## **Islam At The Crossroads:**

Islam at the Crossroads Muhammad Asad, 2005-03-31 This book was written as a plea to the Muslims to avoid a blind imitation of Western social forms and values and to try to preserve instead their Islamic heritage which once upon a time had been responsible for the many sided historical phenomenon comprised in the term Muslim civilisation It clarifies something of the tragic confusion nowadays prevailing in the Muslim world      **Islam on the Crossroads** ,1934      Islam at the Crossroads ,2020      Islam at the Crossroads Paul A. Marshall, Roberta Green, Lela Gilbert, 2002 Understand Islam with this accessible and compelling overview of its history core beliefs and polarizing divisions      **Islam at the Crossroads** Ibrahim M. Abu-Rabi', 2003-04-09 Sheds light on one of the most important religious thinkers in the modern Muslim world      **Islam at the Cross Roads** De Lacy O'Leary, 1923      **Islam at the Crossroads** ,1937      Islam at the Crossroads Lameh Fananapazir, 2016-03-01 It is undeniable that Islam is today in a condition of deep crisis Political upheavals that dominate popular discussion of the subject are no more than surface expressions of a problem of historic dimensions the inability of Islamic scholars and institutions to reconcile the teachings and perspectives of their Faith with the realities of modernity Democratic and constitutional government pluralistic societies the authority of the sciences such principles as gender equality and religious freedom a rapidly integrating world all these familiar features of contemporary civilization pose insurmountable challenges to anyone who attempts to accommodate them to religious guidance laid down fourteen centuries ago for an earlier much simpler stage in humanity's social evolution One sees in contemporary Islam a society desperately searching for and failing always to find a formula that will make it possible to retain traditional Muslim faith in God while embracing the inescapable requirements of a world beyond the imagination of ages past At the same time millions of Muslims view with feelings of outrage and helplessness the caricature of the Faith they love that an aggressive fundamentalism is determined to impose upon it Equally significant has been the awakening of European populations to the implications of the presence in their midst of a vast number of Muslim immigrants some now into the third generation who often appear essentially irreconcilable with certain foundational norms of Western culture Perhaps not surprisingly this has inspired widespread desire to understand the religious roots of such phenomena awakening an unprecedented interest in Islamic belief and practice Islam at the Crossroads presents extracts drawn primarily from the texts of the Qur'an and the Bible to explain the interrelationship between Islam and its sister Abrahamic religions Judaism and Christianity as well as the Baha'i Faith the most recent link in the chain of religions capable of responding to the process of transformation in which the entire world is today caught up The format illustrates the progressive pattern and integral coherence of the divine Revelations as constituents of one common faith and demonstrates the principle that God Who at sundry times and in divers manners spake in time past unto the fathers by the prophets hath in these last days spoken unto us and specifically to followers of Islam through Baha'u'llah Globalization and modernity far from being alien to the Faith taught in the Qur'an are thus rather a

fulfilment of it both spiritually and practically Clearly Muslims have as much right to this common heritage of humankind as do the people of any other religious background Within the Baha i community much emphasis is placed on the importance of Western Baha is undertaking a serious study of Islam using for the purpose sources that are authoritative and unbiased This book examines the criteria offered by the teachings of Baha u llah for the validity of the Mission of the Prophet Muhammad and some of the reasons why Islam and its fortunes are directly dependent on submission to God s Will and following His Straight Path in this day and age Born in Iran and brought up in Africa Dr Lameh Fananapazir studied medicine in Scotland and is currently a cardiologist and electrophysiologist in the United States He is the author of several hundred medical articles and spent two and half years in Haifa Israel where he was the director of the Health Services at the Baha i World Centre and Visiting Professor of Molecular Genetics at Technion Israel Institute of Technology This book was born out of his curiosity concerning the root causes of religious fanaticism and increasing certitude that Baha u llah s teachings represent the only possible remedy

