

Hate Speech Law and Policy

CHERIAN GEORGE

Hong Kong Baptist University, Hong Kong

There is no standard definition of hate speech, but the term is normally used to cover forms of expression aimed at persecuting people by vilifying their racial, ethnic, or other identities. While the immediate target may be a single person or small group, the harm caused by hate speech can extend to entire communities by promoting discrimination and intolerance. In the extreme, hate speech has been used to promote violence and genocide. While the term is always used pejoratively and implies a moral breach, not all hate speech is dangerous enough to merit government regulation. The central law and policy debate over hate speech is where to draw the line between expression that is merely morally objectionable and expression that should be declared legally impermissible. The latter end of the spectrum is sometimes referred to as dangerous or extreme speech.

Hate speech presents a complex policy challenge because what its object perceives as unconscionable could, from the speaker's perspective, be a legitimate expression of genuine grievances and/or a form of political speech. Thus, hate speech often brings two foundational rights into conflict – equality, including the right to be protected from discrimination, and freedom of expression. Digital communication has compounded the problem. First, it spreads messages beyond the intended audience and contexts, with consequences that may be impossible for their creators and publishers to foresee. Second, digital tools – including photo editing software and video games – increase the likelihood of messages being actively manipulated and recontextualized by third parties, again with unpredictable results. Third, digital platforms provide a more open arena for “crowdsourcing” hate speech: many individuals can get involved in the generation,

propagation, and escalation of such expression to a degree not previously possible. Fourth, online hate speech raises jurisdictional conundrums, given the lack of international consensus on laws and norms, including over the liability and responsibilities of global internet intermediaries such as Google and Facebook.

In international law and in every domestic jurisdiction, freedom of expression is a qualified right: states can lawfully limit this right in certain circumstances. There is no consensus on when hate speech falls within those circumstances. Policy responses cluster around three broad approaches. One requires states to balance the right to freedom of expression with the need to protect minorities against incitement to discrimination, hostility, or violence. This is the thrust of international human rights law, which has been usefully crystallized in the Camden Principles on Freedom of Expression and Equality – a 2009 document signed by high-level United Nations and other officials, civil society representatives, and academic experts (Article 19, 2009). These principles are based on the International Covenant on Civil and Political Rights (ICCPR), which informs the work of the United Nations Human Rights Committee and Human Rights Council. Similar balancing approaches are taken by the European Court of Human Rights (which applies the Council of Europe's European Convention for the Protection of Human Rights and Fundamental Freedoms), the Inter-American Court of Human Rights (which applies the Organization of American States' American Convention on Human Rights), and the African Court on Human and Peoples' Rights (applying the African Union's African Charter on Human and Peoples' Rights).

A second approach is epitomized by US jurisprudence. To keep public discourse wide open and free of government interference, the US Supreme Court resists regulation that discriminates among viewpoints, including prohibitions of offensive words or symbols. As a result, hate speech is generally considered to be protected by the First Amendment to the Constitution.

Hate Speech Law Hate Speech Law:

The Politics of Hate Speech Laws Alexander Brown, Adriana Sinclair, 2019-09-18 This book examines the complex relationship between politics and hate speech laws domestic and international How do political contexts shape understandings of what hate speech is and how to deal with it Why do particular states enact hate speech laws and then apply extend or reform them in the ways they do What part does hate speech play in international affairs Why do some but not all states negotiate agree and ratify international hate speech frameworks or instruments What are some of the best and worst political arguments for and against hate speech laws Do political figures have special moral duties to refrain from hate speech Should the use of hate speech by political figures be protected by parliamentary privilege Should this sort of hyperpolitical hate speech be subject to the laws of the land civil and criminal Or should it instead be handled by parliamentary codes of conduct and procedures or even by political parties themselves What should the codes of conduct look like Brown and Sinclair answer these important and overlooked questions on the politics of hate speech laws providing a substantial body of new evidence insights arguments theories and practical recommendations The primary focus is on the UK and the US but several other country contexts are also explored and compared in detail including Nigeria Kenya South Africa India China Japan Turkey Germany Hungary and Italy Methodologically the two authors draw on approaches and concepts from a range of academic disciplines including law and legal theory political theory applied ethics political science and sociology international relations theory and international law

Hate Speech Law Alex Brown, 2015-03-05 Hate speech law can be found throughout the world But it is also the subject of numerous principled arguments both for and against These principles invoke a host of morally relevant features e g liberty health autonomy security non subordination the absence of oppression human dignity the discovery of truth the acquisition of knowledge self realization human excellence civic dignity cultural diversity and choice recognition of cultural identity intercultural dialogue participation in democratic self government being subject only to legitimate rule and practical considerations e g efficacy the least restrictive alternative chilling effects The book develops and then critically examines these various principled arguments It also attempts to de homogenize hate speech law into different clusters of laws regulations codes that constrain uses of hate speech so as to facilitate a more nuanced examination of the principled arguments Finally it argues that it is morally fitting for judicial and legislative judgments about the overall warrant of hate speech law to reflect principled compromise Principled compromise is characterized not merely by compromise over matters of principled concern but also by compromise which is itself governed by ideals of moral duty or civic virtue e g reciprocity equality and mutual respect The Open Access version of this book available at <https://doi.org/10.4324/9781315714899> has been made available under a Creative Commons Attribution Non Commercial No Derivatives 4.0 license

Hate Crimes James B. Jacobs, Kimberly Potter, 1998 Discusses the evolution of hate crime laws in the United States examining the effectiveness of such laws the interpretation of their legal definitions and

the challenges they pose to law enforcement officials **Freedom of speech vs. Hate speech** Caroline Mutuku,2018-06-14

