a Timid Nobody Who Became a Gyroplane Pilot Shirley Jennings,2024-10-29 This is the story of a shy and unremarkable  
nobody who learned to be a gyroplane pilot and consequently discovered a wider world Bored with the daily routine in the  
1980s a spur of the moment decision to fly a light aircraft changed the entire course of my life I had no intention of becoming  
a pilot people like me don t do things like that but flying soon grew mundane and the initial thrill wore thin In an effort to  
recapture that lost spark of wonder I tried a small helicopter and became captivated by the rotary winged bug My fate was  
sealed when just a couple of months later I saw Wing Commander Ken Wallis the real James Bond flying his famous  
gyroplane Little Nellie The addiction was incurable and I was quite beyond help However gyroplanes have a bad reputation  
and people tried hard to dissuade me With so few gyronauts scattered across the UK in the pre Internet 1990s it felt like  
trying to join a secret society The only available machines were single seat and the only way to learn to fly was to own one No  
one said this was going to be easy My quest led me to Cornwall where a small group of autorotational veterans took me  
under their collective wing Thanks to them Delta J was born and they taught me how to stay alive working from the ground  
up Twenty years later my rotary winged obsession took this hesitant mouse across the English Channel where I discovered  
the unimaginable freedom of the French ultralight world My tiny rotorcraft and I are now part of that world It has been a  
voyage of discovery and new horizons with ups and downs in every sense a journey I could never have imagined when I took  
that first aeroplane flight in 1985 Gyroplanes have been my greatest adventure     AERO TRADER & CHOPPER SHOPPER,
