Greening The Supply Chain A Guide For Asian Managers Response S:

Does Carbon-Conscious Behavior Drive Firm Performance? Adrian Renner,2011-06-07 Adrian Renner provides a unique perspective on how stockholders react if companies move towards a carbon conscious future A multi country event study approach was used to analyze stock market reactions of the largest 500 companies globally

Semiotic Analysis and Public Policy Christopher L. Atkinson,2019-03-20 Semiotic Analysis and Public Policy evaluates several key areas of public policy that are dependent on narrative naming sign and branding to create meaning Semiotic analysis drawing on the work of Saussure Peirce and others allows for creation of a case oriented model of brand versus product and of medium compared with message Using a critical Habermasian lens Atkinson convincingly exposes approaches focusing too heavily on instrumentality and rhetoric that claims a resolution of complex societal dilemmas Rooted in the literature on public policy and semiotics Atkinson creates an opportunity to delve more fully into the creation of narratives and meaning in policy and the origins and maintenance of public programs Evaluation of such programs shows various levels of disconnect between popular understanding of public considerations political outcomes and what results from the administrative regulatory process in support of the law This book will be of interest for scholars and researchers of public policy policy analysis public administration public management and policy implementation
