## **Holy Spirit And Salvation The Sources Of Christian Theology:**

*Holy Spirit and Salvation* Veli-Matti Kärkkäinen, 2010-01-01 Theologians from the early church to the present have written much about the Holy Spirit and Christian salvation This extensive sourcebook of primary theological texts makes many of these writings available with a description of their context and importance Especially valuable are more recent works emerging from theologians in Africa Asia and Latin America This global perspective coupled with the broad selection of writings from the history of theology makes this the most complete collection of primary source material on these topics

**The Holy Spirit -- In Biblical Teaching, Through the Centuries, and Today** Anthony C. Thiselton, 2013-06 The book is divided into three parts Part One provides a thematic analysis and exegetical commentary on all the relevant biblical and cognate literature including Josephus Philo and the Mishnah Part Two investigates the thinking of key Christian theologians on the Holy Spirit from the Apostolic Fathers to eighteenth century authors such as John Wesley and Jonathan Edwards Part Three examines more recent writings on the Spirit from the nineteenth century onwards including major systematic theologians such as Schleiermacher Barth and Moltmann as well as biblical scholars such as James D G Dunn Gordon Fee and Gerd Theissen Thiselton concludes the entire study by identifying seven fundamental themes and calling for greater dialogue between mainstream scholarship and contemporary leaders of the Pentecostal and Renewal movements

**The Doctrine of the Holy Spirit** Yacob Godebo, 2025-07-03 The Scriptures teach the church that in biblical times the coming of the Holy Spirit equally entailed objective gift of divine reality and subjective experience of his presence gifts and works There was objective pouring out and imparting of the Holy Spirit from the divine side and subjective experiential demonstration from the receivers side which resulted from the gifts endowed and power imparted along with the Holy Spirit Having given them either verbally uttered or visibly performed gifts the Holy Spirit then moved believers towards practical demonstration through subjective experience Believers subjective experience took place only as a result of the objective gift of the Holy Spirit and the resulting endowment and empowerment Thus in the objective content of his manifestation the Holy Spirit is the objective gift of God to indwell his people In the subjective content of his manifestation the Holy Spirit endows people with audibly uttered or visibly performed gifts The subjective experience of the Holy Spirit s presence therefore is an original theological input from God just like the objective impartation of the Holy Spirit Practitioners were just objects of divine purpose and their subjective experience was divine provided and divine initiated genuine experience beyond their consciousness and calculation Reception of the Holy Spirit therefore means equally an experience of his presence gifts power and works in the church and in with and through believers from Hosanna to Maranatha

**Essentials of Pentecostal Theology** Tony Richie, 2020-01-20 Only a few decades past academia tended to scoff at the very idea of serious Pentecostal theology Today profound and variegated theological implications of this dynamic movement are the object of exploration and development across the entire spectrum of the Christian theological corpus Arguably an acute need has arisen for

