Happy Kids: The Secrets to Raising Well-Behaved, Contented Children Cathy Glass, 2010-05-13 A fresh and practical guide to successfully managing children's behaviour from babies to young adults **Happy Kids** Cathy Glass, 2010-03 A fresh and practical guide to successfully managing children's behaviour from babies to young adults Cathy Glass 3-Book Self-Help Collection Cathy Glass, 2014-01-09 Sunday Times and New York Times bestselling author and foster carer Cathy Glass three self help guides *Happy Kids* *Happy Adults* and *Happy Mealtimes for Kids* now available for the first time in a single volume The Publishers Weekly ,2005 The Secrets to Happy Parenting, Happy Kids Nijel James, 2022-04-10 There are several challenging phases in one's life and parenthood is one of them In my quest to become a better parent by understanding the psychology of a child's mind I have discovered that many parents become depressed because the challenges of parenthood seem to be overwhelming However parenting can be made easy if you have the proper knowledge about what parenting ought to be As much as parenting requires intentionality and hard work it shouldn't take our happiness and life away Our approach to parenting determines whether we will be happy parents who will raise happy and well behaved kids or not The Secret to Happy Parenting *Happy Kids* is written to help you understand how different parenting styles affect the development of your kids While you may become worried that you have a child who always throws tantrums as was the case with my wife or acts cold towards you you need to pause and check your parenting styles and what you are not doing right Kids are like a computer garbage in garbage out So the question is what are you inputting into your children No child is naturally bad or good the parents efforts and inputs make the difference between children who make their parents happy and vice versa You can't assume that you know or have all it takes to raise a well behaved kid because in parenting like any other thing learning never ends This book is not to judge or dictate how to train your child it only provides well researched and practical steps that will help you to raise happy kids I have extensively explained many topics that may seem new to you about parenting and raising kids Therefore I advise that you take your time reading this book and practice the tips and skills of parenting designed to help you raise children that will make you smile now and in the nearest future
