A History of Plague in Java, 1911-1942 Maurits Bastiaan Meerwijk, 2022-12-15 In A History of Plague in Java 1911-1942 Maurits Bastiaan Meerwijk demonstrates how the official response to the 1911 outbreak of plague in Malang led to one of the most invasive health interventions in Dutch colonial Indonesia Eager to combat disease Dutch physicians and officials integrated the traditional Javanese house into the rat flea man theory of transmission Hollow bamboo frames and thatched roofs offered hiding spaces for rats suggesting a material link between rat plague and human plague Over the next thirty years 1.6 million houses were renovated or rebuilt millions more were subjected to periodic inspection and countless Javanese were exposed to health messaging seeking to rat proof their beliefs along with their houses The transformation of houses villages and people was documented in hundreds of photographs and broadcast to overseas audiences as evidence of the ethical nature of colonial rule proving so effective as propaganda that the rebuilding continued even as better alternatives such as inoculation became available By systematically reshaping the built environment the Dutch plague response dramatically expanded colonial oversight and influence in rural Java

Failures of Forgiveness Myisha Cherry, 2025-11-04 Philosopher Myisha Cherry teaches us the right ways to deal with wrongdoing in our lives and the world Sages from Cicero to Oprah have told us that forgiveness requires us to let go of negative emotions and that it has a unique power to heal our wounds In Failures of Forgiveness Myisha Cherry argues that these beliefs couldn't be more wrong and that the ways we think about and use forgiveness personally and as a society can often do more harm than good She presents a new and healthier understanding of forgiveness one that will give us a better chance to recover from wrongdoing and move toward radical repair Cherry began exploring forgiveness after some relatives of the victims of the mass shooting at Emanuel A.M.E Church in Charleston South Carolina forgave what seemed unforgivable She was troubled that many observers appeared to be more inspired by these

acts of forgiveness than they were motivated to confront the racial hatred that led to the killings That is a big mistake Cherry argues Forgiveness isn't magic We can forgive and still be angry there can be good reasons not to forgive and forgiving a wrong without tackling its roots solves nothing Examining how forgiveness can go wrong in families between friends at work and in the media politics and beyond Cherry addresses forgiveness and race canceling versus forgiving self forgiveness and more She takes the burden of forgiveness off those who have been wronged and offers guidance both to those deciding whether and how to forgive and those seeking forgiveness By showing us how to do forgiveness better Failures of Forgiveness promises to transform how we deal with wrongdoing in our lives opening a new path to true healing and reconciliation
