Reconsidering the Book of the Four Nicholas R. Werse, 2019-05-20 Although many scholars recognize literary similarities between Hosea Amos Micah and Zephaniah defining the compositional relationship between these texts remains a matter of debate Following the scholarly trajectory of exploring the compositional relationship between the Twelve prophets several scholars argue that these four

prophetic texts formed a precursory collection to the Book of the Twelve Yet even among advocates for this Book of the Four there remain differences in defining the form and function of the collection By reexamining the literary parallels between these texts Werse shows how different methodological convictions have led to the diverse composition models in the field today Through careful consideration of emerging insights in the study of deuteronomism and scribalism Werse provides an innovative composition model explaining how these four texts came to function as a collection in the wake of the traumatic destruction of Jerusalem This volume explores a historic function of these prophetic voices by examining the editorial process that drew them together

The Early Reception of the Book of Isaiah Kristin De Troyer, Barbara Schmitz, 2018-12-17

This volume brings together a lively set of papers from the first session of the Deuterocanonical and Cognate Literature program unit of the Society of Biblical Literature Annual Meeting in 2016 Together with a few later contributions these essays explore a number of thematic and textual issues as they trace the reception history of the Book of Isaiah in

Deuterocanonical and cognate literature

"Isaiah Saw His Glory" Daniel J. Brendsel, 2014-10-29 The influence of Isaiah on John's narrative and theology has long been recognized but it has yet to receive monograph length attention This study is a beginning attempt to fill that void through an examination of the use of Isaiah in the crucial hinge of John's gospel John 12 1 43 Beginning with a reading of Isaiah 40 55 illustrating a way in which early Christians may have read this important section of Scripture the bulk of the study examines the pericopes in John 12 1 43 seeking to identify and interpret John's use of Isaiah 52 53 It is concluded that a reading of this well known Isaianic text rooted within its broader context in Isaiah together with the mediating influence of other texts notably Isa 6 9 10 and Zech 9 9 10 has fueled much Johannine theology Christology and ecclesiology Moreover mirroring the progression of Isa 52 7 53 1 in John 12 is the author's way of underlining Jesus identity as the Servant of God and announcing that the second exodus prophesied by Isaiah is secured by the rejection and death of Jesus

The Hebrew Bible John Barton, 2021-08-31 This is a general interest introduction to the Old Testament from many disciplines There are 23 essays with 23 individual reference lists

Bind Up the Testimony

Daniel Isaac Block, Richard L. Schultz, 2015-01-01 Bind Up the Testimony is a collection of essays from a colloquium held at Wheaton College in 2013 It brings together a variety of evangelical responses to the differing conclusions of mainstream and conservative scholars regarding the authorship and dating of the book of Isaiah Some claim that multiple authors wrote the Book of Isaiah while others believe an 8th century B C Judean prophet penned the entire work Offering a more nuanced view a diverse group of evangelical scholars suggests that careful attention to the complex history of the text need not be a hindrance in accepting it as divinely inspired Scripture

The Resurrection of Jesus in the Gospel of Peter Jeremiah J. Johnston, 2016-01-28 All four canonical gospels identify the resurrection of Jesus yet none detail the exact moment of its happening The absence of this narrative detail was hotly contested in the second century when critics derided a resurrection account without credible witness Thus the discovery of the Akhmim fragment at the end of the 19th century which purports

to provide exactly that detail is a huge and surprisingly under utilised addition to Biblical scholarship of the Apocryphal gospels Johnston examines both the impact of this discovery on the scholarship at the time and argues for the dating of the fragment to the second century AD He identifies shared characteristics with other documents from this period including a rise in anti semitic feeling and developments in concepts of the afterlife and makes a claim for this fragment being the text that aided the development of these movements The Second Century was the key time in which the non canonical Biblical texts were established It was also the era in which theologies which would become orthodox in the third century were penned and defined The significance then of dating the Akhmim fragment to the second century AD is huge This work will be of great use to scholars of Second Temple Judaism and those with an interest in the creation of the ideas that surround scholarship of the Bible