Essay from the year 2018 in the subject Law Civil Action Lawsuit Law grade 1 2 language English abstract Freedom of speech appears to be one of the most fundamental rights of the U S citizens This provision is protected by the U S Constitution through the First Amendment of the American Constitution therefore it guarantees the U S citizens with freedom of expression The amendment states Congress shall make no law abridging the freedom of speech or of the press Germani par 1 However hate speech is regarded to as a legal crime because it interferes with other provisions in the U S Bill of Rights As a result there have been numerous enactments carried out by the U S Legislature to protect the loyalty of the U S citizens through expression In regard to the First Amendment of the U S Constitution an individual can be convicted of hate speech crime in circumstances where one s statements evoke violence Moreover statements which constitute threats to other people or the Government are regarded to as hate speech crime However conviction of an individual for crimes related to hate speech requires legal approaches to justify the individual s breach of the law Huhn states Even in cases where it is clear that a person is threatening violence the person may be criminally prosecuted only if the law in question is carefully drawn so that it applies only in appropriate cases **Offensive Speech, Religion, and the Limits of the Law** Nicholas Hatzis,2021 Is a government justified in restricting speech offensive to religious belief If so what principles are at stake Drawing on constitutional theory and social and political philosophy this book discusses the normative reasons that support or negate government interference and their interaction with individual and collective religious freedom **Atrocity Speech Law** Gregory S. Gordon,2017-04-11 This book is the first comprehensive study of the international law encompassing hate speech Prof Gordon provides a broad analysis of the entire jurisprudential output related to speech and gross human rights violations for courts government officials and scholars The book is organized into three parts The first part covers the foundation a brief history of atrocity speech and the modern treatment of hate speech in international human rights treaties and judgments under international criminal tribunals The second part focuses on fragmentation detailing the inconsistent application of the charges and previous prosecutions including certain categories of inflammatory speech and a growing doctrinal rift between the ICTR and ICTY The last part covers fruition recommendations on how the law should be developed going forward with proposals to fix the problems with individual speech offenses to coalesce into three categories of offense incitement speech abetting and instigation **Protecting Hate Speech: R.A.V. v. St. Paul** Susan Dudley Gold,2014-01-01 The First Amendment to the U S Constitution guarantees a free press and free speech but those rights are not unlimited In Protecting Hate Speech R A V v St Paul award winning author Susan Dudley Gold looks at the issues involved when the Minnesota city of St Paul tried to ban hate speech within its borders The entertaining account of the case explores the fine line legislators must walk when putting restrictions on free speech The U S Supreme Court s decision in the case has become a testament to the sanctity of the First Amendment even when it protects hateful speech and symbol acts that most

Americans despise **HATE** Nadine Strossen, 2018-04-02 The updated paperback edition of *HATE* dispels misunderstandings plaguing our perennial debates about hate speech vs free speech showing that the First Amendment approach promotes free speech and democracy equality and societal harmony As hate speech has no generally accepted definition we hear many incorrect assumptions that it is either absolutely unprotected or absolutely protected from censorship Rather U S law allows government to punish hateful or discriminatory speech in specific contexts when it directly causes imminent serious harm Yet government may not punish such speech solely because its message is disfavored disturbing or vaguely feared to possibly contribute to some future harm Hate speech censorship proponents stress the potential harms such speech might further discrimination violence and psychic injuries However there has been little analysis of whether censorship effectively counters the feared injuries Citing evidence from many countries this book shows that hate speech are at best ineffective and at worst counterproductive Therefore prominent social justice advocates worldwide maintain that the best way to resist hate and promote equality is not censorship but rather vigorous counterspeech and activism

Genocide Denials and the Law Ludovic Hennebel, Thomas Hochmann, 2011 In *Genocide Denials and the Law* Ludovic Hennebel and Thomas Hochmann offer a thorough study of the relationship between law and genocide denial from the perspectives of specialists from six countries This controversial topic provokes strong international reactions involving emotion caused by denial along with concerns about freedom of speech The authors offer an in depth study of the various legal issues raised by the denial of crimes against humanity presenting arguments both in favor of and in opposition to prohibition of this expression They do not adopt a pro or contra position but include chapters written by proponents and opponents of a legal prohibition on genocide denial Hennebel and Hochmann fill a void in academic publications by comparatively examining this issue with a collection of original essays They tackle this diverse topic comprehensively addressing not only the theoretical and philosophical aspects of denial but also the specific problems faced by judges who implement anti denial laws *Genocide Denials and the Law* will provoke discussion of many theoretical questions regarding free speech including the relationship between freedom of expression and truth hate memory and history [The Oxford Companion to American Politics](#) David Coates, 2012-07-12 Provides students and scholars with a valuable reference source in the field of American Politics The Companion will equip readers with a deep understanding of the complex interaction between governmental institutions and processes and the wider American economy and society that they govern

Hate Speech Law Hate Speech Law Introduction

In the digital age, access to information has become easier than ever before. The ability to download Hate Speech Law Hate Speech Law has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Hate Speech Law Hate Speech Law has opened up a world of possibilities. Downloading Hate Speech Law Hate Speech Law provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Hate Speech Law Hate Speech Law has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Hate Speech Law Hate Speech Law. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Hate Speech Law Hate Speech Law. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Hate Speech Law Hate Speech Law, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Hate Speech Law Hate Speech Law has transformed the way we access information. With the convenience, cost-

effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Hate Speech Law Hate Speech Law Books

1. Where can I buy Hate Speech Law Hate Speech Law books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
