Handing One Another Along Literature And Social Reflection:

Handing One Another Along Robert Coles, 2010-08-31 In this book on shaping a meaningful and ethical life the renowned Pulitzer Prize winning author explores how character courage and human and moral understanding can be fostered by reflecting on the lives of others through stories Based on Robert Coles legendary course at Harvard this provocative book addresses such questions as Who are we Where do we come from Where are we going It calls on us to become stronger and more aware by reflecting on ourselves and others with the help of great literature and art Dr Coles shows how the work of writers artists and thinkers of the past two centuries can inspire our own reflections on the daily lives we lead He offers a compelling call to venture outside of our own selves and lives and to listen attentively and with growing humanity to the way others get through life Coles encourages us to examine our own character kindness and complexity by looking carefully at our perceptions of others and by studying the wisdom of authors from Charles Dickens to Flannery O Connor from James Agee to George Orwell and many others In this influential conversation about empathy and engagement Coles inspires us to seek out deeper meaning in our lives and guides us toward achieving greater clarity strength and richness of understanding amid the moral psychological and social complexities of the modern world *The Lord Roars (Theological Explorations for the Church Catholic)* M. Daniel Carroll R., 2022-08-16 The world cries out for a prophetic word to the chaos unrest and destructiveness of our times Can the biblical prophets speak into our world today Old Testament ethicist M Daniel Carroll R shows that learning from the prophets can make us better prepared for Christian witness In this guide to the ethical material of Old Testament prophetic literature Carroll highlights key ethical concerns of the three prophets most associated with social critique Amos Isaiah and Micah showing their relevance for those who wish to speak with a prophetic voice today The book focuses on the pride that generates injustice and the religious life that legitimates an unacceptable status quo both of which bring judgment as well as the ethical importance of the visions of restoration after divine judgment Each of these components in the biblical text makes its own particular call to readers to respond in an appropriate manner The book also links biblical teaching with prophetic voices of the modern era Creative Learning in Higher Education Linda S. Watts, Patrick Blessinger, 2016-07-22 This book provides higher education faculty and administrators a scholarly resource on the most salient aspects and emerging trends in creative learning in higher education today International contributors explore ways to foster creativity in any student regardless of academic discipline or demographic characteristics and demonstrate that creativity is a skill all students can and should learn Chapters analyzes how different countries and cultures implement creative learning exploring issues of instruction assessment and ultimately how these practices are transforming learning This important book helps higher education professionals understand and cultivate creative learning across disciplines in any college and university setting Ex Auditū - Volume 29 Klyne Snodgrass, 2014-06-05 Contents Announcement of the 2014 Symposium Abbreviations Introduction Klyne Snodgrass Visions of Horror Visions of Hope An

Pragmatic Humanism Marcus Morgan, 2016-01-29 Is sociology best understood as simply chipping away at our ignorance about society or does it have broader roles and responsibilities If so to what or perhaps to whom are these responsibilities Installing humanity as its epistemological and normative start and endpoint this book shows how humanism recasts sociology as an activity that does not merely do things or effect things but is also self consciously for something Rather than resurrecting problematic classical conceptions of humanism the book instead constructs its arguments on pragmatic grounds showing how a pragmatic humanism presents an improved picture of both the nature and value of the discipline This picture is based less around the claim that sociology is capable of providing authoritative revelations about society and more upon its capacity to offer representations of the social in epistemologically open transformative ethical and hopeful ways Ultimately it argues that sociology s real value can only be disclosed by replacing its image as a discipline aimed towards disinterested social enlightenment with one of itself as a practice both dependent upon and at its best self consciously aimed towards human ends and imperatives It will appeal to scholars and students across the social sciences and to those working in social theory sociology and philosophy of the social sciences in particular

Puzzling Portraits A.J. Culp, 2013-07-08 How are we to see the Old Testament s characters typically a tangle of both virtue and vice as models for our own ethical living It is clear that Scripture intends for us to embody some qualities while eschewing others and at times these are immediately obvious David s wholehearted pursuit of God is admirable while his adultery with Bathsheba and murder of Uriah are deplorable But more often than not we are left with shades of gray not really knowing whether the narrator approves disapproves or is indifferent to the behavior of these characters The present work seeks to address this issue situating itself at the fault line of the problem character portrayal It argues that often what we take to be the narrator s silence about a character is not silence at all rather the narrator is simply speaking in ways that we are not attuned to By becoming attuned to the voice of biblical narrative and by understanding its role in ethics therefore we are better able to understand the characters as resources for our own ethics This work develops its ideas by leveraging

pertinent literary and ethical models which are then trained upon a particular case in point the Gideon account in Judges 6 8

