The words are called irregular because they do not follow the common spelling patterns. For example, the words wood, could, and food has different sounds or spelling patterns. The words food and wood seem like rhyming words, but they are not. The words wood and could rhyme, but they do not use the same spelling pattern. In fact, the word could is an irregular-spelled word.

There are many other irregularly spelled words, and many of them are used quite often. Instead of learning the sounds of each word, you must learn how to spell the whole word. You will need to automatically recognize them and memorize how to spell the words.

Here is a list of common irregular-spelled words:

a	could	give	move	should	was
again	do	great	of	some	water
answer	does	have	off	this	wasn't
any	earth	has	often	their	what
