Is Faith Rational Is Faith Rational

Scott C. Dulebohn

Is Faith Rational Is Faith Rational:

Is Faith Rational? Wessel Stoker, 2006 Is faith rational Some respond by providing proofs for God's existence Others hold that no reasons for the Christian faith can be given This book discusses different ways of accounting for faith i e classical apologetics the transcendental view that faith is part of human nature and the view that argues for the rationality of faith on the basis of direct perceptions of God that appear to be objective The author subsequently proposes a rational accounting for the Christian faith in our secularized and religiously pluralistic society His starting point is the lasting religious experience of believers in everyday life He also discusses the question of how this accounting for faith can function in a world of both secular worldviews and other religions Religious experience is not subjective or arbitrary but rational In these experiences human beings are involved with God Religious experience can be described phenomenologically as an experience that transcends our capacities God reveals himself to people primarily in narratives Narratives have a rational structure and the Gospel narratives provide in narrative form arguments for faith The assent to faith involves the whole person and stamps his life story and conduct Assent to faith is thus affective but that does not exclude its being rational The positive reason for faith lies in experience itself There are no reasons for faith outside the faith itself but this does not mean that there are no points of contact in human existence for the Christian faith *Faith and Rationality* Alvin

Plantinga, Nicholas Wolterstorff, 1983 A collection of essays by contemporary Calvinist philosophers of religion that examine the epistemology of religious belief between Reformed and Roman Catholic philosophers *The Grounds of Christian Faith*

Rational Thomas Mole, 1743 *Rational Faith* Stephen T. Davis, 2016-10-31 Why believe in God Renowned philosopher Stephen Davis argues that belief in God is indeed a rational and intellectually sound endeavor Drawing on a lifetime of rigorous reflection and critical thinking he appraises objections fairly and openly offering thoughtful approaches to common intellectual problems Examine for yourself the rationality of the Christian faith [Is it ever rational to have faith in God](#) Joe Wessh, 2019-08-09 Essay from the year 2019 in the subject Philosophy Theoretical Realisation Science Logic Language grade 4 1 University of California Irvine language English abstract This paper will prove that it is rational to have faith in God The discussion will be based on the basic arguments that have been used over the decades to attest God's existence Over the past years the question regarding rationality and faith in God has dominated many important discussions In fact the question has long been a source of argument amongst individuals who believe in God and those who believe that God exists There is a difference between having faith in God and knowing that He exists Believing in God means that one trusts Him and commits his or her life to Him whereas the belief of God's existence is based on a specific proposition that demonstrates God exists Jordan It can be said that both logic show there is a God Perhaps without God the universe and human beings would not have existed As such the universe is full of God's work which makes one believe in God and His existence **God's Rational**

Warriors Marion Ledwig, 2013-05-02 This book stands in the tradition of philosophers who advance the rationality of faith

Yet this book goes beyond their accounts for it not only defends the view that faith can be termed rational but it also considers the different senses in which faith can be termed rational While this book advances the idea that faith as a general category can be termed rational it does not investigate in a detailed way whether there are arguments for the rationality of particular faiths which would go beyond the arguments for the rationality of faith as a general category Besides discussing whether betting on God in Pascal's wager and believing in miracles are forms of the rationality of faith I will provide unique solutions to the problem of evil and the paradoxes of omnipotence and omniscience

Faith, Rationality and the Passions Sarah Coakley, 2012-07-20 Faith Rationality and the Passions presents a fresh and original examination of the relation of religious faith philosophical rationality and the passions Contributions see leading scholars refute the widely held belief that religious Enlightenment forced passion and reason apart Leading Philosophical experts offer new research on the relation of faith reason and the passions in classic and Enlightenment figures Overturns the widely held presumption that the Enlightenment was responsible for creating a gulf between reason and passion Presents original and innovative research on the importance of the late 19th century creation of the category of emotion and its striking difference from classic ideas of passion Brings together secular science and philosophy of emotion with philosophical theology to seek a new integration of belief emotion and reason

Faith and Reason Ronald H. Nash, 1994-04 This book explores philosophical questions that have important implications for the truth and rationality of the Christian faith

Rationality as Virtue Lydia Schumacher, 2016-03-03 For much of the modern period theologians and philosophers of religion have struggled with the problem of proving that it is rational to believe in God Drawing on the thought of Thomas Aquinas this book lays the foundation for an innovative effort to overturn the longstanding problem of proving faith's rationality and to establish instead that rationality requires to be explained by appeals to faith To this end Schumacher advances the constructive argument that rationality is not only an epistemological question concerning the soundness of human thoughts which she defines in terms of intellectual virtue Ultimately it is an ethical question whether knowledge is used in ways that promote an individual's own flourishing and that of others That is to say rationality in its paradigmatic form is a matter of moral virtue which should nonetheless entail intellectual virtue This conclusion sets the stage for Schumacher's argument in a companion book Theological Philosophy which explains how Christian faith provides an exceptionally robust rationale for rationality so construed and is intrinsically rational in that sense