**Muslims in Modern Turkey** Sena Karasipahi,2008-12-18 Modern Turkey is the site of a powerful Islamic revival with a strong intellectual elite dedicated to the overthrow of secular modernism Why have modern Muslim intellectuals turned against the ideals of Kemalism on which the modern Turkish nation state is founded What does this reveal about the future of Turkey And how are Islamic intellectuals in Turkey affected by developments in the Middle East Muslims in Modern Turkey is the first book to analyse this phenomenon tracing the evolution of Muslim intellectual thought from the 1980s to the present day

It focuses on six leading Muslim thinkers Ali Bula Rasim zden ren smet zel lhan Kutluer Ersin Nazif G rdo an and Abdurrahman Dilipak who belong to a single school and share a novel understanding of Islam They act as public intellectuals who aim to reform and enlighten society by educating them and raising their awareness of Islamic values arguing not for the compatibility of Islam and European values but the fundamental superiority of Islam over secular democracy Sena Karasipahi places the Turkish experience in its broader international context and shows how Turkish Islamic intellectuals are affected by the earlier Muslim intellectuals and revivalists in the Arab world and in Turkey This important study makes connections with the Islamic revival process throughout the contemporary Middle East as well as with comparable movements in Turkey s own past making this a crucial contribution to an understanding of contemporary Islamic political thinking *Islam in Modern Turkey* Sukran Vahide,2012-02-16 *Islam in Modern Turkey* presents one of the most comprehensive studies in English of the seminal Turkish thinker and theologian Bediuzzaman Said Nursi 1876 1960 A devout Muslim who strongly believed in peacefully coexisting with the West Nursi inspired a faith movement that has played a vital role in the revival of Islam in Turkey and now numbers several million followers worldwide While Nursi s ideas have been afforded considerable analysis this book is the first to situate these ideas and his related activities in their historical contexts Based on the available sources and Nursi s own works here is a complete and balanced view of this important theologian s life and thought Spiritual Dimensions of Bediuzzaman Said Nursi's Risale-I Nur Ibrahim M. Abu-Rabi?,2008-07-24 The Nur community is one of the most significant religious and social movements in contemporary Turkey with millions of adherents and a strong institutional and educational system throughout the country This volume presents a picture of its spiritual dimensions by focusing on the ideas of its founder Turkish theologian Bediuzzaman Said Nursi 1877 1960 Prominent scholars in contemporary Islamic studies and comparative spirituality examine the various facets of Nursi s spirituality as revealed in his magnum opus *Risale i Nur* which began to take shape in the 1920s and is considered Nursi s deep reflection on the Qur an in light of rapidly changing conditions in Turkey Nursi argued that Islam must be organically linked to empire in order to preserve its identity in the modern era fostering a spiritual tradition that has steadfastly survived the secular project of Kemalism Book jacket

**The Crusades** S.J. Allen,Emilie Amt,2014-04-21 Since the publication of the first edition of *The Crusades A Reader* interest in the Crusades has increased dramatically fueled in part by current global interactions between the Muslim world and Western nations The second edition features an intriguing new chapter on perceptions of the Crusades in the modern period from David Hume and William Wordsworth to World War I political cartoons and crusading rhetoric circulating after 9 11 Islamic accounts of the treatment of prisoners have been added as well as sources detailing the homecoming of those who had ventured to the Holy Land including a newly translated reading on a woman crusader Margaret of Beverly The book contains sixteen images study questions for each reading and an index **Attaining Inner Peace in Islam** Zuleyha Keskin,2021-08-20 This book discusses inner peace from an Islamic theological and spiritual perspective the writings of Said

Nursi a twentieth century Muslim scholar Inner peace is a topic of great interest in the world at present While happiness and mental health have been extensively discussed from a psychological and sociological perspective and while inner peace has been written about from various religious viewpoints there is very little scholarly work on inner peace from an Islamic theological and spiritual perspective This book addresses this significant gap With Islam being the second largest religion in the world this book provides an important contribution to the literature on a faith tradition which is followed by so many In addressing the intersection between Islam spirituality and psychology this book makes an original contribution to the literature on modern Islamic thinkers like Nursi and to the broader fields of Islamic studies and theology philosophy and well being studies     Islam at the Cross Roads O'Leary,1981-06-01
