Handbook Of Social Work With Groups:

Handbook of Social Work with Groups Charles D. Garvin, Lorraine M. Gutiérrez, Maeda J. Galinsky, 2017-05-16 This definitive text now revised and expanded has introduced thousands of students and practitioners to the theory and practice of social work with groups. Leading authorities outline major models of group work and address critical issues in planning, implementing, and evaluating interventions. The Handbook describes applications in all the major practice settings: mental health, prevention, child welfare, substance abuse, health care, aging, corrections, and more, as well as organizational and community settings. A strong focus on empowerment, social justice, and diversity is woven throughout. The empirical foundations of group work are reviewed, and innovative research methods are discussed. New to This Edition: Incorporates over a decade of advances in the field; Heightened focus on practitioner-researcher collaboration; Two chapters on substance abuse prevention with youth; Chapters on social justice, work evidence-based practice, offender reentry, intimate partner violence, intergroup dialogue, working with immigrants and refugees, qualitative methods, and intervention research; Major updates on existing topics such as cognitive-behavioral group work, psychoeducational groups, health care settings, and technology-mediated groups; Integrative epilogue that synthesizes key themes.

Handbook of Social Work with Groups, First Edition Charles D. Garvin, Lorraine M. Gutiérrez, Maeda J. Galinsky, 2006-08-22 This comprehensive handbook presents major theories of social work practice with groups and explores contemporary issues in designing and evaluating interventions. Students and practitioners gain an in-depth view of the many ways that groups are used to help people address personal problems, cope with disabilities, strengthen families and communities, resolve conflict, achieve social change, and more. Offering authoritative coverage of theoretical, practical, and methodological concerns coupled with a clear focus on empowerment and diversity, this is an outstanding text for group work and direct practice courses.

Encyclopedia of Social Work with Groups Alex Gitterman, Robert Salmon, 2009-06-02 What do you have to know today to be an effective group worker, and what are the different group work approaches? With 110 articles and entries, this book provides a comprehensive overview of social work with groups from its initial development to its astounding range of diverse practice today with many populations in different places. The articles have been written by social workers trained in the group approach from the United States, Canada, England, Australia, Spain, and Japan, and all involved are well-known group workers acknowledged as experts in the area. The book covers all aspects of social work with groups, including its history, values, major models, approaches, and methods; education, research, journals, phases of development; working with specific populations and ages, plus many more. Each article includes references, which can be a major resource for future exploration in the particular subject area. Both editors have many years of productive work in group work practice and other areas and are board members of The Association for the Advancement of Social Work with Groups. The Encyclopedia of Social Work with Groups will be of interest to students, practitioners, social work faculty, novice and experienced group workers.

A Mutual-Aid

Model for Social Work with Groups Dominique Moyse Steinberg, 2014-02-24 Group work is a popular and widely used social work method. Focusing particularly on the central role of mutual aid in effective group work, this text presents the theoretical base, outlines core principles, and introduces the skills for translating those theories and principles into practice. A Mutual Aid Model for Social Work with Groups will help readers to catalyze the strengths of group members such that they become better problem solvers in all areas of life, from the playroom to the boardroom. Increased coverage of evaluation and evidence-based practice speaks to the field's growing concern with monitoring process and assessing progress. The book also includes worker-based obstacles to mutual aid, their impact, and their antidotes. Pre-group planning, including new discussion on curriculum groups, group building by prioritizing certain goals and norms in the new group, the significance of time and place on mutual aid, and the role of the group worker maintaining mutual aid during so-called individual problem solving, an expanded discussion of anti-oppression and anti-oppressive practice, unlocking a group's potential to make difference, and conflict, useful special considerations in working with time-limited, open-ended, and very large groups. Case examples are used throughout to help bridge the gap between theory and practice, and exercises for class or field help learners to immediately apply conceptual material to their practice. All resources required to carry out the exercises are contained in over 20 appendices at the end of the book. Key points at the end of each chapter recap the major concepts presented, and a roster of recommended reading for each chapter points the reader to further resources on each topic. Designed to support ethical and successful practice, this textbook is an essential addition to the library of any social work student or human service practitioner working with groups. *Social Work Practice With Individuals, Families, and Groups* Shelagh Jane Larkin, Jaylene Krieg Schaefer, 2025-01-06 Social Work Practice with Individuals, Families, and Groups: An Integrated Approach serves as a foundational text that supports students through effective practice with multiple levels of client systems, from the classroom to the profession. Authors Shelagh Jane Larkin and Jaylene Krieg Schaefer have integrated the practicum experience throughout the core chapters, emphasizing its role as the first area of social work practice. Developed with both BSW and foundational MSW programs in mind, this text offers an accessible exploration of social work practice with individuals, families, and groups through diverse case studies and practical examples aligned with the 2022 EPAS core competencies. *Generalist Social Work Practice* John Poulin, Selina Matis, Heather Witt, 2025-03-13 A competency-based approach to generalist social work practice that integrates an anti-oppressive perspective and foundational practice principles. This textbook aligns with the nine professional social work competencies defined by the Council on Social Work Education's CSWE 2022 Educational Policy and Accreditation Standards (EPAS) and is fully revised to incorporate the latest updates. It offers a comprehensive chapter-by-chapter exploration of each competency and covers all areas of social work practice, including theory, ethics, human rights, social justice, and interventions at micro and mezzo levels. The second edition integrates the critical themes of anti-racism, diversity, equity, and inclusion (ADEI) to ensure future social workers engage

thoughtfully and competently in diverse settings What's New Explicit focus on generalist social work practice Integration of anti-oppressive practice principles throughout Alignment with CSWE 2022 EPAS standards Combined assessment and intervention across chapters Expanded ADEI content in all chapters Key Features Provides comprehensive coverage of generalist practice with individuals families groups organizations and communities Includes case studies ADEI reflections QR linked videos and chapter summaries Students gain competency based skills to practice ethically effectively and inclusively Features instructor resources presentations discussion questions and grading rubrics Written by experts in generalist social work practice uniting theory competencies and applied learning *Encyclopedia of Social Work*, 1965 Group Work Practice to Advance Social Competence Norma C. Lang, 2010 This textbook introduces social work practice with socially unskilled populations or persons who lack social competence and whose group life is likely to be chaotic or nonexistent unless professionally assisted providing guidelines for working with these socially disabled persons in group settings The author outlines the unique pre-group processes of socially unskilled populations and provides a methodology for advancing social competence She also identifies the professional and agency requirements for working with pre-social processes
