Revolutionary Mothering Alexis Pauline Gumbs, China Martens, Mai'a Williams, 2016-04-01 Inspired by the legacy of radical and queer black feminists of the 1970s and 80s Revolutionary Mothering places marginalized mothers of color at the center of a world of necessary transformation The challenges we face as movements working for racial economic reproductive gender and food justice as well as anti violence anti imperialist and queer liberation are the same challenges that many mothers face every day Oppressed mothers create a generous space for life in the face of life threatening limits activate a powerful vision of the future while navigating tangible concerns in the present move beyond individual narratives of choice toward collective solutions live for more than ourselves and remain accountable to a future that we cannot always see Revolutionary Mothering is a movement shifting anthology committed to birthing new worlds full of faith and hope for what we can raise up together Contributors include June Jordan Malkia A Cyril Esteli Juarez Cynthia Dewi Oka Fabiola Sandoval Sumayyah Talibah Victoria Law Tara Villalba Lola Mondrag n Christy NaMee Eriksen

Engendering Revolution Rachel Elfenbein, 2019-12-01 In 1999 Venezuela became the first country in the world to constitutionally recognize the socioeconomic value of housework and enshrine homemakers social security This landmark provision was part of a larger project to transform the state and expand social inclusion during Hugo Chavez's presidency The Bolivarian revolution opened new opportunities for poor and working class or popular women's organizing The state recognized their unpaid labor and maternal gender role as central to the revolution Yet even as state recognition enabled some popular women to receive public assistance it also made their unpaid labor and organizing vulnerable to state appropriation Offering the first comprehensive analysis of this phenomenon *Engendering Revolution* demonstrates that the Bolivarian revolution cannot be understood without comprehending the gendered nature of its state society relations Showcasing field research that comprises archival analysis observation and extensive interviews these thought provoking findings underscore the ways in which popular women sustained a movement purported to exalt them even while many could not access social security and remained socially economically and politically vulnerable Congressional Record United States. Congress, 1983 The Congressional Record is the official record of the proceedings and debates of the United States Congress It is published daily when Congress is in session The Congressional Record began publication in 1873 Debates for sessions prior to 1873 are recorded in The Debates and Proceedings in the Congress of the United States 1789 1824 the Register of Debates in Congress 1824 1837 and the Congressional Globe 1833 1873 **Strange Bedfellows** Alison Lefkovitz, 2018-03-21 The impact of law and politics on efforts to redefine family and marriage without relying on traditional

gender norms In the inaugural issue of Ms Magazine the feminist activist Judy Syfers proclaimed that she would like a wife offering a wry critique of the state of marriage in modern America After all she observed a wife could provide Syfers with free childcare and housecleaning services as well as wages from a job Outside the pages of Ms divorced men s rights activist Charles Metz opened his own manifesto on marriage reform with a triumphant recognition that noise is swelling from hundreds of thousands of divorced male victims In the 1960s and 70s a broad array of Americans identified marriage as a problem and according to Alison Lefkovitz the subsequent changes to marriage law at the state and federal levels constituted a social and legal revolution The law had long imposed breadwinner and homemaker roles on husbands and wives respectively In the 1960s state legislatures heeded the calls of divorced men and feminist activists but their reforms such as no fault divorce generally benefitted husbands more than wives Meanwhile radical feminists welfare rights activists gay liberationists and immigrant spouses fought for a much broader agenda such as the extension of gender neutral financial obligations to all families or the separation of benefits from family relationships entirely But a host of conservatives stymied this broader revolution Therefore even the modest victories that feminists won eluded less prosperous Americans marriage rights were available to those who could afford them Examining the effects of law and politics on the intimate space of the home Strange Bedfellows recounts how the marriage revolution at once instituted formal legal equality while also creating new forms of political and economic inequality that historians like most Americans have yet to fully understand Multiple Homemaking Ruben Gowricharn,2020-11-11 This book develops a theoretical perspective on homemaking as the ethnic condition of Indian diaspora communities It draws on empirical case studies to elucidate the multiple homemaking practices of two overseas Indian groups and their relations to their homeland namely the Surinami Hindustanis and the Dutch Hindustanis In doing so it provides a new perspective on homemaking that captures ethnogenesis integration and diasporic bonding at once As opposed to the extant discourse on homemaking which overlooks institutional and cultural requirements the author makes a point to scrutinise such concepts as douglarisation groupism citizenship institutions ethnification social networks and technology and transnational flows Unique and compelling the book will be highly useful in studies of diaspora globalisation and transnational migration multiculturalism cultural studies ethnic minority studies sociology politics and international relations and South Asian studies **Pioneers and Homemakers** Deborah S. Bernstein,2012-02-01 This book deals with the experience and action of Jewish women in the new Jewish settlement in Palestine the Yishuv during the period of Zionist immigration to Palestine from the last two decades of the nineteenth century until 1948 The wide range of topics concern the experience of East European immigrant women as well as that of traditional Yemenite women the creative and radical action of the socialist pioneers of the labor movement as well as the liberal feminism of the middle class women Though based on scholarly research this book brings forth women s voices through their private and public writing

Employed Homemakers Job Satisfaction Arti Samarth, 2018-10-30 This book is based on MRP report to publish. The research is to evaluate the relationship between job satisfaction and social and work conditions of employed homemakers balancing dual responsibilities where there still are significant indicators of the existence of a male dominated culture of misconceptions for women world. During the last decades a developing country modified several technical and economic progress aspects to jobs and families. Though difference could be because of multiple factors like gender discrimination in several levels e.g. income career prospects and access to education. Now it is common to find families where both are working and the traditional roles within the household is slightly changed i.e. acceptance or recognition waned. Among the emerging needs it is the labour flexibility which derives from the fact that the gap between the amounts of time spent on market and nonmarket work for men versus women has narrowed e.g. in 2018 homemakers spent more time on market work and significantly less time on nonmarket work housekeeping. Keeping in mind that to create a better world the action needed at all levels i.e. individual society and organizations. At individual level with values and aspiration while society with responsible approach and humane or effective organization with leadership and management advance the social and economic justice sustainability solutions to national prosperity issues. The author as a senior icon in the field continues to

make meaningful and significant contributions that could only be realized through years of experience and reflection so there is hoping of warm welcome