My Eyes Feel They Need to Cry Martha Aladjem Bloomfield,2013-07-01 As intimate as they are inspiring these stories of transformation drawn from the oral histories of formerly homeless adults testify to the determination of the human spirit and the healing power of sharing one's journey This gripping collection gives voice to the traditionally voiceless inviting men and women from a variety of cultural and ethnic backgrounds to share their experiences of what it was like to live on the streets in cars under bridges and of how they discovered the inner motivation to change the course of their lives in a positive direction An important contribution to understanding how destructive patterns can be broken this book examines some key questions How do those who have suffered from homelessness and the hardships that accompany it find the inspiration and courage to break the seemingly endless cycle transform their lives and become self sufficient What emotional price do they pay When do they realize that enough is enough How do they learn to trust new people when so many have disappointed them Homeless people can and do find a way off the streets as these men and women reveal through their stories paintings and poetry

Sociology Daniel Nehring,Ken Plummer,2014-04-30 This groundbreaking new introduction to sociology is an innovative hybrid textbook and reader Combining seminal scholarly works contextual narrative and in text didactic materials it presents a rich layered and comprehensive introduction to the discipline Its unique approach will help inspire a creative critical and analytically sophisticated sociological imagination making sense of society and the many small and large problems it poses

Cosmopolitan Sexualities Ken Plummer,2016-09-26 How are we to live with the wide varieties of sexuality and gender found across the rapidly changing global order Whilst some countries have legislated in favour of same sex marriage and the United Nations makes declarations about gender and sexual equality many countries across the world employ punitive responses to such differences In this compelling and original study Ken Plummer argues the need for a practical utopian project of hope that he calls cosmopolitan sexualities He asks how can we connect our differences with collective values our uniqueness with

multiple group belonging our sexual and gendered individualities with a broader common humanity Showing how a foundation for this new ethics politics and imagination are evolving across the world he discusses the many possible pitfalls being encountered He highlights the complexity of sexual and gender cultures the ubiquity of human conflict the difficulties of dialogue and the problems with finding any common ground for our humanity Cosmopolitan Sexualities takes a bold critical humanist view and argues the need for positive norms to guide us into the future Highlighting the vulnerability of the human being Plummer goes in search of historically grounded and potentially global human values like empathy and sympathy care and kindness dignity and rights human flourishing and social justice These harbour visions of what is acceptable and unacceptable in the sexual and intimate life Clearly written the book speaks to important issues of our time and will interest all those who are struggling to finding ways to live together well in spite of our different genders and sexualities

The Hebrew Prophets after the Shoah Hemchand Gossai, 2014-06-30 The Shoah is without question the defining moment in modern history and it has transformed the manner in which the Bible is read and how God is understood Questions that hitherto were rarely posed publicly must now be posed and the human drama born out of exile bondage and genocide must be reckoned with in a new light These are issues that are predicated on a faithful God to whom challenging and even unanswerable questions must be voiced So how might the Hebrew prophets address such contemporary issues as imperial militarism eminent domain trust and trauma hunger and power memory and shame blame and self critique madness and exceptionalism The daring words of the Hebrew prophets must have voices of testimony and witness in our time This book speaks to that challenge

Why Men Hurt Women and Other Reflections on Love, Violence and Masculinity

Kopano Ratele,2022-09 This book represents Kopano Ratele s meditations on love violence and masculinity Men in our society Ratele contends suffer from an unrecognised painful yet consequential love hunger that sets in during boyhood This need for love may lie at the root of some masculine violence Ultimately the book seeks to imagine the possibility of a more loving masculinity in a society awash with violence Ratele argues that just as the beliefs and practices relating to gender sexuality and the nature of love are constantly being challenged and revised so our ideas about masculinity and men s and boys capacity to show genuine loving care for each other and for women can evolve too Back cover Concept Work Jason
