Mexico OECD,2011-06-30 This public governance review of Mexico examines the regulatory framework in Mexico explains how the government could be used to find new approaches to old challenges and looks at the challenge of professionalising public servants in Mexico

Cost-Benefit Analysis of Multi-Level Government Alessandro Ferrara,2010-04-05 This book provides an original framework to assess public investment policies co-financed by Union Federal governments This framework is applied to two important case studies the EU Cohesion Policy and the US Federal Investment Policies Cost-Benefit Analysis of Multi-Level Government sheds light on a number of outstanding issues of economic theory by extending the theory of shadow prices and provides guidance to real world decision makers In particular the following questions are addressed Under which theoretical circumstances higher level government intervention in Member States through investment policies is justified Is there any new welfare economics rationale underpinning interregional equity What is the relationship between interregional and interpersonal income distribution How can social exclusion be included in cost-benefit tests How can higher level government budget funds to investment policies before it bargains programming documents with lower tiers of government by considering also their response function In these circumstances how can optimal matching rates be derived assuming binding and non-binding budgetary constraints Can such a theoretical framework be applied for guidance to real world decision makers The book will be of interest to policy makers postgraduate students and researchers in cost-benefit analysis welfare economics public choice public finance multi-level government economics and income distribution issues

Books in Print ,1991 **The New Beacon** ,1985 *Contract Governance* Stefan Grundmann,Florian Möslin,Karl Riesenhuber,2015-07-23 This book introduces and develops Contract Governance as a new approach to contract theory While the concept of governance has already been developed in Williamson's seminal article it has ironically not received much attention in general contract law theory Indeed Contract Governance appears to be an important and necessary complement to corporate governance and in fact as the second equally important pillar of governance research in the core of private law With this in mind Grundmann Möslin and Riesenhuber provide a novel approach in setting an international and interdisciplinary research agenda for developing contract law scholarship Contract Governance focuses particularly on the ways in which a governance perspective leads to research questions that have been neglected in traditional contract law scholarship and how from a governance perspective the questions are dealt with in a different manner and style Combining substantive chapters and commentaries this collection of essays addresses an array of topics including third party impact and contract governance problems in herd behaviour governance of networks of contracts governance in long term contractual relationships contract governance and rule setting and contract governance and political dimensions

Economica ,1994 The British National Bibliography Arthur James Wells,1994 **Maryland Manual** ,1953 **Fairs, Cities and Merchants** Jean-Louis Gaulin,Susanne Rau,2025-03-31 Today it has largely been forgotten that fairs played a decisive role in trade and finance in pre-modern Europe In the Middle Ages and Early Modern

period many cities endeavoured to obtain a fair privilege and attract as many merchants as possible Through the economic activities and infrastructures provided a supra regional spatial configuration gradually emerged which was not only made up of places within a region but across the whole of Europe and in some cases the wider world The contributions in this volume are based on a project jointly funded by the French Agence Nationale de la Recherche and the German Research Foundation which focussed mainly on fairs and cities in France the Holy Roman Empire and Italy In chronological terms they cover the period from the end of the Champagne fairs ca 1320 to the success of the Besan on fairs ca 1580 to 1630 which epitomised a new type of fair The geographical focus has been extended to include fairs and trade routes in Eastern Europe and China temple fairs This overall view makes it possible for the first time to analyse the functions of the various market forms in their regional context and in their development from the exchange of goods to the credit market and financing government debt but also the deep integration of the merchant culture into urban and religious culture Based on archival studies and the integration of artefacts new graphs and maps this volume provides a new look at the history of annual markets and fairs In addition to functional aspects spatiotemporal aspects such as disputes over fair dates visiting rhythms the transport of goods and routes by land and water are dealt with Credit activities transport of goods and mobility of merchants trading families and companies point to the highly developed transnational dimension of pre modern trade The volume concludes with a presentation of the project database its functionalities and opportunities to participate

The State of Food and Agriculture 2019 Food and Agriculture Organization of the United Nations,2019-10-14 The need to reduce food loss and waste is firmly embedded in the 2030 Agenda for Sustainable Development Food loss and waste reduction is considered important for improving food security and nutrition promoting environmental sustainability and lowering production costs However efforts to reduce food loss and waste will only be effective if informed by a solid understanding of the problem This report provides new estimates of the percentage of the world s food lost from production up to the retail level The report also finds a vast diversity in existing estimates of losses even for the same commodities and for the same stages in the supply chain Clearly identifying and understanding critical loss points in specific supply chains where considerable potential exists for reducing food losses is crucial to deciding on appropriate measures The report provides some guiding principles for interventions based on the objectives being pursued through food loss and waste reductions be they in improved economic efficiency food security and nutrition or environmental sustainability
