Lorenz,2012-04-01 A thought provoking investigation of an urgent issue facing American communities today Edward C Lorenz s book examines the intersection of corporate irresponsibility and civic engagement At the heart of this case study is a group of firms responsible for seven of the most contaminated Superfund sites in the United States the largest food contamination accident in U S history stunning stock and financial manipulations and a massive shift of jobs off shore In the face of these egregious environmental employee and investor abuses several communities impacted by these firms organized to confront and combat failures in corporate and bureaucratic leadership winning notable victories over major financiers lobbyists and indifferent or ineffective government agencies A critical analysis of public and private leadership business and economic ethics and civic

life this book concludes with a stirring blueprint for other communities facing similarly overwhelming opposition The Church and the Surprising Offense of God's Love (Foreword by Mark Dever) Jonathan Leeman, 2010-01-08 When the world speaks of love it often means unconditional acceptance Many churches have adopted this mind set in their practice of membership and discipline if they have not done away with such structures entirely Yet God's love and God's gospel are different than what the world expects writes Jonathan Leeman They're centered in his character which draws a clear boundary between what is holy and what is not It's this line that the local church should represent in its member practices because the careful exercise of such authority is God's means for guarding the gospel marking off a people and thereby defining his love for the world So how should churches receive and dismiss members How should Christians view their submission to the church Are there dangers in such submission The Church and the Surprising Offense of God's Love responds with biblical theological and practical guidance from both corporate and individual perspectives It's a resource that will help pastors and their congregations upend worldly conceptions and recover a biblical understanding and practice of church authority Greed, 2004 **Animated Parables** Terry Lindvall, 2022-12-13 Generally neglected for their rhetorical power animated cartoons provide a treasure chest of provocative and comic gems that teach about the seven deadly sins After a brief history of parables and fables icons and visual communication this book explores each of the seven deadly sins as represented in short animated films from Disney Pixar the Warner Brothers and international animators Terry Lindvall argues that attending to the tropes of the cartoons leads to exemplary and revelatory discoveries to seeing more of what pride envy wrath sloth avarice gluttony and lust mean across cultures and historical eras The Psychology of Emotions and Humour in Buddhism Padmasiri de Silva, 2018-08-31 This book examines the psychological dimensions of emotions and humour in Buddhism While there is a wealth of material concerning human emotions related to humour and the mindful management of negative emotions very little has been written on the theory of Buddhist humour Uniting both Buddhist and Western philosophy the author draws upon the theory of incongruity humour espoused by figures such as Kierkegaard Kant and Hegel and absorbed into the interpretation of humour by the Buddhist monk and former Western philosopher Ananda Coomaraswamy The author makes extensive use of rich primary sources such as the parables used by Ajahn Brahm while interweaving Western theories and philosophies to illuminate this original study of humour and emotion This pioneering work will be of interest and value to students and scholars of humour Buddhist traditions and existentialism more widely
