*Theorising Performance* Bloomsbury Publishing, 2013-10-16 This exciting collection constitutes the first analysis of the modern performance of ancient Greek drama from a theoretical perspective The last three decades have seen a remarkable revival of the performance of ancient Greek drama some ancient plays Sophocles Oedipus Euripides and Medea have established a distinguished place in the international performance repertoire and attracted eminent directors including Peter Stein Ariane Mnouchkine Peter Sellars and Katie Mitchell Staging texts first written two and a half thousand years ago for all male ritualised outdoor performance in masks in front of a pagan audience raises quite different intellectual questions from staging any other canonical drama including Shakespeare But the discussion of this development in modern performance has until now received scant theoretical analysis This book provides the solution in the form of a lively interdisciplinary dialogue inspired by a conference held at the Archive of Performances of Greek Roman Drama APGRD in Oxford between sixteen experts in Classics Drama Music Cultural History and the world of professional theatre The book will be of great interest to scholars and students of Classics and Drama alike Radio Series Scripts, 1930-2001 ,2015-01-28 Who were the 35 actors that performed with stars Bud Abbott and Lou Costello in radio s The Abbott and Costello Show Do scripts survive for the old Burns and Allen shows or the children s crime fighter series The Green Hornet Serious researchers and curious browsers interested in Golden Age radio will find a wealth of information in this reference collection Most are from the 1930s 1940s and 1950s though subsequent decades are included for long running shows Crime series whodunits romances situation comedies variety shows soap operas quiz show series and others are included Casual browsers will find tidbits on the radio careers of notables from other media Humphrey Bogart Ginger Rogers mention of adaptations by famous authors Jack London Ray Bradbury curious episode titles The Gorilla That Always Said Yeh ah and series titles Whispering Streets and interesting sponsors Insect O Blitz The first section is an alphabetical list of T O Library s significant radio script collections with notes on their content and format The second section is the guide to series scripts by program title Entries include title and basic information including collection s in which they are found producers directors writers musicians and regular cast sponsors and holdings by date episode number and title Increasing the book s usefulness for researchers are indexes by name program and sponsor **The Oxford Handbook of Greek Drama in the Americas** Kathryn Bosher, Fiona Macintosh, Justine McConnell, Patrice Rankine, 2015-11-05 The Oxford Handbook of Greek Drama in the Americas is the first edited collection to discuss the performance of Greek drama across the continents and archipelagos of the Americas from the beginning of the nineteenth century to the present The study and interpretation of the classics have never been restricted by geographical or linguistic boundaries but in the case of the Americas long colonial histories have often imposed such boundaries arbitrarily This volume tracks networks across continents and oceans and uncovers the ways in which the shared histories and practices in the performance arts in the Americas have routinely defied national boundaries With contributions

from classicists Latin American specialists theatre and performance theorists and historians the Handbook also includes interviews with key writers including Nobel Laureate Derek Walcott Charles Mee and Anne Carson and leading theatre directors such as Peter Sellars Carey Perloff Hector Daniel Levy and Heron Coelho This richly illustrated volume seeks to define the complex contours of the reception of Greek drama in the Americas and to articulate how these different engagements at local national or trans continental levels as well as across borders have been distinct both from each other and from those of Europe and Asia

*Mumford, Tate, Eiseley* Gale H. Carrithers, Jr.,1992-01-01 Though of diverse backgrounds and training Mumford Tate and Eiseley shared remarkably concordant and convincing views of the state of twentieth century American society All three considered America to be benighted by a dominant myth the myth of the machine in Mumford's phrase that resulted in cultural degeneration Through an examination of selected works of each critic Carrithers explains how these writers both identified and fought against this myth Carrithers asserts that Mumford Tate and Eiseley in their essays revived prophecy as a mode of expression and as a means of appraising culture in a broad historical context Like the biblical prophets the three concerned themselves not so much with the future as with the present They sought to unmask the falseness the moral emptiness of a reductive abstractive mechanized model of the world Carrithers considers Mumford as he moved from conflicted stances in the four volumes of *The Renewal of Life* to the more assured and comprehensive vision of society he portrayed in the two volume *The Myth of the Machine* He examines Tate's critique of American culture as it developed from his youthful involvement with the Fugitives and Agrarians to in later years an increasingly coherent but comber construal of the world's plight Finally he describes Eiseley's fully emergent rejection of reductive scientism and temporalism a large part of all that is crushing us Eiseley wrote evident in *The Immense Journey* and other books Mumford Tate and Eiseley these watchers in the night all wrote against the grain of most of their contemporaries posing questions about generally accepted current values and proffering alternatives that would make the world a more humane and transcendent place Gale Carrithers thoughtful challenging analysis of their efforts will be required reading for anyone who wishes a better understanding of our age

*The Embassy, the Ambush, and the Ogre* Roberto Morales-Harley,2024-08-29 This volume presents a sophisticated and intricate examination of the parallels between Sanskrit and Greco-Roman literature By means of a philological and literary analysis Morales-Harley hypothesizes that Greco-Roman literature was known understood and recreated in India Moreover it is argued that the techniques for adapting epic into theater could have been Greco-Roman influences in India and that some of the elements adapted within the literary motifs specifically the motifs of the embassy the ambush and the ogre could have been Greco-Roman borrowings by Sanskrit authors This book draws on a wide variety of sources including Iliad Phoenix Rhesus and Cyclops Greco-Roman as well as Mahabharata *The Embassy The Five Nights and The Middle One* Sanskrit The result is a well-supported argument which presents us with the possibility of cultural exchange between the Greco-Roman world and India a possibility which though hypothetical is worth acknowledging Due to its comparative nature this volume will appeal to both Indologists and Classicists including Mahabharata scholars Sanskrit theater scholars and those interested in comparative work with Sanskrit literature It brings an original perspective to the field and provides inspiration for new lines of research      *World and Its Peoples* ,2010 Incorporates every conceivable focus of interest from holidays to health

**Excavating Women** Carina Oliveira Prestes,2025-06-17 Modern readers often look at the past with distorted presuppositions about women s participation in early Christianity However women had a prominent role in society and in religious leadership in the Greco Roman world Excavating Women investigates the leadership of women in Christian churches during the first six centuries of the common era through a study of the archaeological remains Carina Prestes surveys the role of women in Greco Roman society highlighting their importance for Greek and Roman cults and examining funerary remains of the first centuries of the common era to better understand the role of women in Christian communities The archaeological evidence is placed in historical and sociocultural context to avoid characteristic biases of certain media and to allow a nuanced perspective of the history Excavating Women also investigates some of the early Christian mosaics in their contexts based on the study of semiotics the hierarchy of spaces and biblical passages portrayed in them These sources reveal a strong participation of women in the clerical leadership of early Christianity in agreement with the funerary remains Excavating Women impacts the perception of women today not only in Christian circles but also in society at large
