The Home Guard Training Pocket Manual Lee Johnson, 2019-02-19 Excerpts from the many unofficial manuals avidly bought by members of the British Home Guard desperate to prepare for invasion during World War II How would you clear a stoppage on a Bren Gun while in action What is the most effective way to clear a wood of enemy forces How best could you counter a landing by enemy airborne forces in your area What measure can you take to help ensure accurate rifle fire at night What qualities should you look for when selecting a patrol commander Just a few of the practical questions posed and answered in the selection of publications included in The Home Guard Training Pocket Manual Numerous manuals and training pamphlets were privately published during World War II to supplement the slim official Home Guard manual produced by the War Office Covering everything from patrolling night fighting drill and small arms proficiency to the legal powers of the Home Guard these manuals were welcomed by the men of local Home Guard units keen to do everything possible to prepare for possible invasion when they would be the first line of defense This pocket manual collates a selection of material from these fascinating publications often written by serving soldiers and reprinted multiple times due to demand

The Home Guard Fieldcraft Manual ... With ... Illustrations John Langdon-Davies, 1942

Britain's Final Defence Dale Clarke, 2016-11-07 Known affectionately as Dad's Army the Home Guard was Britain's very serious attempt to protect our shores from invasion by Nazi Germany in the Second World War In the Spitfire summer of 1940 all that the 1 million unpaid untrained part timers of the Local Defence Volunteers as the organisation was originally called wanted was a service rifle for each man but even that was too much for a country threatened by defeat to provide Britain's Final Defence is the first book to explore the efforts made to arm the home defence force between 1940 and 1944 and describe the full range of weaponry available for Britain's last stand against invading Axis forces

In Search of the Real Dad's Army Stephen M. Cullen, 2012-02-29 A fascinating examination of one of the best known British forces of the Second World War An efficient and increasingly professional military unit History of War What was the Home Guard Who were the men and women who served in it And what can be said of their real role and significance once the popular myths have been stripped away Despite the fame of the Home Guard of Dad's Army the true story of this wartime organization tends to be neglected The myths obscure the reality Stephen Cullen's aim in this thoroughgoing new study is to cut through the misunderstandings in order to reassess the Home Guard and its contribution to Britain's war effort and to deepen our understanding of the men and women who were members of it He sets the Home Guard in the long historical context of domestic defense planning then focuses on the preparations made before the outbreak of the Second World War In detail he traces the changing role of the Home Guard during its wartime existence as it adapted to meet the multitude of challenges it

faced from civil defense and intelligence gathering to training for guerrilla warfare This enjoyable and well illustrated book covers the rags to riches story of the Home Guard from the 1940 volunteer in civilian clothing armed with a keepsake from an earlier war to the fully trained and equipped part time soldier The Armourer An interesting and accurate account of a force that was in fact a well drilled well organised and by wars end a very professional fighting unit by the time of its stand down in 1944 WW2 Connection *Contesting home defence* Penny Summerfield,Corinna Peniston-Bird,2013-07-19

Contesting home defence is a new history of the Home Guard a novel national defence force of the Second World War composed of civilians who served as part time soldiers it questions accounts of the force and the war which have seen them as symbols of national unity It scrutinises the Home Guard s reputation and explores whether this people s army was a site of social cohesion or of dissension by assessing the competing claims made for it at the time It then examines the way it was represented during the war and has been since notably in Dad s Army and discusses the memories of men and women who served in it The book makes a significant and original contribution to debates concerning the British home front and introduces fresh ways of understanding the Second World War *Second World War Infantry Tactics* Stephen

Bull,2020-01-31 This wide ranging military study examines WWII infantry tactics and operations on both sides through the battlefields of Europe The dirty and dangerous frontlines of World War II belonged to the men who fought in the infantry Yet the history of infantry tactics is too rarely studied and often misunderstood Stephen Bull corrects this oversight with an in depth account of infantry theory and combat experience covering the British German and American Armies in the European theater of operations Bull s close analysis of the rules of engagement the tactical manuals the training and the equipment is balanced by vivid descriptions of the tactics as they were tested in action These operational examples show how infantry tactics on all sides developed as the war progressed and they give a telling insight into the realities of infantry warfare To the Last Man Malcolm Atkin,2019-04-30 This historical study of the UK s WWII homeland defense service dispels the propaganda and pop culture myths to reveal its true wartime role In 1940 Britain formed an armed citizen militia to act as the first line of defense in case of Nazi invasion an essential if suicidal mission intended to buy time for the organization of regular forces Officially they were the Home Guard Later a British sitcom that ran for nearly a decade in the 60s and 70s dubbed them Dad s Army That show contributed to a distorted perception of the Home Guard that persists today But as Malcolm Atkin reveals in this thought provoking book the Home Guard s image was manipulated from its earliest days Sifting through official documents and contemporary histories as well as stories artwork and poetry of the era and comparing these with postwar films and histories Atkin explores how the myths of the Home Guard arose and were exploited He also shows how the strong sense of gallows humor amongst its volunteers which fits in with a long tradition of self deprecating humor in the British army was taken out of context and became the basis of the TV series To the Last Man strips back the myths analyzing how the modern perception has evolved The result is a new gritty and sometimes shocking appreciation of the role

that the Home Guard was expected to play in the Second World War

continuation of the tactics mini series this book analyzes the physical tactics of the close quarter fighting that took place in ruined cities during World War II Street to street fighting in cities was not a new development but the bombed out shells of cities and advances in weaponry meant that World War II took such strategies to a new level of savagery and violence Packed with eye witness accounts tutorials from original training manuals maps and full colour artwork this is an eye opening insight into the tactics and experiences of infantry fighting their way through ruined cities in the face of heavy casualty rates and vicious resistance **The Register of Tonbridge School from 1861 to 1945** Tonbridge School, Tonbridge, England, 1951

The British Home Guard Pocketbook A.F.U. Green, 2018-03-22 The Home Guards are an attacking force lying in wait for and ready to destroy an enemy who dares to set foot on our shores The Home Guard has been immortalised in British culture in the TV series Dad's Army Formed by men not eligible for active service too old too young in reserved occupations vital to the war effort who were expected to resist a German invasion with any resources they had to hand the Home Guard is the embodiment of plucky British resolve against the odds The Home Guard Pocket Book evokes this spirit Written by Brig Gen Green commanding 4th battalion Sussex Home Guard and Training Adviser for the Sussex Zone this book is based on his experience and in his own words is the result of my ransacking the dusty pigeon holes of memory and the condensation of many books official instructions and writings Its tone is informal and colloquial such as March discipline Troops will always march off the parade ground at the Slope As soon as this has been done the order March at Ease should be given When marching at ease the rifle may be carried in any way a soldier fancies Nevertheless the book is full of sound advice on training organisation and discipline fire arms reconnaissance and field engineering the responsibilities of the Group Pigeon Officer the proper position to adopt for surviving a dive bomb attack and how to set a trap for an unwary advancing German cyclist