A Rational Faith Joshua Sijuwade, 2025-03-27 A comprehensive analysis of Richard Swinburne's intellectual journey and philosophical work A Rational Faith explores the legacy of one of the most influential and rigorous philosophical defenders of theism Across Swinburne's written career he has displayed a deep commitment to demonstrating the intellectual credibility of the Christian faith facing modern scientific and philosophical challenges and the materialistic worldview of modern intellectualism Analysing his life and work through in depth accessible explanations of key issues and their context Joshua Sijuwade brings together collected criticism of Swinburne's work and

explores possible counter arguments alongside a foreword by Richard Swinburne himself Suitable for any reader interested in Swinburne s philosophy first approach or those intrigued by a philosophical defence of the Christian faith A Rational Faith reveals Swinburne s life and work as a witness to his belief that belief in the central tenets of the Christian faith is rational

Rational Faith Stephen T Davis,2017-02-17 For keen minds looking for a philosophical look at whether faith in God is a practical way to find meaning in life Idea for proving meat to debates of belief Rational Faith gives you a chance to take an honest and serious look at what modern and classical thought have to say about what faith is and mean and whether it s truly possible If God exists why doesn t he eliminate suffering and evil Does evolution disprove Christianity Can religion be explained by cognitive science People have grappled for ages with these kinds of questions And many in today s academic world find Christian belief untenable But renowned philosopher Stephen Davis argues that belief in God is indeed a rational and intellectually sound endeavour Drawing on a lifetime of rigorous reflection and critical thinking he explores perennial and contemporary challenges to Christian faith Davis appraises objections fairly and openly offering thoughtful approaches to common intellectual problems Real questions warrant reasonable responses Examine for yourself the rationality of the Christian faith

The Venture of Rational Faith Margaret Benson,1908 **Polyphonic Thinking and the Divine** Jim Kanaris,2013 Philosophy of religion is a highly diversified field An apt description of it is zoo It conjures imagery of a species wide cacophony of sights and sounds While some bemoan what this description implies Contributors to this volume appreciate it There is no reason why a zoo should intimate a den of confusion rather than an important condition of emergence and novelty Polyphonic is the catchall term to capture this sentiment It signals a way of thinking that resists the desire to siphon insight into manageable packets of information in the Name of historicity and finitude A polyphonic then is a variegated and discontinuous study that breaks with a tradition that desires continuity and unification without being erratic This volume is an exercise in polyphonic thinking Each contributing scholar develops ideas in connection with his or her research interests Despite the fluctuation of themes symmetry exists as each piece sounds off a core melody of religion and the divine The book contributes to the advancement of current research in contemporary Continental philosophy of religion By juxtaposing articles by cultural theorists and philosophers of religion religionists and theologians the book emphasizes the importance of interdisciplinary and polyphonic conversation to the development of matters of topical interest and issues related to method and ethics in religious studies and theology

The End of Religion: The Coming Collapse of Organized Faith Pasquale De Marco,2025-05-01 In *The End of Religion The Coming Collapse of Organized Faith* Pasquale De Marco takes a critical look at the role of religion in the modern world Pasquale De Marco argues that organized religion is facing a number of serious challenges including the rise of secularism the problem of evil and suffering and the problem of religious diversity Pasquale De Marco also examines the problem of religious violence the problem of religious authority and the problem of religious dogma Pasquale De Marco argues that these problems are inherent to organized religion and that they

