The Homeless Mind Peter L. Berger, Brigitte Berger, Hansfried Kellner, 1973 **The homeless mind** Peter L. Berger, 1977 **The Homeless Mind** Peter L. Berger, Hansfried Kellner, Brigitte Berger, 1971 **The Homeless Mind** Peter Ludwig Berger, 1981 *The homeless minds: modernization and consciousness* Peter L. Berger, 1973 *Peter Berger and the Study of Religion* Paul Heelas, David Martin, Linda Woodhead, 2013-07-04 Peter Berger is the most influential contemporary sociologist of religion This collection of essays is the first in depth study of his contribution to the field providing a comprehensive introduction to his work and to current thought in the study of religion Themes addressed include Berger on religion and theology Religion spirituality and the discontents of modernity Secularization and de secularization A postscript by Peter Berger responding to the essays completes this overview of this major figure s work *Race, Modernity, Postmodernity* W. Lawrence Hogue, 1996-10-03 Reads and interprets eight works of literature by people of color foregrounding the philosophical debate about modernity vs postmodernity rather than solely issues of race *Damaged Life* Tod Stratton Sloan, 1996 A powerful and progressive analysis of modernity s impact on the psyche Tod Sloan discusses the implications of postmodern theory for psychology and proposes concrete responses to address the issue of mass suffering of the modern self *Megachurch Christianity Reconsidered* Wanjiru M. Gitau, 2018-10-16 In this case study of Kenya s Nairobi Chapel and its daughter Mavuno Church Wanjiru M Gitau offers analysis of the rise growth and place of megachurches worldwide in the new millennium This engaging account centers on the role of millennials in responding to the dislocating transitions of globalization in postcolonial Africa and around the world gleaned practical wisdom for postdenominational churches everywhere *After Emancipation* David Ellenson, 2004-12-30 David Ellenson prefaces this fascinating collection of twenty three essays with a remarkably candid account of his intellectual journey from boyhood in Virginia to the scholarly immersions in the history thought and literature of the Jewish people that have informed his research interests in a long and distinguished academic career Ellenson President of the Hebrew Union College Jewish Institute of Religion has been particularly intrigued by the attempts of religious leaders in all denominations of Judaism from Liberal to Neo Orthodox to redefine and reconceptualize themselves and their traditions in the modern period as both the Jewish community and individual Jews entered radically new realms of possibility and change The essays are grouped into five sections In the first Ellenson reflects upon the expression of Jewish values and Jewish identity in contemporary America explains his debt to Jacob Katz s socio religious approach to Jewish history and shows how the works of non Jewish social historian Max Weber highlight the tensions between the universalism of western thought and Jewish demands for a particularistic identity In the second section *The Challenge of Emancipation* he indicates how Jewish religious leaders in nineteenth century Europe labored to demonstrate that the Jewish religion and Jewish culture were worthy of respect by the larger gentile world In a third section *Denominational Responses* Ellenson shows how the leaders of Liberal and Orthodox

branches of Judaism in Central Europe constructed novel parameters for their communities through prayer books legal writings sermons and journal articles The fourth section Modern Responsa takes a close look at twentieth century Jewish legal decisions on new issues such as the status of women fertility treatments and even the obligations of the Israeli government towards its minority populations Finally review essays in the last section analyze a few landmark contemporary works of legal and liturgical creativity the new Israeli Masorti prayer book David Hartman's works on covenantal theology and Marcia Falk's Book of Blessings As Ellenson demonstrates The reality of Jewish cultural and social integration into the larger world after Emancipation did not signal the demise of Judaism Instead the modern setting has provided a challenging context where the ongoing creativity and adaptability of Jewish religious leaders of all stripes has been tested and displayed

Class, Individualization and Late Modernity W. Atkinson, 2010-10-13 This book puts to the test the prominent claim that social class has declined in importance in an era of affluence choice and the waning of tradition Arguing against this view this study vividly uncovers the multiple ways in which class stubbornly persists *Secularization* Steve

Bruce, 2013-01-11 The decline in power popularity and prestige of religion across the modern world is not a short term or localized trend nor is it an accident It is a consequence of subtle but powerful features of modernization Renowned sociologist Steve Bruce elaborates the secularization paradigm and defends it against a wide variety of recent attempts at rebuttal and refutation Using the best available statistical and qualitative evidence Bruce considers the implications for the

John Millington Synge Seán Hewitt, 2021 A thorough re assessment of one of Ireland's major playwrights J M Synge 1871-1909 Using much previously undiscussed archival material the book takes each of Synge's plays and prose works tracing his journey from an early Romanticism to a later more combative modernism *Education in a Postfactual World* Patrick M Whitehead, 2017-12-18 In this book Whitehead argues against the fact minded orientation of education and the practice of science It is not that facts are unhelpful but they have become a substitute for learning learning is now tantamount to fact memorization This change handicaps students by eliminating the possibility of creativity curiosity and critical thinking it handicaps science by limiting the kinds of questions that can be asked and where to look for answers and ultimately puts people out of touch with their experience The problem is fact mindedness Facts are the relics of enlightenment thinking They represent unbiased and unquestionable truth about our universe The more you collect the more you know the more you know the more powerful you are the more powerful you are You get the picture It is a familiar theme from the middle of this past century and has been described by contemporary physicists theoretical biologists continental philosophers humanistic psychologists learner centered teachers among many many others Unfortunately college students are seldom exposed these ideas and have to wait until they reach graduate school before they wonder if their learning experience may have been different The goal is to make those ideas accessible here by translating the cumbersome obscure and turgid expression of these ideas into twenty first century examples that are more applicable and meaningful for undergraduates and the educated

public It is argued that judgment must always be applied to matters of fact That is to say the fact is not the end of the story That gravity compels bodies does not substantiate itself it is a way of describing the relationships between bodies Gravity helps us better understand physical relationships but by itself and outside of any meaningful context that fact of gravity is useless

'Diese merkwürdige Kleinigkeit einer Vision' David Clarke, 2021-11-15 Christoph Hein is one of the best known authors of the former GDR and his works of fiction have been widely interpreted as responses to and critiques of socialist society In this study David Clarke undertakes a detailed analysis of all of Christoph Hein's major works of fiction from *Der fremde Freund* 1928 to *Willenbrock* 2000 in order to explore Hein's critique of the GDR regime whilst also demonstrating how aspects of that critique provided a starting point for Hein's rejection of capitalism both before and after German unification For Hein socialism had failed to make good its promise to create a community bound together by common values and goals preferring instead to impose conformity upon its citizens Capitalism he believed was equally unable to meet the need for community and Hein sought to demonstrate the consequences of this state of affairs in the figure of W rle in his first post unification novel *Das Napoleon Spiel* 1993 After this point Clarke argues Hein was nevertheless forced to re examine his criticism of capitalism a process which ultimately led to the more differentiated and convincing portrayal to be found in *Willenbrock*
