Rennie, 1996-01-01 Provides a coherent and defensible interpretation of Eliade s thought which allows less familiar readers to approach Eliade with a greater clarity and precision Foreword by Mac Linscott Ricketts a leading translator of Eliade s writings The Theology and Philosophy of Eliade C. Olson, 1992-07-21 The primary focus of this study is to view Eliade as not only a historian of religions but also as a theologian a philosopher novelist and as someone engaged in cross cultural dialogue with other religious traditions Besides attempting to view Eliade s work from a variety of perspectives this study contends that the scholarly work of Eliade cannot be separated from his own personal quest for meaning **The Columbia Guide to the Literatures of Eastern Europe Since 1945** Harold B. Segel, 2003 The Iron Curtain concealed from western eyes a vital group of national and regional writers Marked by not only geographical proximity but also by the shared experience of communism and its collapse the countries of Eastern Europe Poland Hungary Albania Romania Bulgaria and the former states of Yugoslavia Czechoslovakia and East Germany share literatures that reveal many common themes when

examined together Compiled by a leading scholar the guide includes an overview of literary trends in historical context a listing of some 700 authors by country and an A to Z section of articles on the most influential writers Mircea Eliade Once Again Cristina Scarlat,2011 **A Concise History of Romania** Keith Hitchins,2014-02-20 Spanning a period of 2000 years from the Roman conquest of Dacia to the present day A Concise History of Romania traces the development of a unique nation situated on the border between East and West In this illuminating new history Keith Hitchins explores Romania's struggle to find its place amidst two diverse societies one governed by Eastern orthodox tradition spirituality and agriculture and the other by Western rationalism experimentation and capitalism The book charts Romania's advancement through five significant phases of its history medieval early modern modern and finally the nation's return to Europe evaluating all the while Romania's part in European politics economic and social change intellectual and cultural renewals and international entanglements This is a fascinating history of an East European nation one which sheds new light on the complex evolution of the Romanians and the identity they have successfully crafted from a unique synthesis of traditions **Mircea Eliade: Autobiography** Mircea Eliade,2024-05-31 Here finally are Eliade's memoirs of the first thirty years of his life in Mac Linscott Rickett's crisp and lucid English translation They present a fascinating account of the early development of a Renaissance talent expressed in everything from daily and periodical journalism realistic and fantastic fiction and general nonfiction works to distinguished contributions to the history of religions Autobiography follows an apparently amazingly candid report of this remarkable man's progression from a mischievous street urchin and literary prodigy through his various love affairs a decisive and traumatic Indian sojourn and active brilliant participation in pre World War II Romanian cultural life Seymour Cain Religious Studies Review *Mircea Eliade's Vision for a New Humanism* David Cave,1993 Mircea Eliade influential writer and scholar of religion envisioned a spiritually destitute modern culture coming into renewed meaning through the recovery of archetypal myths and symbols Eliade foresaw this restoration of meaning bringing about a new humanism of existential meaning and cultural religious unity but left it ambiguously defined Cave sets forward a structural description of what this new humanism might have meant for Eliade and what it signifies for modern culture through a biographical exegesis of Eliade's life and writings from his early years in Romania to his last years as professor of the history of religions at the University of Chicago Addressing Eliade's political associations and espousals on Romanian politics and culture theories on myth and symbols existential and comparative hermeneutics literature of the fantastic interpretation of homo religiosus views on the loss of meaning in modern consciousness and on the cosmic spirituality of archaic humans as well as other subjects Cave sets these topics within the totality of Eliade's oeuvre and evaluates them through the lens of the new humanism Cave's book is the first to organize and evaluate the whole of Eliade's work around a guiding principle and on Eliade's own terms To augment the new humanism Cave uses data and themes from the history of religions and draws on philosophy anthropology psychology modern science and literary studies The result is a broad and probing overview of this

most influential enigmatic and frequently controversial man Cave concludes by endorsing Eliade's radically pluralistic vision which he argues offers a key to the revitalization of our demythologized and material culture. Cave also repositions previous Eliadean studies and places the new humanism as the paradigm in relation to which future readings of Eliade should be evaluated.

Mircea Eliade Nicolae Babuts, 2017-07-28 Mircea Eliade 1907-1986 was one of the twentieth century's foremost students of religion and cultural environments. This book examines the emergence, function and value of religion and myth in his work. Nicolae Babuts, Robert Ellwood, Eric Ziolkowski, John Dadosky, Robert Segal, Mac Linscott Ricketts, Douglas Allen and Liviu Borda examine Eliade's views on the interaction between the sacred and the profane. Each explores Eliade's phenomenological approach to the study of religion and myth. They show that modern rites of initiation, cultural activities and spectacles like bullfighting, film and perhaps surprisingly reading and writing all harken back to the archetypal structures of the mythical imagination. Perhaps the greatest achievement of Eliade's phenomenological approach is that it reveals what we have in common with pre-Socratic man: the mind's structural capacity to endow objects and events with spiritual values and meanings. As a study of Eliade's concept of the mythic imagination, the book posits an analogy between the myths of the past and modern imitations. The authors suggest that in spite of their differences and their separate historical sources, myths represent basic structures of human consciousness. This book is essential reading for all students of religion, philosophy and literature.

International Eliade, The Romanian Literature as World Literature Mircea Martin, Christian Moraru, Andrei Terian, 2017-12-28 Approaching Romanian literature as world literature, this book is a critical theoretical manifesto that places its object at the crossroads of empires, regions and influences and draws conclusions whose relevance extends beyond the Romanian Romance and East European cultural systems. This intersectional revisiting of Romanian literature is organized into three parts. Opening with a fresh look at the literary ideology of Romania's national poet Mihai Eminescu, part I dwells primarily on literary-cultural

history as process and discipline Here the focus is on cross cultural mimesis the role of strategic imitation in the production of a distinct literature in modern Romania and the shortcomings marking traditional literary historiography's handling of these issues Part II examines the ethno linguistic and territorial complexity of Romanian literatures or Romanian literature in the plural Part III takes up the trans systemic rise of Romanian Jewish Romanian and Romanian European avant garde and modernism Socialist Realism exile and migr literature and translation *Intellectuals and Fascism in Interwar Romania* Cristina A. Bejan, 2019-08-23 In 1930s Bucharest some of the country's most brilliant young intellectuals converged to form the Criterion Association Bound by friendship and the dream of a new modern Romania their members included historian Mircea Eliade critic Petru Comarnescu Jewish playwright Mihail Sebastian and a host of other philosophers and artists Together they built a vibrant cultural scene that flourished for a few short years before fascism and scandal splintered their ranks Cristina A Bejan asks how the far right Iron Guard came to eclipse the appeal of liberalism for so many of Romania's intellectual elite drawing on diaries memoirs and other writings to examine the collision of culture and extremism in the interwar years The first English language study of Criterion and the most thorough to date in any language this book grapples with the complexities of Romanian intellectual life in the moments before collapse **The Facts on File Companion to the World Novel** Michael Sollars, Arbolina Llamas Jennings, 2008 Anarcho-primitivism ,
