Fleurmons, 2013-07-11 Becoming a leader should be one of the greatest ambitions a person could ever have Leading other people seems to be such an honorable thing which has potential to elevate one's status with prestige honor and so on It is so true that I will spend my lifetime to encourage you all to go for it to fight with your soul and spirit except with your body to step after Mahatma Gandhi who was able to lead India to its independence using non violent fight in order to reach this mountaintop However it is not without prices and responsibilities It seems that a leader's responsibilities are greater than his rights in such a point there is nothing to gain in leading other people It would have been better to be led than to be leading So leadership would bring more pain to a leader's life than satisfaction However as leadership must be about serving others and the spirit of service leads to greatness it is good to aspire to become a leader Now what does it take for one to become a leader Responding to this question will be all our endeavors in writing this book
