Inside the Roman Legions Kathryn Milne, 2024-06-13 Takes the career of Spurius Ligustinus detailed by the Roman historian Livy as a focus giving a very human and empathetic approachability to the author's lucid and thorough analysis Inside the Roman Legions aims to tell the story of the Roman soldier through a holistic empathetic examination of what the experience of military service in the Middle Republic was really like It traces real examples of soldiers described in the ancient sources to reveal how they traveled how they were organized and what campaign objectives they faced Specifically the author follows the ordinary soldier Spurius Ligustinus whose life is related by the historian Livy as an example detailing the experiences of his career The book begins by discussing the young future soldier's background and what military values were conveyed to him through the prevailing culture of the time It then follows him through a range of potential experiences examining camp conditions and training with various types of weapons and armor and proceeds to take the reader through the experience of fighting in a pitched battle step by step It also addresses experiences that only some soldiers would have had such as escaping a total defeat deserting or being subject to unusual punishments Throughout the focus of the book is on how the individual might be shaped by the experiences as they are described The History of Zonaras Thomas
