockey fan, this is a collection to be enjoyed. Indeed, *Going Top Shelf* represents a literary top shelf of hockey poetry without equal.

Heritage and Sport Gregory Ramshaw, 2019-11-08 This book provides a holistic view of the relationship between heritage and sport. It examines four types of sport heritage: tangible immovable sport heritage (sports venues, monuments, and memorials), landscapes, tangible movable sport heritage (museums and halls of fame), events, living sport heritage, and intangible sport heritage (intangibility of sport heritage, institutions, existential, and goods and services with a sport heritage component). It offers both theoretical and applied approaches to the heritage sport relationship and intersects with many contemporary topics in heritage sport, tourism, events, and marketing. It will be useful to students and researchers in sport, tourism, sport studies, heritage studies, sport history, museum studies, and sports management.

Library Journal, 2001

Sport Tourism Development James Higham, Tom Hinch, 2018-04-23 This book critically explores sport-related tourism, drawing on the fields of sport management, the sociology of sport, consumer behaviour, sports marketing, economic, urban, and sports geography, and tourism studies. It presents multidisciplinary perspectives of sport tourism as structured by the geographical concepts of space, place, and environment. The volume offers a comprehensive update of the discussions presented in the two previous editions, recognising the significant growth in sub-elite participation sports and addressing spectator-based sport events, participation-based sport events, active sport, and sport heritage activities. It aims to advance theoretical thinking on the subject of sport tourism development and critical thinking.
