According to me I don't think that politician is the only responsible for backward of India, just cause of dip is not possible with one hand. I mean we all are also responsible for it. It's true that if our leader is not trying to develop or improve the system then why should we do? But We can improve our self.

Every one can improve them self like to get education try to be an expert about important of education to all people. we should behave our self if we all are work together then definitely one day our nation will develop up to mark.
