**Beyond Bible Basics** Duncan Heaster,1999      **Israel II** Miss K J Frolander,2014-05-14 God chose Israel as a prototype to demonstrate to the world His character when He is engaging with not just individuals but with a whole nation Israel is a real life object lesson as well as the Beloved Chosen People If we don t understand Israel we don t fully understand the Bible This book digs into this grand unfolding plan of a living God who is active in the lives of Gentiles and Jews individuals and nations by providing an understanding of how we came to our modern secular worldview studying God s intention in communication with the Hebrew language the underlying philosophy that led to the Holocaust and uncovering little known stories of how God worked in the lives of the Jews throughout history      Beyond Basic Care Roy I. Malaysia Kevin YL Tan, HP Lee, 2025-07-10 This book presents an in depth interrogation of the theory and application of the Basic Structure Doctrine in the Federation of Malaysia The Basic Structure Doctrine famously introduced in the 1973 Indian Supreme decision of Kesavananda Bharati v State of Kerala AIR which held that certain core or fundamental features in the Constitution of India could not be amended by Parliament even if it met all procedural requirements was initially rejected when it was first argued in Malaysia in the 1975 case of Loh Kooi Choon v Government of Malaysia and lay dormant for the next three decades Judicial winds shifted in 2010 when Malaysia's apex court the Federal Court cited Kesavananda with approval in the case of Sivarasa Rasiah v Badan Peguam Malaysia and royalists and republicans on the ground The Handbook of Israel's Political System Itzhak Galnoor, Dana Blander, 2018-04-30 There is growing interest in Israel's political system from all parts of the world This Handbook provides a unique comprehensive presentation of political life in Israel from the formative pre state period to the present The themes covered include political heritage and the unresolved issues that have been left to fester the institutional framework the Knesset government judiciary presidency the state comptroller and commissions of inquiry citizens political participation elections political parties civil society and the media the four issues that have bedevilled Israeli democracy since its establishment security state and religion the status of Israel's Arab citizens and economic inequities with concomitant social gaps and the contours of the political culture and its impact on Israel's democracy The authors skilfully integrate detailed basic data with an analysis of structures and processes making the Handbook accessible to both experts and those with a general interest in Israel **Israel Among the Nations** Alfred E. Kellermann, Kurt Siehr, Talia Einhorn, 2025-02-10 This book written on the occasion of Israel's 50th Anniversary underlines the tension between Israel the unique Jewish State among nations and Israel a nation like many others On the one hand it analyzes her special features the founding of the State Israel's contributions to the development of the Law of Nations and her complex relations with the United Nations On the other hand it cautions against originality where harmony is required Citizens can only enjoy their rights and freedoms if constitutionalism and constitutional values are given a firm legal basis Legislation and jurisprudence must provide them with the certainty and the security needed to acquire rights conduct their affairs and engage in transactions both domestic and foreign The experience gained in the European Community and other European States on their road to harmonization could provide helpful guidance Religion in the Public Sphere: A Comparative Analysis of German, Israeli, American and International Law Winfried Brugger, 2007-06-22 How closely connected should church and state be May a state endorse the role and meaning of religion at all Can it treat distinct religious groups differently This book addresses these questions and more through a portrayal and comparison of the legal systems of Germany Israel France and the United States This thought provoking book brings the often opposing demands of religious and secular freedoms into clear focus **The Book of Mormon and Basic Christian Doctrine** Paul Gassmann, 2014-08-18 This book is a look at the Book of Mormon from a view of is it true or can it be true The author spent

more than 20 years working on this and was constantly revising it      Constitutional Law and Politics of Secession Antoni Abat i Ninet, 2023-07-31 This collection presents an analysis of the concept of secession and its constitutional accommodation alongside an assessment of the effects of secession in constitutional and international law The work proposes a new approach and insights into the existing literature that fill a gap from multidisciplinary and transdisciplinary perspectives The book approaches the topics of secession constitutionalism and their relationship from both theoretical and empirical perspectives including the analysis of particular secessionist examples such as Catalonia the Basque Country Tigray the Palestinian minority in Israel Bosnia and Herzegovina and the Mapuche Nation from a comparative constitutional perspective Elucidating these issues from different methodological and conceptual perspectives produces novelties in the scientific and constitutional debate The interplay between constitutions constitutional law and secession is indeed explored from philosophical socio legal but also from strict constitutional law outlooks Written by constitutional and public international law experts the book will be of interest to students academics and researchers working in the areas of constitutional law legal theory theory of the state philosophy of law and political science      **Judicial Review of Administrative Action** Swati Jhaveri, Michael Ramsden, 2021-03-18 Explores the English origins of the principles of judicial review in common law jurisdictions and autochthonous pressures for their adaptation      **A Basic Dictionary of Bible People** Julien Chilcott-Monk, 2004 Chronological charts and family trees enable readers to make connections and gain an overview of the whole history of Gods people      **Israel** Alan Dowty, 2021-05-28 How did a community of a few thousand Jewish refugees become in little over a century a modern nation state and homeland of half the world s Jews Has modern Israel fulfilled the Zionist vision of becoming a nation like other nations or is it still in Biblical terms a people that dwells alone Alan Dowty distils over half a century of study as an inside outside analyst of Israel in tracing this remarkable story It begins in the waning days of the Ottoman Empire when Jews fleeing Russian persecution established a renewed Jewish presence in their historic homeland It continues through harsh struggle and in deep rooted conflict with another people that sees Israel Palestine equally as their homeland Immensely successful by most standards Israel today remains a center of contention and is still torn between its hard earned role as a normal nation and the call of its particularistic and unique Jewish history
