Riddell, Peter Cotterell, 2003-07-01 In recent months much attention has been paid to Islam and the greater Muslim world Some analysis has been openly hostile while even more has been overly simplistic Islam in Context goes behind the recent crisis to discuss the history of Islam describe its basic structure and beliefs explore the current division between Muslim moderates and extremists and suggest a way forward Authors Peter G Riddell and Peter Cotterell draw from sources such as the Qur an early Christian chronicles of the Crusades and contemporary Muslim and non Muslim writings They move beyond the stereotypes of Muhammad both idealized and negative and argue against the myth that relatively recent events in the Middle East are the only cause for the clash between Islam and the West Riddell and Cotterell ask the non Muslim world to attempt to understand Islam from the perspective of Muslims and to acknowledge past mistakes At the same time they challenge the Muslim world by suggesting that Islam stands today at a vital crossroads and only Muslims can forge the way forward Islam in Context will appeal to all those who are interested in an alternative to the easily packaged descriptions of the relationship between Islam and the West *THE GUIDE TO ANSWERING ISLAM* Daniel Janosik, 2019-01-26 The average Christian knows somewhat how dangerous radical Islam is because of the regular media coverage of beheadings of Christians Jews and even young little children not to mention Muslims with which they disagree However the average Christian does not know their true beliefs just how many there are to the extent they will go to carry out these beliefs Daily we find Islamic commentators on the TV and radio offering up misleading information quoting certain portions of the Quran while leaving other parts out When considering Islamic beliefs other Islamic writings must be considered like the Hadith or Sunnah and the Shariah or canon law While Islam in general does not support radical Islam the vast majority do support radical beliefs For example beheadings stoning for adultery or homosexuality suicide bombings turning the world into an Islamic state and far too many other heinous things THE GUIDE TO ANSWERING ISLAM provides Christians with an overview of Islamic terminology The reader will learn about Muhammad s calling the history of the Quran how Islam expanded the death of Muhammad and the splinter groups that followed In addition the three sources of their teaching six pillars of belief five pillars of Islam the twelfth Imam and much more will be discussed While there are several books on Islam and radical Islam this will be the first that will prepare its readers to communicate effectively with Muslims in an effort toward sharing biblical truths THE GUIDE TO ISLAM will be an effective evangelism tool In addition each chapter will end with review questions

helping the reader recall the main points of the chapter Therefore it can be studied alone or in a church Bible study setting

THE GUIDE TO ANSWERING ISLAM has the contents constructed in a way that will greatly serve the Christian Church

There are many recent books written by Christians about Islam and there are many books written recently about radical Islam However none of these recent books attempts to do what has been done which is to give an adequate portrayal of Islam critiqued by history and Christian doctrine and then culminating in an extensive evaluation of the rise of Radical Islam from a Christian s perspective
