The Symphonic Repertoire, Volume II A. Peter Brown, 2024-03-29 Central to the repertoire of Western art music since the 18th century the symphony has come to be regarded as one of the ultimate compositional challenges Surprisingly heretofore there has been no truly extensive broad based treatment of the genre and the best of the existing studies are now several decades old In this five volume series A Peter Brown explores the symphony from its 18th century beginnings to the end of the 20th century Synthesizing the enormous scholarly literature Brown presents up to date overviews of the status of research discusses any important former or remaining problems of attribution illuminates the style of specific works and their contexts and samples early writings on their reception The Symphonic Repertoire provides an unmatched compendium of knowledge for the student teacher performer and sophisticated amateur The series is being launched with two volumes on the Viennese symphony Volume II The First Golden Age of the Viennese Symphony Haydn Mozart Beethoven and Schubert Volume II considers some of the best known and most universally admired symphonies by Haydn Mozart Beethoven and Schubert who created what A Peter Brown designates as the first golden age of the Viennese symphony during the late 18th and first three decades of the 19th century The last two dozen symphonies by Haydn half dozen by Mozart and three by Schubert together with Beethoven's nine symphonies became established in the repertoire and provided a standard against which every other symphony would be measured Most significantly they imparted a prestige to the genre that was only occasionally rivaled by other cyclic compositions More than 170 symphonies from this repertoire are

described and analyzed in *The First Golden Age of the Viennese Symphony* the first volume of the series to appear
