Green Facilities Handbook Simple And Profitable Strategies For Managers:

Green Facilities Handbook Eric Woodroof, 2020-12-17 Meeting a need in the marketplace for information on how to operate a sustainable facility and reduce carbon emissions the Green Facilities Handbook clearly explains why green business is good business and delineates practical strategies to green your operations in energy and management The book explores issues in the greening of a facility including janitorial considerations fuel choices for fleets and recycling Additional information is provided on carbon reduction terminology monitoring and reporting and carbon trading as well as offset strategies Special bonus chapters include valuable information on financing and procedures for green marketing *Green Facilities Handbook* Eric A. Woodroof, 2009 *Greening Libraries* Monika Antonelli, Mark McCullough, 2012 It is difficult to turn on the television or read a news story today without learning about how green and sustainable practices are being implemented throughout society Libraries are not exempt from these broader trends In some cases libraries and librarians have been at the forefront of these efforts Greening Libraries provides library professionals with a collection of articles and papers that serve as a portal to understanding a wide range of green and sustainable practices within libraries and the library profession The book's articles come from a variety of perspectives on a wide range of topics related to green practices sustainability and the library profession Greening Libraries offers an overview of important aspects of the growing green library movement including but not limited to green buildings alternative energy resources conservation green library services and practices operations programming and outreach *Energy Effectiveness* Sandra McCardell, 2018-06-19 This book describes practical ways to understand energy and water use in organizations and then manage or control that use thereby reducing risk and cost The author presents a strategic framework to focus on the types of questions that should be addressed internally Including evaluation of potential projects planning and implementing energy projects and evaluating results The premise is that no modern organization can exist without energy despite the fact that energy is also one of the mandatory inputs that receives little to no attention in most organizations This work highlights methodologies and projects that illuminate ways in which energy management is central to an organization's success considering in each case the four main determinants of energy use People Buildings Equipment Processes and the Environment The book constitutes a complete energy savings resource for business owners middle managers and building and energy managers providing options free tools and flexible project templates **High-Performance Buildings** Anthony Robinson, MS, 2020-12-17 This book provides a blueprint for action for readers making decisions about how to improve the energy efficiency and performance of new or existing buildings Suitable for both seasoned veterans and new managers it takes an objective and orderly approach to what is often a complex costly and time consuming process The book presents fundamental principles illustrated with case studies It thoroughly covers the topics in a concise technically accurate way The book is designed for architects engineers and construction managers **The Cornell School of Hotel Administration Handbook of Applied**

Hospitality Strategy Cathy A. Enz, 2010-07-14 This state of the art handbook approaches the topics of hospitality strategy with an emphasis on immediate application of ideas to current practice Top hospitality scholars make original contributions with the inclusion of senior level executives input insights and current best practices By incorporating the latest research and thinking on various strategic topics with the commentary and insights of successful executives this handbook blends cutting edge ideas and comprehensive reviews of the subject with innovative illustrations and examples from practice The strength of the handbook is its combination of academic rigour and hospitality application The handbook will have a clear reference orientation and focus on key topical issues and problem of interest to practitioners and advanced students of hospitality strategy
