Islam World Religions:

Islam and Other Major World Religions Kaiyume Baksh, 2007-08-16 This book is intended for the average reader who would like a general introduction to the world's major religions with an emphasis on Islam. All organized religions assume the existence of God as the Creator of the universe and all things in it. The first chapter, 'Is There a God', inclines toward this belief and sets the stage for the next five chapters, each on a major world religion. The chapters 'Angels', 'Miracles', and 'Reincarnation' reflect mainly the viewpoints of these religions. The main focus, however, is on Islam. Toward this end, the penultimate chapter, 'Is the Qur'an God's Word?', attempts to answer this question in the affirmative, while the final chapter is devoted to two views within Islam regarding the all-important topic of Life after Death. The first is the majority-held view regarding belief in a soul-body dualism, while the second view holds that there is no soul, only a body. Overall, the intent is to provide a springboard for further reading and discussion by the interested reader. Encyclopedia of Islam Juan Eduardo Campo, 2009 Explores the terms, concepts, personalities, historical events, and institutions that helped shape the history of this religion and the way it is practiced today. **The World's Religions: Islam** Peter Clarke, 2002-06-01 The theological and philosophical bases of the beliefs are clearly presented with their history, development, expression, and everyday practice. It is written by international specialists in a scholarly but non-technical style. *World Religions and Islam* Hamid Naseem Rafiabadi, 2003 *World Religions Today* John L. Esposito, Darrell J. Fasching, Todd Thornton Lewis, Todd Lewis, 2006 Moving beyond many books in the field which focus on the historical origins and ancient development of the classical traditions of each religion, *World Religions Today*, Second Edition, takes a fresh approach. The book uses historical coverage of the religious traditions as a framework to help students understand how faiths have evolved to the present day and continue to have an impact on belief, politics, and society. It connects today's religions to their classical beliefs and practices but also shows how these religions have responded to and been transformed by the modern world. To help students grasp what might be new about the emerging era of religious life in the twenty-first century, the authors open each discussion with a contemporary scenario of religious experience that illustrates the tension between premodern views and modernity. The Encyclopedia of World Religions Robert S. Ellwood, 2008 Contains nearly 600 brief entries on the world's religious traditions. World Religions in America Jacob Neusner, 2003-01-01 In this, the third edition of Jacob Neusner's basic, accessible, and proven guide to the world's religions as they are practiced in America, new chapters explore the Church of Scientology, Nature Religions, and the Baha'i faith. In addition, the chapter on Islam in America has been expanded. Each chapter includes study questions, essay topics, and suggestions for further reading. **World Religions in America, Fourth Edition** Jacob Neusner, 2009-10-07 The fourth edition of *World Religions in America* continues its lauded tradition of providing students with reliable and nuanced information about America's religious diversity while also reflecting new developments and ideas. Each chapter was updated to reflect important changes and events and current statistics and information. New features include a timeline of

key events and people for each tradition sidebars on major movements or controversies personal stories from members of various faiths a theme based organization of subjects more subheads three new chapters exploring America's increasing religious diversity and suggestions for further study

Our Religions Arvind Sharma, 2011-03-15 Each religion is described by someone who is committed to that religion but who is also fully at home in the academic study of religion John Hick author of *An Interpretation of Religion* Human Responses to the Transcendent Leading experts in the great living religions present their own faith traditions The volume surveys the history and teachings of Hinduism Buddhism Confucianism Taoism Judaism Christianity and Islam and describes the issues these religious traditions face today Thought provoking and soul stretching The Gazette Montreal Viewpoints enough to keep the reader alert and engrossed Christian Century Splendid in every respect Huston Smith author of *The World's Religions*

Islam Michael Ashkar, 2017 In the sixth century of the common era the Prophet Muhammad appeared in the Arabian Peninsula proclaiming the message that there was only one god called Allah and that all people should obey Allah's requirements for their lives Today Islam is the second largest religion in the world with more than 1.6 billion Muslims adhering to this faith However although all Muslims do revere Islam's sacred scripture the Quran there are many differences in the way that the faith is practiced throughout the world This book will discuss the origins of Islam the major sects that follow the faith important religious centers such as Mecca and Medina and the elemental religious practices that unite all members of the umma or Islamic community
