Is Anybody Out There:

Is Anybody Out There? Nick Gevers, Marty Halpern, 2010-06-01 Beyond our skies and imaginations Are we alone in the universe and if not who else or what else is out there Here are thought provoking stories that explore such questions as Do intelligent species invariably destroy themselves by nuclear war or ecological collapse Are the sentient aliens that do exist just too far away Do they exist in forms beyond our comprehension Are they among us but undetectable These are just some of the possibilities explored by a stellar lineup of contributors

Is Anybody out There? Nigel Bob Collins, 2020-10-08 Are we alone Or is the universe teeming with intelligent life Can we expect extraterrestrial civilizations to be common Occasional Rare In this wide ranging essay writer journalist historian Nigel Bob Collins explores the probabilities of the existence of extraterrestrial technological life based on the latest scientific findings Not content with the well worn assertion that life must be common because there are so many planets Collins undertakes a thorough analysis of just what it would take for technological societies to arise on other planets From quantifying the number of habitable planets to examining the genesis and development of life on this planet to grappling with the emergence of intelligence in our own species Collins leaves no stone unturned The number of scientific topics addressed may appear daunting but the author's non technical sardonic style makes this work imminently readable Though written for the lay reader the findings in this essay may well open the eyes of many in the scientific community

Is Anybody Out There? Jack Gabolinscy, 2013-06-05 Theo like girls and boys all over the world is fascinated by astronomy He dreams of making contact with intelligent beings from outer space He has modified his old computer to send messages throughout the universe for this purpose In this his latest attempt to make contact he has surprisingly successful results