identification and evaluation of the Pentecostal movement's original and ongoing theological essentials. What is Pentecostal theology really all about anyway? This volume realizes that Pentecostal theology is at its heart a working theology undergirding and energizing believers' worship of God in prayer and praise in holy living and in witness to a personal experience of the risen Lord and Savior manifested in the continuing power of the Holy Spirit. Authentic implementation if not explicit articulation of fervent Pentecostal theology often occurs in the vitality of local churches, house fellowships and various mission settings in America and around the world. Birthed in the fires of revival movements, essential Pentecostalism including Pentecostal theology continues to burn brightest wherever it is fueled most directly. *The Holy Spirit* Veli-Matti Kärkkäinen, 2012-10-25. This volume in the Basic Guides to Christian Theology series presents a compact discussion of the Holy Spirit in Christian theology. Written by a leading expert on this doctrine, it begins with biblical perspectives on the Holy Spirit and moves on to describe how the Spirit was understood through the major periods in the history of Christian thought from the early church to the present. It is global in approach and considers contributions from theologians throughout the world. This brief volume provides an excellent overview of how the Holy Spirit has been and is currently understood in Christian theology. *A Shorter Guide to the Holy Spirit* Anthony C. Thiselton, 2016-05-14. Anthony Thiselton's scholarly book *The Holy Spirit In Biblical Teaching through the Centuries and Today* was published to wide acclaim in 2013 and received a 2014 Christianity Today Book Award. This shorter volume makes Thiselton's vast biblical theological knowledge and brilliant insight more accessible to more readers. **The Holy Spirit** Gregg Allison, Andreas J. Köstenberger, 2020-06-01. This book studies the Holy Spirit through the lens of both biblical and systematic theology. *Rediscovering the Holy Spirit* Michael Horton, 2017-04-25. For the Spirit being somewhat forgotten is an occupational hazard. The Holy Spirit is so actively involved in our lives that we can take his presence for granted. As they say, familiarity breeds contempt. Just as we take breathing for granted, we can take the Holy Spirit for granted simply because we constantly depend on him. Like the cane that soon feels like an extension of the blind man's own body, we too easily begin to think of the Holy Spirit as an extension of ourselves. Yet the Spirit is at the center of the action in the divine drama from Genesis 1:2 all the way to Revelation 22:17. The Spirit's work is as essential as the Father's and the Son's, yet the Spirit's work is always directed to the person and work of Christ. In fact, the efficacy of the Holy Spirit's mission is measured by the extent to which we are focused on Christ. The Holy Spirit is the person of the Trinity who brings the work of the Father in the Son to completion. In everything that the Triune God performs, this perfecting work is characteristic of the Spirit. In *Rediscovering the Holy Spirit*, author, pastor and theologian Mike Horton introduces readers to the neglected person of the Holy Spirit, showing that the work of God's Spirit is far more ordinary and common than we realize. Horton argues that we need to take a step back every now and again to focus on the Spirit himself, his person and work, in order to recognize him as someone other than Jesus or ourselves, much less something in creation. Through this contemplation, we can gain a fresh dependence on the Holy Spirit in every area of our

lives      **Theandric and Triune** Ty Kieser, 2024-01-25 Describing Jesus as an agent of divine actions or as one who possesses human agency is commonplace in christological discussions Yet these discussions often wade in a shallow understanding of the terms meanings and the theological implications of such claims For example while many theologians who are committed to the definition of Chalcedon consider Jesus one agent we might ask if this implies that the triune God comprises three agents Or if Christ possesses singular agency how are his divinity and humanity operative in his actions In response this work draws from the theology of John Owen and advancements in philosophy of action in order to offer an account of divine and human agency in christological action from within the Reformed tradition It provides clarity to the christological and trinitarian uses of the language of agent agency in Christ and attends to the theological esp trinitarian entailments therein While at first glance there may appear to be internal inconsistencies with accounts that subscribe to classical trinitarianism and Reformed Christological agency this book argues that Owen helps us recover an understanding of christological agency that is internally coherent and theologically prudent As such the Reformed tradition can articulate Christological agency in a way that is coherent with the testimony of Scripture the ecumenical councils and classical trinitarianism while contributing to contemporary theological discussions The case not only provides terminological clarity and theological coherence but also inclines Christians to appreciate the trinitarian love of God in Christ's action and the human sympathy of Christ for his people      *And in Our Hearts Take Up Thy Rest* Michael Eades, 2019-07-15 In his seminary classes and his writings Frederick Crowe SJ 1915-2012 sought to understand anew the eternal identity of the Holy Spirit and the Spirit's role in the Church's life Despite Crowe's fame as a professor of Trinitarian theology and his groundbreaking work on Thomas Aquinas's doctrine of complacent love as an analogy for the Holy Spirit's eternal procession no book has ever been published on this influential Canadian Jesuit who established centres around the world dedicated to studying the theological writings of Bernard Lonergan SJ 1904-84 Drawing on Crowe's published works and archival materials Eades emphasizes how Crowe's Trinitarian pneumatology creatively extended Lonergan's theology of the Holy Spirit Making use of Crowe's own historical methodology Eades looks for the emergence of new and significant questions about the Holy Spirit in Crowe's works      *The Holy Spirit in the New Testament* Prof John T. Carroll, 2018-03-06 In an area of study that is sometimes neglected and often debated this book offers readers fresh insight through careful attention to the different ways the New Testament writings present and interpret the Spirit of God With Carroll's guidance readers will gain a sense of the identity and activity of the Spirit manifest in the cultures and literature that informed the New Testament and its earliest audiences The author also maps the distinctive views of the Holy Spirit in the New Testament books employing a literary close reading of texts where the Spirit figures prominently Readers discover that for the writers of the New Testament all of life is touched by the Holy Spirit And for human beings this life is lived in the awareness God's presence sustained in hope through adversity and pain open to change and new possibilities and equipped and empowered to act boldly and speak