cannot be solved without a fundamental change in the way that we think about religion Pasquale De Marco concludes by arguing that the future of religion is uncertain It is possible that organized religion will continue to decline in the years to come However it is also possible that religion will find a new way to adapt to the challenges of the modern world Only time will tell what the future holds for religion But one thing is for sure the role of religion in the world is changing And it is up to us to decide what kind of role religion will play in the future The End of Religion The Coming Collapse of Organized Faith is a must read for anyone who is interested in the future of religion Pasquale De Marco provides a clear eyed and thought provoking analysis of the challenges facing organized religion today Pasquale De Marco also offers a number of insights into the possible future of religion Whether you are a believer or not The End of Religion The Coming Collapse of Organized Faith is a book that will challenge your thinking about religion Pasquale De Marco raises important questions about the role of religion in the modern world Pasquale De Marco also offers a number of thought provoking ideas about the future of religion The End of Religion The Coming Collapse of Organized Faith is a timely and important book It is a must read for anyone who is interested in the future of religion If you like this book write a review on google books [On Faith, Rationality, and the Other in the Late Middle Ages](#): Gergely Tibor Bakos,2011-01-01 On Faith Rationality and the Other in the Late Middle Ages is an investigation of Nicholas of Cusa that seeks a deeper understanding of this important medieval intellectual and his importance for us today One of Gergely Bakos s primary aims in this study is to understand Nicholas of Cusa s important and underexamined dimensions of his approach to dialogue with Islam The framework and the methodology that informs this investigation was inspired by the late Professor Jos Decorte 1954 2001 a Flemish philosopher and mediaevalist at the Catholic University of Leuven in Belgium Bakos carefully exposit his method of approaching medieval thought Part One and then applies and tests this method in practice Part Two The most extensive part of this study offers a sketch of the historical background of Nicholas s dialogue with Islam and investigates what possibilities this approach offers All of this is placed in dialogue with two other mediaeval approaches to Islam Thomas Aquinas and Ram n Lull The nal chapters discuss Nicholas of Cusa s project from a perspective offered by his mystical theology The book culminates in an exploration of the possibilities of Nicholas of Cusa s approach by testing the framework of the study Finally the author evaluates the application of his own approach Part Three The study ultimately has two purposes to contribute to a better understanding of Nicholas of Cusa s thought on the one hand and on the other to test a particular methodology and interpretative framework for the understanding of mediaeval culture *Faith, Reason, and Beyond Reason* Mark J. Boone,2024-07-16 The relationship between faith and reason is multifaceted Faith transcends reason in that it is more than reason alone can contain or fully guarantee yet it is neither unreasonable nor something to which reason is irrelevant and reason says some pretty fine things about it This volume updates nine previously published articles on faith and reason by a Christian philosopher who has been studying these matters for two decades alongside one new essay and a philosophical dialogue These articles explain and

integrate key ideas on faith and reason including Alvin Plantinga's account of how Christian belief can be knowledge even without evidence defenses of faith from Augustine and William James accounts of empirical evidence for faith from different world religions the distinction between faith and sight in the New Testament the structure of the evidence for the authority of the Bible the idea that faith transcends reason because some articles of faith are beyond human comprehension even if we have evidence that they are true and the nature of faith as a total commitment beyond what the evidence alone can guarantee

Rationality and Religious Commitment Robert Audi, 2011-09-22 Can it be rational to be religious Robert Audi gives a persuasive positive answer through an account of rationality and a rich nuanced understanding of what religious commitment means It is not just a matter of belief but of emotions and attitudes such as faith and hope of one's outlook on the world and of commitment to live in certain ways

God's Rational Warriors Marion Ledwig, 2008 This book stands in the tradition of philosophers who advance the rationality of faith Yet this book goes beyond their accounts for it not only defends the view that faith can be termed rational but it also considers the different senses in which faith can be termed rational While this book advances the idea that faith as a general category can be termed rational it does not investigate in a detailed way whether there are arguments for the rationality of particular faiths which would go beyond the arguments for the rationality of faith as a general category Besides discussing whether betting on God in Pascal's wager and believing in miracles are forms of the rationality of faith I will provide unique solutions to the problem of evil and the paradoxes of omnipotence and omniscience

Rational Belief Robert Audi, 2015-07-01 Rational Belief provides conceptions of belief and knowledge offers a theory of how they are grounded and connects them with the will and thereby with action moral responsibility and intellectual virtue A unifying element is a commitment to representing epistemology which is centrally concerned with belief as integrated with a plausible philosophy of mind that does justice both to the nature of belief and to the conditions for its formation and regulation Part One centers on belief and its relation to the will It explores our control of our beliefs and it describes several forms belief may take and shows how beliefs are connected with the world outside the mind Part Two concerns normative aspects of epistemology explores the nature of intellectual virtue and presents a theory of moral perception The book also offers a theory of the grounds of both justification and knowledge and shows how these grounds bear on the self evident Rationality is distinguished from justification each clarified in relation to the other and the epistemological importance of the phenomenal for instance of intuitional experience and other private aspects of mental life is explored The final section addresses social epistemology It offers a theory of testimony as essential in human knowledge and a related account of the rational resolution of disagreements

Rational Religion and Morals: Presenting Analysis of the Functions of Mind, Under the Operations and Directions of Reason Thomas J. Vaiden, 1852
