These distinctions are discussed throughout the publication. Separate chapters address the estate planning uses of all types of grantor trusts: GRATs and GRUTs, PRTs and QPRTs, IDGTs. Grantor trust issues are involved in the design of certain charitable trusts, notably charitable lead trusts, and these are discussed in detail. Coverage of foreign grantor trusts, which is increasingly a topic of planning interest and government concern, is included as well. The fact that grantor trusts are subject to special income tax filing and reporting rules is discussed. The role grantor trusts may have in planning for life insurance ownership, like-kind