prophetically by wise Spirit shaped discernment The Spirit in the New Testament is a creative force sustaining fostering and restoring life the first and last word both whispered and even shouted as the divine breath animating embedded and embodied human life and community

**The Holy Spirit and Christian Experience** Simeon Zahl, 2020-06-11 In *The Holy Spirit and Christian Experience* Simeon Zahl presents a fresh vision for Christian theology that foregrounds the relationship between theological ideas and the experiences of Christians He argues that theology is always operating in a vibrant landscape of feeling and desiring and shows that contemporary theology has often operated in problematic isolation from these experiential dynamics He then argues that a theologically serious doctrine of the Holy Spirit not only authorizes but requires attention to Christian experience Against this background Zahl outlines a new methodological approach to Christian theology that attends to the emotional and experiential power of theological ideas This methodology draws on recent interdisciplinary work on affect and emotion which has shown that affects are powerful motivating realities that saturate all dimensions of human thinking and acting In the process Zahl also explains why contemporary theology has often been ambivalent about subjective experience and demonstrates that current discourse about God's activity in the world is often artificially abstracted from experience and embodiment At the heart of the book Zahl proposes a new account of the theology of grace from this experiential and pneumatological perspective Focusing on the work of the Holy Spirit in salvation and sanctification he retrieves insights from Augustine Luther and Philip Melancthon to present an affective and Augustinian vision of salvation as a pedagogy of desire In articulating this vision Zahl engages critically with recent emphasis on participation and theosis in Christian soteriology and charts a new path forward for Protestant theology in a landscape hitherto dominated by the theological visions of Barth and Aquinas

*Reformation Theology* Matthew Barrett, 2017-03-16 Five hundred years ago the Reformers were defending doctrines such as justification by faith alone the authority of Scripture and God's grace in salvation some to the point of death Many of these same essential doctrines are still being challenged today and there has never been a more crucial time to hold fast to the enduring truth of Scripture In *Reformation Theology* Matthew Barrett has brought together a team of expert theologians and historians writing on key doctrines taught and defended by the Reformers centuries ago With contributions from Michael Horton Gerald Bray Michael Reeves Carl Trueman Robert Kolb and many others this volume stands as a manifesto for the church exhorting Christians to learn from our spiritual forebears and hold fast to sound doctrine rooted in the Bible and passed on from generation to generation

**Pneumatology at the Beginning of the Third Millennium** Kevin Wagner, Peter John McGregor, M. Isabell Naumann, 2023-12-01 The Holy Spirit who worked on the first Christian Pentecost continues to work in the church and the world today This being so the field of pneumatology the theology of the Holy Spirit should pique the interest of both the average Christian and the academic theologian perhaps more than it has in recent times This collection of chapters brings pneumatology into conversation with a wide variety of disciplines including scripture patristic and medieval theology and

