Kuccps Online

Khosrow-Pour D.B.A., Mehdi

Kuccps Online:

Issues of Governance, Security, and Development in Contemporary Africa Mohamed Saliou Camara, Alem Hailu, Sabella O. Abidde, 2023-12-15 Governance security and development are three critical components of a dialectical nexus that is both dominant and determinant for any objective and fruitful quest for the understanding of the trajectory of a country a region or in the case of Africa a continent from a colonial past to a neocolonial and meta colonial present and toward a future of strategic optimal independence and self reliance That colonial past and the ensuing neocolonial and meta colonial present have made these critical components and the dialectical nexus that they form particularly challenging for the African continent For this reason Issues of Governance Security and Development in Contemporary Africa offers an in depth interdisciplinary analysis of the challenges that contemporary Africa faces within these critical areas as well as the resources and prospects that the continent possesses and can leverage to overcome the said challenges Using case studies involving a range of countries across the continent Mohamed Saliou Camara Alem Hailu and Sabella O Abidde argue that Africa needs to decolonize the terms of reference that guide its nation building statecraft and national development agenda in ways that will facilitate the establishment of viable systems of governance and security and the promotion of genuine development

Handbook of Research on Modern Educational Technologies, Applications, and Management Khosrow-Pour D.B.A., Mehdi, 2020-07-10 As technology and technological advancements become a more prevalent and essential aspect of daily and business life educational institutions must keep pace in order to maintain relevance and retain their ability to adequately prepare students for their lives beyond education Such institutions and their leaders are seeking relevant strategies for the implementation and effective use of new and upcoming technologies and leadership strategies to best serve students and educators within educational settings As traditional education methods become more outdated strategies to supplement and bolster them through technology and effective management become essential to the success of institutions and programs The Handbook of Research on Modern Educational Technologies Applications and Management is an all encompassing two volume scholarly reference comprised of 58 original and previously unpublished research articles that provide cutting edge multidisciplinary research and expert insights on advancing technologies used in educational settings as well as current strategies for administrative and leadership roles in education Covering a wide range of topics including but not limited to community engagement educational games data management and mobile learning this publication provides insights into technological advancements with educational applications and examines forthcoming implementation strategies These strategies are ideal for teachers instructional designers curriculum developers educational software developers and information technology specialists looking to promote effective learning in the classroom through cutting edge learning technologies new learning theories and successful leadership tactics Administrators educational leaders educational policymakers and other education professionals will also benefit from this publication by utilizing the extensive research on

managing educational institutions and providing valuable training and professional development initiatives as well as implementing the latest administrative technologies Additionally academicians researchers and students in areas that include but are not limited to educational technology academic leadership mentorship learning environments and educational support systems will benefit from the extensive research compiled within this publication Radiology in Global Health

Daniel J. Mollura, Melissa P. Culp, Matthew P. Lungren, 2018-12-31 Exploring the question as to why more than half the world continues to have little or no access to medical imaging and radiology this important second edition fully revised and expanded offers not only answers but practical solutions providing new tools ideas and strategies for bringing vital radiology to low resource areas Based on RAD AID s ten years of work 2008 2018 serving indigent communities around the world the book s interdisciplinary approach offers the synthesis of business management government policy formulation clinical methods and engineering in order to integrate economic development technology innovation clinical model planning educational strategies and public health measures The gold standard title in the field Radiology in Global Health 2nd Edition is intended for a broad audience including physicians especially radiologists and radiology residents radiology technologists radiology nurses sonographers hardware software engineers policy makers business leaders researchers and public health specialists at all levels who use or implement health care services for underserved populations In addition as health care providers use radiology in the process of clinical decision making this title is also designed for clinical physicians nurses nurse practitioners physician assistants and paramedical personnel Administrators and public health personnel will also be interested as the planning of radiology services for health care systems at both the facility level and at the population level requires a clear understanding of the technological challenges and management opportunities Addressing Issues of

Learner Diversity in English Language Education Tran, Thao Quoc, Duong, Tham My, 2024-04-22 In the dynamic context of English language education learners bring many differences in identity motivation engagement ability and more Addressing Issues of Learner Diversity in English Language Education recognizes that traditional one size fits all approaches to language education are insufficient in meeting the needs of a varied and global learner population It grapples with effectively teaching English to individuals with diverse linguistic backgrounds learning styles and cultural contexts The challenges range from learner autonomy and motivation issues to navigating mixed level classes and integrating technology into language teaching Drawing on current research trends and cutting edge methodologies this book captures the diverse voices of contributors from various ESL EFL settings offering context specific solutions to the myriad challenges faced in language education The book illuminates the nuanced phenomena within English language education it showcases innovative theoretical frameworks and up to date research findings By addressing learners as singular individuals and collectives the publication guides educators in enhancing individual competencies and maximizing the potential of each learner **Communication Rights**

in Africa Tendai Chari, Ufuoma Akpojivi, 2023-09-01 This ground breaking volume examines enduring and emerging

discourses around communication rights in Africa arguing that they should be considered an integral component of the human rights discourse in Africa Drawing on a broad range of case studies across the continent the volume considers what constitutes communication rights in Africa who should protect them against whom and how communication rights relate to broader human rights While the case studies highlight the variation in communicative rights experiences between countries they also coalesce around common tropes and practices for the implementation and expression of communication rights Deploying a variety of innovative theoretical and methodological approaches the chapters scrutinise different facets of communication rights in the context of both offline and digital communication realities The contributions provide illuminating accounts on language rights digital exclusion digital activism citizen journalism media regulation and censorship protection of intellectual property rights politics of mobile data and politicisation of social media This is the first collection to consider communication in Africa using a rights based lens The book will appeal to researchers academics communication activists and media practitioners at all levels in the fields of media studies journalism human rights political science public policy as well as general readers who are keen to know about the status of communication rights in Africa

Mapping Research and Innovation in the Republic of Kenya UNESCO,2023-09-27 *Facing Forward* Sajitha Bashir,Marlaine Lockheed,Elizabeth Ninan,Jee-Peng Tan,2018-09-20 *Facing Forward* lays out a range of policy and implementation actions that are needed for countries in Sub Saharan Africa to meet the challenge of improving learning while expanding access and completion of basic education for all The book underscores the importance of aligning the education system to be relentlessly focused on learning outcomes and to ensuring that all children have access to good schools good learning materials and good teachers It is unique in characterizing countries according to the challenges they faced in the 1990s and the educational progress they have made over the past 25 years allowing countries in the region to learn from each other The authors review the global literature and add to it by their extensive new analyses of multiple datasets from more than three dozen countries in the region they integrate findings about what affects children s learning their access to schooling and progress through basic education The book draws lessons from the region and for the region about what works and what is needed to better implement what is known to have worked The book examines four areas to help countries better align their systems to improve learning 1 completing the unfinished agenda of reaching universal basic education with quality 2 ensuring effective management and support of teachers 3 targeting spending priorities and budget processes on improving quality and 4 closing the institutional capacity gap It concludes with an assessment of how future educational progress may be affected by projected fertility rates and economic growth