history The result is a scholarly monograph that enriches both pneumatology and the fields with which each contributor engages Furthermore with its attention on the work of the Spirit in the sacraments and the life of the church Pneumatology at the Beginning of the Third Millennium will help pastors and catechists in their ministries to understand more deeply the riches of the theology of the Third Person of the Trinity *Majority World Theology* Gene L. Green, Stephen T. Pardue, K. K. Yeo, 2020-12-01 More Christians live in the Majority World than in Europe and North America Yet most theological literature does not reflect the rising tide of Christian reflection coming from these regions Bringing together theological resources from past and present East and West this work engages conversations with leading global scholars on theology faith and mission for the enrichment of the entire church **Gregory of Nazianzus' Soteriological Pneumatology** Oliver B. Langworthy, 2019-12-16 Oliver B Langworthy examines the interaction of soteriology and pneumatology in Gregory of Nazianzus thought He shows that this interaction Gregory s soteriological pneumatology is a coherent significant but under examined area of Gregory s thought His study engages in a chronological treatment of a wide range of Gregory s prose and poetic works This allows for the particular character of Gregory s soteriological pneumatology to emerge notably his emphasis on the experience of the Spirit The result is a more complete and nuanced picture of Gregory s theological investment in a divine and truly holy Spirit that is operative in the salvation of the believer **Eastern and Reformed** Abraham Kuruvilla, 2018-09-25 The book looks into the liturgy of the Mar Thoma Church The Mar Thoma Church claims to be eastern and reformed An enquiry is made into the liturgy of the passion week and the Eucharist to look into the theology of Atonement work of Christ and the nature of the Holy Spirit respectively The measuring rod to determine the Eastern and the Reformed nature is the Eastern Fathers such as Gregory Nazianzen Athanasius St Basil etc and the Reformer John Calvin The theology of atonement work of Christ and the nature of the Holy Spirit as laid out in the liturgy of the Mar Thoma Church are compared to the teachings of the Eastern Fathers and Reformer John Calvin Some observations are made and accordingly conclusions are drawn Based on the conclusions some implications are made for the Mar Thoma Church [The Progressive Mystery](#) Myk Habets, 2019-05-22 A careful exploration of how the identity and mission of the Holy Spirit have been progressively revealed throughout Holy Scripture and then interpreted by the Church The Progressive Mystery describes how the Spirit has been revealed understood and interpreted throughout the sweep of Holy Scripture and the ways in which the orthodox understanding of the mission of the Holy Spirit has developed An ideal entr e into the study of pneumatology it introduces readers to the complex history of the theology of the Holy Spirit Ideal for students it takes its place among other introductions to pneumatology as a readable and reliable guide to an elusive topic *The Spirit over the Earth* Green et al, 2016 Though the global center of Christianity has been shifting south and east over the past few decades very few theological resources have dealt with the seismic changes afoot The Majority World Theology series seeks to remedy that lack by gathering well regarded Christian thinkers from around the world to discuss the significance of Christian teaching in

their respective contexts The contributors to this volume reflect deeply on the role of the Holy Spirit in both the church and the world in dialogue with their respective contexts and cultures Taking African Asian and Latin American cultural contexts into account gives rise to fresh questions and insights regarding the Spirit's work as witnessed in the world and demonstrates how the theological heritage of the West is not adequate alone to address the theological necessities of communities worldwide

**The Testimony of the Spirit** R. Douglas Geivett, Paul K. Moser, 2017 The theme of the testimony of the Spirit of God is found in various Biblical writings but it has received inadequate attention in recent theology Biblical studies and the philosophy of religion This book corrects that inadequacy from an interdisciplinary perspective including theology Biblical studies philosophy of religion ethics psychology aesthetics and apologetics The book includes previously unpublished work on the topic of the testimony of the Spirit in connection with its role in Biblical literature an ontology of the Spirit conscience and the voice of God moral knowledge religious diversity and spiritual testimony psychology and neuroscience community and language art and beauty desire and gender apologetics and the church and discernment The book includes a General Introduction that identifies some key theological and philosophical topics that bear on the topic of the testimony of the Spirit and it concludes with a bibliography on the testimony of the Spirit The book pursues its topics in a manner accessible to a wide range of readers from various disciplines including college students educated non academics and researchers
